MAYOR'S OFFICE,  
PITTSBURGH, PA., May 18, 1906.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—Referring to the resolution of Councils in regard to the action of the Monongahela Water Company, passed May 14, 1906, I have the honor to inform you that prior to the passage of the resolution referred to, I had, upon the complaint of a large number of property owners and residents on the Southside, referred the matter to W. B. Rodgers, Esq., City Attorney, for investigation.

After conferences between Mr. Rodgers and attorneys of the Monongahela Water Company and between a committee of said company and myself, the Board of Directors of the company at its meeting held this 18th day of May, passed two resolutions, copies of which are attached hereto for your information.

These resolutions duly certified have been delivered to me by the company.

The contract between the city and the company provides that at the expiration of 21 years from the date of the ordinance authorizing it (to-wit: December 14, 1885) appraisers may be appointed to appraise the works of the company, and that the city shall have the right to purchase the said works "at the appraised value thereof, subject to deduction for any

credits in the sinking funds of said company or otherwise for its redemption," provided it is done within six months from the date; otherwise the contract is to continue from year to year thereafter until the works are appraised and purchased.

In view of the shortness of the time allowed for the appraisal and the determination of the city to act thereunder, and of the fact that it would be difficult, if not impossible, to make any proper appraisal during the winter months, I think it advisable for the city to accept the proposition of the company to apply for appraisers and proceed with the appraisal of the works at once.

For that purpose I would respectfully recommend Councils by resolution to authorize the Mayor to join with the company in an application to Court for the appointment of appraisers.

When the appraisal has been made the city will be in a position to determine what course it will pursue.

I am very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Whereas, Heretofore and on April 26, 1906, at a meeting of the board a schedule of rates for water for the year beginning April 1, 1906, was presented, but the board did not examine the details of the same, and the schedule was approved under a misapprehension of facts and under the belief that the said schedule was in accordance with the terms of the contract between the City of Pittsburgh and this company, dated December 23, 1885; and

Whereas, A controversy has arisen as to the right of this company to adopt said schedule of rates as it did on April 26, 1906; and while this company believes it had and has such right under the terms of the said contract, yet, under all the circumstances, it is not deemed expedient to engage in a controversy over the same; now, be it

Resolved, That we hereby rescind the said schedule of rates adopted April 26, 1906, and we hereby adopt as our rates for the year beginning April 1, 1906, the same schedule of rates the City of Pittsburgh established by its ordinance dated March 5, 1906, including the provision for meters, and our Treasurer be and he is hereby instructed to refund to the different parties who have paid the same any excess rate over the rate hereby established, paid since April 1, 1906; and that a copy of this resolution be published in the daily newspapers of the City of Pittsburgh.

Resolved, That a committee consisting of Messrs. B. F. Jones, Jr., J. D. Lyon and J. W. Scully are hereby appointed to take up with the Mayor of the City of Pittsburgh the purchase by the city, under the contract of December 23, 1885, of our works, and full power is hereby given said committee to take all such steps as they shall think proper in connection therewith and incur such expenses by the hiring of experts and otherwise as they shall think

proper; and that the treasurer of this company is hereby ordered to pay all bills O. K'd by the committee.

MAYOR'S OFFICE,

PITTSBURGH, PA., May 18, 1906.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—I have the honor to submit herewith bids received from the Allegheny County Light Company for furnishing lights for the streets, etc., of the City of Pittsburgh, with arc lamps for the fiscal year beginning February 1, 1906.

These bids, both from the same company (one for that portion of the city between the Allegheny and Monongahela rivers and the other for that portion of the city south of the Monongahela and Ohio rivers), are the only bids received by the Department of Public Works in response to the advertisement calling for bids for this purpose.

In view of the amount asked by the company I did not award the contract, and submit the matter to your honorable bodies for consideration and such action as you may think best.

In my opinion, the price asked is too high and in excess of the reasonable value of the service called for. This is especially true in regard to the price asked for furnishing light by underground wires.

You will observe that the company asks \$96.00 per annum for each lamp where the current is supplied from the underground system and \$80.00 per annum where the current is supplied from the overhead system. The effect of this is either to force the city to abandon the policy of compelling all corporations engaged in furnishing electric power to place their wires underground (a policy which is believed to be essential for public safety) or to pay for the change itself.

The city has the right under its contract with this company to require it to furnish electric power for the use of the city at 75 per cent. of the price charged private consumers.

As there is no competition for the furnishing of electric power to the city for this purpose, the city, if it desires to continue lighting its streets with electric power, must either accept these bids or avail itself of its right under the contract referred to and call upon the company to furnish lights on the terms provided. A question of this kind should, it seems to me, be determined by the legislative department of the city, and for that reason I submit the matter to you.

As already stated, in my opinion, the price demanded by the company is excessive. In the absence of sufficient information as to the price charged by it to private consumers it is impossible for me to say what it would cost the city if it elected to take light from the company on the terms specified in the contract above referred to.

At the same time, it seems to me to be the proper course for this city to avail itself of its right under the contract. We will then be able to ascertain exactly what can be done under present conditions.

If the result should show that the city cannot get electric light at a proper price, either by bids or by its contract, it will then be the

duty of the proper authorities to decide, whether the best interests of the city and its taxpayers will not be promoted by the installation of a municipal plant.

I respectfully call your attention to the fact, that nearly four months of the current fiscal year has already elapsed and therefore prompt action is desirable.

I am,

Very respectfully yours,  
Geo. W. GUTHRIE,  
Mayor.

The Chair presented

No. 211

June 4, 1906.

Gentlemen:—

I have the honor to return herewith, without my signature, C. C. Resolution No. 190, directing "The Director of the Department of Public Works to forthwith raze the buildings on the ground purchased by the City on S. Twenty-second street, and place the said grounds in such condition that it may be used as a public playground until such time as the City may take the same for an approach to the S. Twenty-second street bridge (for which it was purchased), a park or the proposed S. S. branch of the Carnegie Library."

There is no money available to pay the cost of the work proposed and no probability of obtaining any for that purpose until the next appropriation ordinance. It would, therefore, be useless to order the work done "forthwith," as the Department of Public Works, having no money for the purpose, would be unable to comply with the direction.

It is possible that contractors might be found who would be willing to remove the buildings for the material. This, however, is uncertain; but even if it could be done it would leave the ground in a dangerous and unsightly condition without any means of placing it in condition for a public playground.

Moreover, two of the properties, one 192x120 feet and the other 96x120 feet, were acquired by the City subject to a lease to the Munhall Lumber Company, and the lessee is still in possession and the lease will not expire until April 1st, 1907. A third lot (on S. Twenty-second street) belonged to one P. M. Pfell, who, I am informed, has not yet accepted the purchase money or surrendered possession to the City.

A compliance with the resolution is, therefore, impossible.

Permit me to call your attention to the facts concerning this property:

The property was acquired by the City some time since to provide an approach to the S. Twenty-second street bridge. When the present Director of the Department of Public Works took charge he found that some of the houses on the property had been partly dismantled and others were occupied by persons who did not pay the City anything for the privilege. As there had been no action of Councils authorizing the removal of the buildings in order to make it available for the purpose for which it was acquired or directing any other disposition of the property, and as there was no probability of securing money for such purpose until the next appropriation ordinance, the Director thought it his duty to secure tenants who would protect the buildings and make the property productive to the City.

As will appear by the list hereto attached, the Director has secured proper and satisfactory tenants for the property, who will make their own repairs and pay water rents, and in addition thereto, pay the City rent at the rate of \$322.17 per month, making a total rental for the year of \$3,866.00. All the tenants understand that their occupation of the premises, unless extended next year must cease May 1st next, which would enable the City to commence work promptly next season, if it is directed and an appropriation made for it.

This action was taken by the Director, and approved by me before the passage of the resolution herewith returned had been introduced in your bodies and without any knowledge on our part that anything of the kind was in contemplation. It was in my judgment necessary and proper; it made the property productive to the City and saved it from further dilapidation and from becoming a resort for disorderly characters and a public nuisance.

Personally, I have no desire to obstruct any action tending to secure "public playgrounds for the people," and I do not think that the placing of

tenants in this property temporarily will have any such result. Should you hereafter decide that the property is not required as an approach to the bridge and determine to appropriate it for a playground, park or library site, the action of the Director of the Department of Public Works hereinbefore explained will not delay or obstruct the work in any degree.

In the meantime, having the property occupied by good tenants who keep it in good order and pay rent therefor is a benefit both to the neighborhood and the City at large.

In this connection it is proper to say that this property was acquired by the

City in order to furnish a proper approach to the Twenty-second street bridge and was supposed at the time to be necessary for that purpose. Before incurring any expense on the property not consistent with this purpose, or diverting it to any other use, it would be advisable in my judgment to ascertain definitely, that it is not necessary for the purpose for which it was required.

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

To the Common Council of the City of Pittsburgh.

PITTSBURGH, June 1, 1906.

C. C. No. 190.

Whereas, The City of Pittsburgh, under a bond issue, raised money for the purchase of property on South Twenty-second street, between Carson and Wharton streets, for an approach to the South Twenty-second street bridge, which was in reality intended by the promoters thereof to be for a better approach to said bridge and a public playground, or park; and

Whereas, The said property has been purchased for some time, and is now in such condition that it is a detriment to business people, and property in that immediate neighborhood, and there being no playground or park in that section of the city, where it is built up and surrounded by iron and steel mills, glass and other factories, and where it is more necessary than any other owned by the city for the health of the people that there should be an open space or breathing spot for those who toil in such mills and factories; therefore,

Resolved, By the Select and Common Councils of the City of Pittsburgh, that the Director of the Department of Public Works be directed to forthwith to raze the buildings on the ground purchased by the city on South Twenty-second street, and place the said ground in such condition that it may be used as a public playground until such time that the city take the same for an approach to South Twenty-second street bridge (for which it was purchased) a park, or the proposed South Side branch of the Carnegie Library.

Which was read.

And on the question, "Shall the resolution become a law, notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

June 11th, 1906.

Gentlemen:—

I have the honor to return herewith, without my approval, C. C. Resolution No. 65, authorizing warrant in favor of Edwin Pease for \$114.50 "for injuries received July 11th, 1905, by accident caused by unmanageable team attached to Truck F."

The City Solicitor advises me that there is neither "A legal or moral obligation on the part of the city" to pay this claim. In view of this advice, I do not feel justified in approving the resolution herewith returned.

The resolution does not indicate the character of the injuries, or how they were received, or that they were occasioned by the negligence of the City or any of its employees.

To undertake the payment of claims arbitrarily asserted, without any proof of legal or moral liability on the part of the City, without even a statement of either the character of the injuries or the manner in which they were incurred is not, to my mind, prudent.

The Courts have held that the City has the right to appropriate money in discharge of a moral obligation, but when neither legal nor moral obligation exists, there is no right to make such an appropriation.

I am, very respectfully yours.

GEO. W. GUTHRIE.

Mayor.

Ayes—41.

Noes—1.

And a majority of the votes of Common Council being in the affirmative, the resolution passed by a three-fifth vote, notwithstanding the objections of the Mayor.

And the Clerk was directed to message the same to Select Council.

The Chair arose and stated that Common Council would now take up the trial of **Samuel Frankel**, and read the following charge:

C. C. No. 153.

Resolution presented in Common Council of the City of Pittsburgh on the fourteenth day of May, 1906.

Whereas, A joint committee of the Select and Common Councils, appointed under authority of a resolution dated the thirtieth day of April, 1906, has investigated and reported on the conduct of **Samuel Frankel** member of Common Council for the Eighth ward of the City of Pittsburgh, and has recommended the expulsion of the said Samuel Frankel:

Now, therefore, be it resolved, That the said **Samuel Frankel** be notified to appear before this Common Council in the Common Council chamber on Monday, the twenty-first day of May, 1906, at 7:30 o'clock P. M., to show cause why he should not be expelled, the consideration of such expulsion to be based on the following charges:

1. That he has been guilty of certain acts contrary to the law and public decency.

2. That he has aided and abetted in the creation and maintenance of bawdy houses, or houses of prostitution.

3. That he has been guilty of offense of extortion.

4. That he has been guilty of corrupt practices and offenses against the public decency and welfare, such as to render him wholly unfit to sit as a member of your honorable body.

And be it further resolved. That a copy of this resolution be given to the said **Samuel Frankel**, that he may the more properly prepare and defend himself.

The Chair asked:

Mr. Frankel have you been notified of this case, and are you ready to proceed?

Mr. Frankel rose and answered, yes, sir.

Mr. Haymaker: As a matter of record for the protection of Mr. Frankel, whom I represent, I here protest against this proceeding on the ground that this body has no right to investigate the charges preferred later than April 2, 1904, or for want of jurisdiction.

Mr. Anderson moved

That the charges be limited, to begin April 2, 1904.

Mr. Forrest moved to amend

By limiting the charges to when Mr. Frankel first became a member of Council in April, 1904.

Upon which motion Mr. Gulland demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Q. On the 12th of next July you will have had your present stand two years?

A. Yes.

Q. From whom did you purchase that stand?

A. William Frankel.

Q. William Frankel?

A. Yes, sir.

Q. Is William Frankel a brother of Samuel Frankel?

A. Yes, sir.

Q. What business was William Frankel conducting at that stand at the time of your purchase?

A. Basket business.

Q. And have you continued the basket business?

A. Yes, sir. That is, that business is made part of it; there is part of that stand that we handled different things on at different times of the year.

Q. What rent are you paying for that stand?

A. Four dollars a week.

Q. Have you had any business transaction growing out of that purchase of that stand with Samuel Frankel, a member of Council?

A. Yes, sir.

Q. Will you state to this committee what that was?

A. After I bought the stand from William Frankel, the Councilman come down and told me that he had a lease on that stand, and in order to stay there I would have to pay \$15 a week, which I done from the time I purchased the stand until about the first of December.

Q. You say that at the time you purchased the stand Councilman Frankel saw you and told you you would have to pay \$15 a week in order to have the stand?

A. Yes, sir.

Q. And did you pay the \$15 a week?

A. I did.

Q. Is that in addition to the rent?

A. Yes, sir.

Q. And you paid the rent to whom?

A. To the City Clerk.

Q. And what was that rent?

A. Four dollars a week.

Q. And that \$15 a week, to whom did you pay that?

A. I paid it to William Frankel.

Q. Did you pay it to William Frankel for Samuel Frankel?

By Mr. Haymaker:

He knows personally, and not from anything that William Frankel told him?

By Mr. Drew:

Yes, He has stated that Frankel told him he would have to pay this \$15 a week, and he says he paid it to William Frankel for Samuel Frankel. He paid it with that understanding.

By Mr. Haymaker:

I object to any understanding that the witness may have on the subject that is based on some arrangement between him and William Frankel

By Mr. Drew:

Q. Did you pay this money to William Frankel for Samuel Frankel?

A. Yes, I paid it for that purpose.  
Q. And how long did you continue to pay that \$15 a week?

A. To the first of December.  
Q. Did you continue to pay this money from July to December; \$15 a week?

A. Yes, sir.  
Q. And from that time, why did you discontinue the payment?

A. Because I couldn't afford it.  
Q. You couldn't afford to pay it any longer?

A. No, sir.  
Q. Do you know in all how much you paid at \$15?

A. In the neighborhood of \$300; something like that.  
Q. And when you stopped these payments, what, if anything, happened?

A. Councilman Frankel came around and paid a week's rent to the Market Clerk and told him to put me out on the following Monday morning.

Q. And then what?  
A. Then I went up to see Councilman Frankel and I spoke to him about it, and he told me he had nothing to do with the place.

Q. And what, if anything, happened then? Were you dispossessed?

A. No, sir, I wasn't.  
Q. You continued in possession of the stand and have the stand at the present time?

A. Yes, sir.  
Q. Did you receive any notice from the Market Clerk to give up possession after you had had that talk?

A. No, sir.  
Q. You had no conversation with him?

A. No, sir.  
Q. Did you get any notice to leave from the Market Clerk?

A. None, with that exception. And he came around and told me I ought to see Samuel Frankel; that I didn't have to pay a rent and that Mr. Frankel told him that he wanted me dispossessed the following Monday, for he wanted the room. I would have to get out.

Q. Was it Market Clerk Lewis who made that statement?

A. Yes, sir.  
Q. In July?

A. This was about in February. I had not paid for December and January, and this was in February that I was to be dispossessed.

Q. When you purchased that stand, what arrangement had you with William Frankel as regards the stand; did you buy it?

A. I gave him \$125 for the goods that he had there.

Q. You paid him \$125 for the goods he had there in his stand?

A. I did.  
Q. Now, in brief, what did those goods consist of for which you paid \$125?

A. It consisted of some of the stock that he had there—baskets, and at the time I first got there, during the summer, I generally handled some soft drinks. There was a bowl there, and counter.

Q. What, in your judgment, was the real value of the goods which you found there when you paid \$125 for the stand?

A. I think perhaps \$40 or \$50.  
Q. And you paid \$125 for what you considered a value of \$40?

A. No, sir.  
Q. Would you swear that you paid full price for what you got?

A. I considered the place, yielding what it did, worth the other \$75.

Q. Did you at any time pay this \$15 a week direct to Mr. Samuel Frankel?

A. No, sir.  
Cross-examination.

By Mr. Haymaker:  
Q. Mr. Friedman, do you know who had this stand before you bought it?

A. William Frankel.  
Q. Was William Frankel in partnership with a man by the name of Mathews?

A. I don't know anything about that.  
Q. When did you buy this stand?

A. I couldn't say the exact date, but it was some time in July.

Q. July two years ago?  
A. Yes, sir.  
Q. And you bought the stand from whom?

A. William Frankel.  
Q. William Frankel. And where did you transact this business?

A. Right at the stand.  
Q. And you have been in partnership with William Frankel for some time?

A. No, sir.  
Q. Well, you had been working for him there?

A. Yes, sir.  
Q. How long had you been working for him?

A. Two or three weeks. Something like that.

Q. You had been working long enough to have some acquaintance with the general business?

A. A little.  
Q. And you knew the customers. I suppose?

A. That is a business that don't have what you would call regular customers, just transient.

Q. Just transient. Where did you make the contract or arrangement with William Frankel?

A. I made it at the stand.

Q. And Councilman Frankel wasn't there?

A. No.

Q. And Councilman Frankel wasn't called in, so far as you know, for the purpose of having anything to say on the question of the price of the stand?

A. No. Not that I know of.

Q. And you didn't consult Councilman Frankel about the purchase of that stand?

A. No, sir.

Q. And you and William Frankel agreed upon the price?

A. Yes, sir.

Q. And you thought it was a fair price when you paid the money?

A. Yes, sir.

Q. And you paid it to William?

A. Yes, sir.

Q. And you don't know, personally, that Councilman Frankel ever got any of that—from any knowledge that you possess yourself?

A. With the exception that he told me I would have to pay it and—

Q. Pay what?

A. The \$15 a week.

Q. William Frankel collected it.

A. Yes, sir.

Q. And you don't know that Samuel Frankel ever got a dollar?

A. Not that I know of.

Q. Then you say you began to pay the \$15 a week after that?

A. Yes, sir.

Q. That was the arrangement that you made with William Frankel?

A. No, sir.

Q. With whom?

A. Councilman Frankel.

Q. You arranged with Councilman Frankel that you were to pay \$15 a week and you were to pay it to William?

A. Well, I couldn't — I can't state exactly the words I had with Councilman Frankel, but he told me this, but he never came down after that money himself.

Q. Where was it that Samuel Frankel told you you would have to pay \$15 a week?

A. At the stand.

Q. At the stand. Was that after you had purchased the stand?

A. Yes, sir.

Q. But he didn't say you had to pay it to him?

A. I can't remember the exact words, whether he said I would have to pay it to him or not. I think it was, though.

Q. You are drawing on your imagination, are you not?

A. I don't think that I am.

Q. Did you think after that you were under any legal obligation to pay the money to William Frankel?

A. I did.

Q. Why didn't you pay it to Samuel?

A. He sent somebody else after that.

Q. Who did he send?

A. His brother came down and asked for the money.

Q. How did you know he sent him?

A. I don't suppose he would ask me for it if he hadn't.

Q. You supposed that because the man that you had bought out came for \$15 a month, therefore that he had been sent by Councilman Frankel?

A. I certainly do.

Q. But that is only an inference of your own, isn't it? Councilman Frankel never told you William was to draw the money for him?

A. No, he didn't. But William, he got the \$15, and I gave it to him knowing that he was the brother of the Councilman; I thought it was going directly to the Councilman.

Q. Simply you thought so, but you possess no knowledge on the subject as a fact?

A. So far as I am concerned, I am convinced of it.

Q. That is, you have succeeded in convincing yourself?

A. Well, I don't think anybody can succeed in convincing me in any other way.

Q. Will you tell this committee how you know that the \$15 went to Samuel Frankel?

A. Well, I think that when I made an agreement with a man and pay the money and he gets it, or his agent gets it, I am pretty sure he got it.

Q. How do you know he was the agent of Samuel Frankel?

A. Well, knowing his brother, and coming down asking me for that money, I knew it went to the Councilman.

Q. Just because he was a brother of Councilman Frankel and asked for the money, that therefore he was acting as the agent for Samuel Frankel?

A. Yes, sir.

Q. That is the way you reached that conclusion?

A. Yes, sir.

Q. That is the only basis of your conclusion?

A. I have no doubt of it.

Q. Did you take a receipt for the money?

A. Yes, sir.

Q. You made the payments, I understand, from July to December?

A. Yes, sir.

Q. Did you pay that regularly, every month?

A. I paid William Frankel every week; sometimes for several weeks.

Q. Did you meet Samuel Frankel at various times after that?

A. Well, he came past the stand several times after that.

Q. He came past the stand several times after that; you didn't ask him whether William gave him the money or not?

A. No, I never did.

Q. Although you saw Samuel Frankel frequently, you never asked him whether or not his brother was paying over the money that you gave him?

A. No, I never did.

Q. And you never endeavored to find out whether William was regularly paying the money to Councilman Frankel, did you?

A. No.

Q. You have no knowledge that Samuel Frankel knew—no personal knowledge that Samuel Frankel ever got a dollar of this money?

A. Well, I never seen him get it.

Q. Well, you have no knowledge from ever having seen it, that it went to Samuel Frankel?

A. No. I paid it to his brother.

Q. Yes. You paid it to his brother. You paid this \$15 to the man that you bought out, didn't you?

A. I did.

Q. Yes. Samuel Frankel has never talked to you since the transaction with his brother, has he?

A. Not that I know of, no.

Q. No. Not that you know of?

A. Well, I spoke to him around the time I was about to be put out of the stand. He said he had nothing to do with it.

Q. When you came down to see him with regard to your expulsion from the stand, he told you he had nothing to do with it?

A. Yes, sir.

Q. So far as you know, that is correct?

A. Yes, sir.

Re-direct Examination by Mr. Drew.

Q. How long after you had ceased making these payments of \$15 a week, did you see Mr. Frankel?

A. Three months, or thereabouts.

Q. Three months. This \$125. was that paid at the time you took possession?

A. No, sir, not all at once. No.

Q. How was that paid?

A. There was a couple of bills, and the balance I paid him in two or three months. I don't know what the payments were.

Q. Did you pay that in addition to the \$15 a week?

A. Yes, sir.

Q. Then how much, in all, did you pay to Frankel growing out of the transactions you had about this stand?

A. About \$425.

Re-cross examination.

Q. Mr. Friedman, you say that three months after you began to make these payments you saw Mr. Frankel?

A. After I stopped making these payments.

Q. I understood you to say that you met Mr. Frankel after you had been paying for three months?

A. After I had stopped paying for three months.

DAVID H. LEWIS, sworn.

Direct examination by Mr. Drew.

Q. Mr. Lewis, are you the Marek Clerk of the City of Pittsburgh?

A. Yes, sir.

Q. And you have charge of that market and all those stands around there for the City of Pittsburgh?

A. Yes, sir.

Q. Do you know this stand which Hyman Friedman has at the present time?

A. Yes, sir.

Q. Did he purchase that stand from William Frankel?

A. I don't know anything about that.

Q. Was William Frankel in possession of that stand immediately prior to the time that Friedman took possession?

A. I think William Frankel and Mr. Friedman were there together. That is Mr. Friedman—Mr. Friedman, I think, was acting as clerk for Mr. Frankel.

Q. Do you know if William Frankel was the owner of the stand prior to the time Friedman began to pay you rent for it?

A. Yes, that was my understanding.

Q. Do you know anything of the purchase of the stand by Friedman from Frankel?

A. Nothing whatever.

Q. At any time Friedman began to pay rent for the stand has Samuel Frankel come to you with regard to that stand?

A. At any time since?

Q. Yes?

A. Yes.

Q. What, if anything, did he say to you about that stand?

A. He came to the office and gave me \$4 for the rent of the stand for one week, and told me that he wanted the stand for another party and that I was to put Friedman off.

Q. Put him out?

A. Put him out, yes.

Q. Do you know when that was?

A. The last day of February.

Q. The last day of February of which year?

A. The last year, or this last February. Oh, no. A year ago.

Q. A year ago last February?

A. Of 1905.

Q. In February, 1905, he came to you and gave you \$4 and told you to put Friedman out; is that right?

A. That he wanted the stand for a friend of his.

Q. And did you accept the \$4 and agree to put this man out?

A. I didn't agree to put him out, but I accepted the \$4.

Q. Why did you take that \$4?

A. Because I expected a confirming order from City Hall, and I never got that.

Q. Was the \$4 returned to Councilman Frankel?

A. No, sir.

Q. Did you have a conversation with Mr. Hyman Friedman regarding the conversation which you have just stated you had with Councilman Frankel?

A. How is that?

Q. Did you later talk with Friedman regarding what Councilman Frankel had said to you?

A. That is about moving him off the stand? Yes, I told him that he in all probability would have to vacate the stand; that Mr. Frankel had been up to the office and paid me a week's rent.

Q. And did Mr. Frankel frequently do these things?

A. No, that was the only time.

Q. What rent does Friedman pay for this stand?

A. \$4 a week.

Q. Four dollars a week; did you think that he could afford to pay \$19 a week for that stand?

Objected to.

By Mr. Drew:

I will withdraw the question. Cross-examine.

Cross examination by Mr. Haymaker:

Q. You say that Mr. Frankel paid you that in February, 1905?

A. Yes, sir.

Q. Do you know who he wanted the stand for?

A. Yes, sir.

Q. For whom?

A. For a Mr. A. S. Able.

Q. And Able wanted the stand, too, I believe?

A. I don't know. I don't ever remember seeing Mr. Able.

Q. Mr. Frankel asked you for any other stand that you might have at your disposal, at the same time, didn't he?

A. I don't remember.

Q. Do you remember that he said to you that if he could not get that stand, that he would take any other stand that was at your disposal at that time?

A. No, I don't remember anything about that.

Q. It might have happened and you fail to remember it?

A. It might. I don't recall it. But he did ask me for that stand for Mr. Able.

By Mr. Drew:

Q. You are very certain that he did not speak about any other stand?

A. No, I can't answer that question. Positively no.

MISS JENNIE M. HYSER, sworn.

Examination by Mr. Drew:

Q. What is your full name?

A. Jennie M. Heyser. Jennie May.

Q. Are you a married woman?

A. I have been married.

Q. Mrs. Hyser, then?

A. Yes.

Q. Where do you live?

A. 1034 Fifth avenue.

Q. Do you know Samuel Frankel?

A. Yes, sir.

Q. How long have you known him?

A. I think about twelve or fifteen years.

Q. Have you had any transactions—business or otherwise—with him?

A. Yes, sir; I bought furniture of Mr. Frankel.

Q. Have you had any business transactions with him during the last two or three years?

A. I have not had any business transactions with Mr. Frankel except paying on a bill that I contracted in 1901.

Q. Now, just let me know what that was?

Objected to.

Q. Have you had any business transactions whatever with Councilman Frankel since April 1st, 1904?

A. No, sir; the only thing was, I tried to pay a delinquent debt as fast as I could. I have made some payments but I have not contracted one penny of debt since 1901. This is a delinquent debt.

Q. Have you paid him any money since 1904?

A. I have paid him money this year.

Q. How much money have you paid him since 1904?

A. Well, I just couldn't tell that amount. It is, I think, I paid over \$45.

Q. You say that you paid him this year—

A. \$45.

Q. Do you remember how much you paid him last year?

A. I did not pay him anything for two years, I was in very straitened circumstances.

Q. And for what purposes did you make those payments?

A. On furniture.

Q. Which he had sold you?

A. He had sold me; yes, sir.

Q. Did you transfer any building and loan stock to Councilman Frankel last year?

A. No, sir. He asked me to do that and my friends objected, and then I didn't transfer it.

Q. When did he ask you to transfer your building and loan stock to him?

A. At the early part of the year.

Q. And you refused to do so?

A. My friends refused to let me do so.

Q. What was that stock worth?

A. About \$240.

Q. Did he in any way threaten you when you refused to transfer that stock?

A. No, sir.

Q. What did he say to you when you refused to turn over that stock to him?

A. He said he had waited long enough for the back bill, which was true, and he wanted me to pay in that way more speedily, and pay \$10 a week until it was paid, for the unpaid balance.

Q. Did he say he would fix you if you didn't?

Objected to.

Q. Just state what, if any, conversation you had with Councilman Frankel at the time he requested you to turn over your building and loan stock?

A. I really couldn't remember the very words. I am of a very nervous disposition. I have been troubled with nervous prostration. I couldn't satisfy the bill and I couldn't remember positively what he said. I would be afraid of telling some untruth.

Q. Have you any diamonds, Mrs. Hyser?

A. Very few.

Q. Has Mr. Frankel any diamonds belonging to you?

A. He has two rings, yes, sir.

Q. Just how did he become possessed of those jewels?

By Mr. Haymaker:

Q. When did he get those rings?

A. I disremember—more than three years ago.

By Mr. Haymaker:

I object to it.

By Mr. Drew:

Q. When did he get those rings?

A. That is what the lawyer said; it is more than three years since he got them. I borrowed the money for my rent.

Cross examination by Mr. Haymaker.

Q. Mrs. Hyser, you bought a bill of furniture from the Macer Furniture Company about five or six years ago?

A. In 1900.

Q. Was that bought on May 26th 1900?

A. I disremember the date; I have got the bills.

Objected to.

Q. Mrs. Hyser, you say you paid him \$45 this year?

A. Yes, sir.

Q. And you owed him the money?

A. Yes, sir.

A. It was an honest bill?

A. According to the contract.

Q. And it was an honest bill?

A. Yes, sir.

Q. And you still owe Mr. Frankel about \$300 or \$400?

A. I don't know just what, without looking at my papers.

Q. You know it is a large amount. Isn't that right?

A. Yes, sir.

Q. And you would pay him the balance if you had the money?

A. I would pay him the balance if I had the money, yes, sir.

SADIE DUDLEY, sworn.

Direct examination by Mr. Drew.

Q. What is your full name, Miss Dudley?

A. Sadie Dudley.

Q. Where do you live?

A. I am stopping now with a friend of mine in Ross street.

Q. Did you ever live at 41 Tunnel street, this city?

A. Yes, sir, I did.

Q. When were you living there?

A. I just moved from there in April—last April.

Q. How long had you been there?

A. I had lived there for a year, till the first of April.

Q. From whom did you lease that house?

A. I didn't lease it at all. It was a gentleman by the name of Nickens leased it for me.

Q. From whom?

A. From the Aronson Realty Company.

Q. Did you find it necessary to send this man Nickens to the Aronson Realty Company in order to get that house?

A. I was sick in bed at that time and I heard they wanted a man to sign the lease.

Q. Had you been told that they would not rent the house to you?

A. Yes, sir. That is, that they had to have a man to sign the lease.

Q. And what was the name of this man that you sent to sign the lease?

A. James Nickens is his name.

Q. Who is he?

A. He is a gentleman who roomed with me when I lived on — street, that is all I know.

Q. Who appeared as your lessor in that lease?

A. Sir?

Q. Who appeared as the owner of the property?

By Mr. Haymaker: Have you the lease? You ought to produce it.

By Mr. Drew: I haven't got the lease.

By Mr. Haymaker: They ought to have it. The best evidence of what appears on that lease is the production of the lease. It is certainly very unfair that Mr. Frankel should be prejudiced by what she recollects with reference to that lease when it is capable of production.

By Mr. Drew: I am not ready to admit that it is capable of production. I will ask the witness this question.

Q. Have you the lease for those premises at 41 Tunnel street?

A. No, sir, I have not.

Mr. Haymaker: Mr. Carroll is in the room and can be called.

By Mr. Drew: Do you know who has that lease?

Mr. Carroll: I gave it to Mr. McQuaide.

By Mr. Drew: When did you give it to Mr. McQuaide?

Mr. Carroll: I don't just remember, but it was since the troubles came on.

By Mr. Drew:

Q. I will go back to my original question: Who was your lessor under that lease?

By Mr. Haymaker: That is a matter I think Council should pass on.

By the President: I will state that she has made the statement that she didn't lease the property; she sent an agent for her to lease it, and how could she answer the question as to who the lessor is?

By Mr. Drew: She can answer if it is within her knowledge.

By the President: I should judge she could not say who the lessor was unless she transacted the business.

By Mr. Drew: But we will show that she had the lease in her possession, although it was necessary to send a man to get the premise for her.

By the President: You may ask the question whether she has the lease.

By Mr. Drew:

Q. Have you the lease?

A. It is in the hands of Attorney John Marron. It will be produced tomorrow.

Q. How much did you pay for that house?

A. \$75 a month.

Q. And how long were you in possession?

A. Well, about three weeks in April, when I moved in it was three weeks cleaning up after I moved in, but I had possession from the first of April.

Q. Of 1906?

A. Yes, sir.

Q. And you moved out when?

A. I think it was the second week in April; I won't be positive about that.

Q. Had you not re-leased these premises through another party for another year from the first of April, 1906?

A. Yes, sir.

Q. Then why did you move shortly after having rented the premises for another year?

A. Well, there was a gentleman by the name of Berman came to me and told me that the house, had changed hands and they were gathering up all the old leases and that they wanted me to move.

Q. Who was he?

A. I don't know, only that he works at the Merchant Trust Company.

By Mr. Haymaker:

Q. The Mercantile Trust Company?

A. Yes, sir.

Q. Did he say that he represented any one?

Objected to.

Q. Did he say that he represented any one?

A. No, sir, he didn't.

Q. Were you given any consideration for moving out of that property before the expiration of your lease?

A. Well, he gave me \$150 to move out of it.

Q. And did he also agree to pay the storage on your furniture?

A. Yes, sir, that was for two months.

Q. And was your furniture stored at Shanahan's?

A. Yes, sir.

Q. And you have the receipts for the furniture?

A. I have a bill of lading.

Q. Showing the storage of the furniture?

A. Yes, sir.

Q. How did you come to rent the property at 41 Tunnel street?

A. Well, I had been living down on the corner of Water and Grant and the 1st of April every one had to move, so I had to live some place and I was looking for a house to take any that I got.

Q. And you sent a man by the name of Nickens to the Aronson Realty Company and he rented that place for you?

A. Yes, sir.

Q. Did you conduct that place as a sporting house?

A. No, sir.

Q. Have you been in that business?

A. I have. Yes, sir.

Q. For what purpose did you ever use the property at 41 Tunnel street?

A. For a rooming house.

Q. How many girls did you keep, if any?

A. I didn't keep any at all.

Q. Was Councilman Frankel ever in that house while you were there?

A. I wasn't at home; once before I moved in.

By Mr. Haymaker: Unless she saw him.

The witness: No, I didn't see him.

Q. You never saw him in the house while you were there? Was he your landlord?

Mr. Haymaker: That depends upon the lease. The body has passed upon that question. The best evidence of who her landlord is is the production of the lease?

Q. Have you ever visited the Aronson Realty Company in reference to taking that house?

A. Ever visited it?

Q. Yes.

A. Only once.

Q. Who did you see there?

A. Why, I was talking to Mr. Levy, I think it was.

Q. What did he say to you?

Objected to.

By Mr. Drew: I will withdraw the question. Cross examine.

Cross examination by Mr. Haymaker.

Q. How many rooms in that house?

A. Ten.

Q. When did you begin to pay \$75 a month for it?

A. Well, the first was \$55 owing to the dirt in the cellar.

Q. After that regularly, \$75?

A. Yes, sir.

Q. From the time you went in there first?

A. No. The first month's was from April to May, that was \$55; \$20 taken off for the removing of the dirt from the cellar.

Q. You went in there what year?

A. 1905.

Q. 1905. Last April a year ago?

A. Yes, sir.

Q. And you paid your rent to the Aronson Realty Company?

A. Yes, sir.

Q. Did they come to the house for it, or did you go down to their house?

A. They used to send a man around, but I used to either send it down or take it down myself. Once I paid to an agent, at the house.

Q. You say Mr. Berman came around to see you about your moving out?

A. Yes, sir.

Q. Mr. Berman represented some trust company?

A. Yes, sir. I didn't know at the time what company.

Q. But he didn't represent Mr. Frankel?

A. Not to my knowledge.

Q. He didn't represent the Aronson Realty Company?

A. Not to my knowledge.

Q. And the \$150 paid to you for removal wasn't paid by Mr. Frankel?

A. No, not to my knowledge.

Q. You have no knowledge that he had anything to do with it?

A. No.

Re-direct examination by Mr. Drew:

Q. Did you say that you had never seen Mr. Frankel at this place?

A. I have never seen him there; no, sir.

Q. Did you once have a conversation with him in regard to the repairing the roof of the house?

A. Yes, sir. He was on the other side of the street.

Q. And you went across the street to see him, did you?

A. Yes, sir.

Q. What did you say to him?

A. They must have a new roof put on the house. I was under a heavy rent, and it was leaking all over the house and had spoilt two cellings. So I spoke to Mr. Frankel about it and asked him if he would repair it, and he said yes, he would see about it.

Q. He told you he would attend to it?

A. Yes, sir.

Re-cross examination by Mr. Haymaker:

Q. He said he would see about it?

A. Yes, sir.

Q. He was passing along the street?

A. Yes, sir, and I called.

Q. You called. That was the first time you ever saw Mr. Frankel?

A. It wasn't the first time I ever saw him.

Q. The first time you ever spoke to him?

A. Since I lived in that house.

Q. You never knew Mr. Frankel, except by sight?

A. Just by sight.

Q. Never had any conversation with him except that once?

A. Concerning the house; that is all.

Q. Mr. Frankel never had any opportunity of knowing, so far as you know about the character of the house?

A. No, sir.

Q. You had furnished rooms that you rented out?

A. Yes, sir.

Q. To anybody that would pay you the rent?

A. I kept them to rent to transient trade.

Q. Transient trade?

A. Yes, sir.

Mr. Gulland moved

That Council decide whether Sadie Dudley be permitted to answer as to her personal knowledge as to who was the lessor of the lease.

Upon which motion Mr. McKelvey demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Which motion did not prevail.

So the answer was not permitted.

DANIEL S. LEVY, sworn.

Examination by Mr. Drew:

Q. Mr. Levy, I believe you are employed by the Aronson Realty Company?

A. Yes, sir.

Q. Were you the renting agent for that company?

A. Yes, sir.

Q. Did you make a lease for the property at 41 Tunnel street from Samuel Frankel to one James Nickens?

A. Yee.

Q. You did?

A. Yes.

Q. When was that?

A. For the year 1905.

Q. Is Samuel Frankel the owner of the property at 41 Tunnel street?

A. No, sir.

Q. How then did the lease come to be made from Mr. Frankel to a tenant?

A. He sub-let it.

Objected to

Objection withdrawn.

Cross examination by Mr. Haymaker:

Q. Mr. Levy, you represent the Aronson Realty Company?

A. Yes.

Q. You prepared the lease?

A. I had it prepared.

Q. You had it prepared by some one in your office?

A. Yes, sir.

Q. And the woman came to your office to transact the business?

A. No, sir.

Q. Where was it transacted?

A. In the office.

Q. She came to your office?

A. No.

Q. How did she get there?

A. We never leased it to her; we do not know her.

Q. You leased to whom?

A. Mr. Nickens.

Q. Her name does not appear in the lease at all?

A. No, sir.

Q. And who was Mr. Nickens?

A. He is employed at the Hotel Antler.

Q. What is his business?

A. Head waiter.

Q. Waiter at what hotel?

A. The Hotel Antler.

Q. And it was he that leased the premises?

A. Yes, sir.

Q. Did he come to your house?

A. Yes, sir.

Q. Did you make any inquiry as to who he was and what his business was?

A. We did.

Q. I believe it is a fact that Mr. Frankel was the sub-agent for that property?

A. Yes, sir.

Q. Do you know who owned the property?

A. I do.

Q. Who?

A. Mr. Kirk—David M. Kirk.

Q. Mr. Frankel leased the premises from Mr. Kirk?

A. Yes, sir.

Q. And then he put it in your hands for leasing?

A. It was in several agents' hands.  
 Q. But it finally reached your hands?  
 A. Yes.  
 Q. And Mr. Nickens came and rented it—leased it from you?  
 A. Yes, sir.  
 Q. Mr. Frankel knew nothing about the tenant?  
 A. I don't know whether he did or not.  
 Q. And you believed that Nickens was all right?  
 A. I believe so still.  
 Q. You believe so still? Had you anything to do with this woman getting possession of the house?  
 A. I think it was last February or March this woman came into the office and wanted to rent it, and I refused to give it to her and told her the property was rented by Mr. Nickens, and Mr. Nickens had the privilege of another year. She told me that Mr. Nickens was in New York and couldn't sign the lease, and I told her then she could not have the place. About a week afterwards she brought a letter in which Mr. Nickens said that his wife, Sadie Dudley, occupied the premises, and a friend of his by the name of Kelly would sign the lease for the ensuing year; that he could not come to the city.  
 Q. Then it was signed by Kelly?  
 A. For this year.  
 Q. And of that Mr. Frankel had no knowledge?  
 A. No.  
 Q. Is it not a fact, Mr. Levy, that Mr. Frankel always insisted that you would be careful as to the moral character of any tenant that might take possession of those premises?  
 A. Mr. Frankel asked us to investigate the tenants and satisfy ourselves that they were all right.  
 Q. He asked you to investigate the tenants and ascertain that they were all right, and you understood by that as to their moral character?  
 A. Certainly; yes.  
 Q. And you tried to do that?  
 A. I think we did that.  
 Q. You think you did?  
 A. Yes.  
 Q. At any rate, whatever was done, was done by you and not by Mr. Frankel personally? As a matter of fact?  
 A. Mr. Frankel had nothing to do with it.  
 By Mr. Drew:  
 Q. Is it a custom in your office to refuse to rent to women of this kind?  
 A. It is—of what kind?  
 Q. Women who are keepers of sporting houses?  
 A. I don't know that this woman keeps a sporting house.  
 Q. You were never informed of it?

A. No.  
 Q. No? Is it a custom of your office to have men sign the leases for women of this kind?  
 A. It is not.  
 Q. When she came to your office and stated that Mr. Nickens was not in the city, did you tell her she would have to get a man to sign the lease in order to get a renewal of it? You didn't do that?  
 A. No, sir. Mr. Nickens had a renewal for another year on that lease.  
 Q. He didn't come in to renew?  
 A. He wrote us a letter to renew it for his wife, Sadie Dudley, and Mr. Kelly would sign the lease, and allow Mr. Kelly to sign it.  
 Q. What was the rent that was paid for that house?  
 A. \$75.  
 Q. \$75?  
 A. I couldn't state what amount Mr. Frankel paid to Mr. Kirk for the property.  
 Q. You don't know that?  
 A. No.  
 By Mr. Haymaker:  
 Q. What rent was paid prior to the time that Nickens rented it?  
 A. The same rent.  
 By Mr. Drew:  
 Q. And who occupied prior to that time?  
 A. The first floor was occupied by a Chinese restaurant, and paid \$30; the upper floor was a dwelling, and the rent was \$45.  
 Q. How many rooms in that house?  
 A. Ten or eleven.  
 MARTHA NEGLEY, called.  
 Witness did not appear.  
 W. J. SIEFERT, sworn.  
 Examination by Mr. Drew:  
 Q. Mr. Siefert, you are an officer of the police force of the City of Pittsburgh?  
 A. Yes, sir.  
 Q. Did I give you a subpoena to-day to be served upon Martha Negley?  
 A. Yes, sir.  
 Q. Have you made a search for her?  
 A. Yes, sir.  
 Q. Did you find her?  
 A. No, sir.  
 Q. Did you get any information concerning her?  
 A. She is in the city, but I couldn't locate her. She had left her house and went down to the city, and I couldn't find her, although I searched all around for her.

That the reading of the minutes of the previous meeting be dispensed with.

Which motion prevailed.

Mr. McKelvey called up

C. C. No. 156. Resolution authorizing the issuing of a warrant in favor of Thos. McNally Company for \$4,270.36, extra work done in the reconstruction and improvement of Scheukey Oval, under contract No. 723, and charge same to Appropriation No. 36, Bureau of Parks.

In Common Council May 28, 1906. Read a first time.

Which was read a second time and agreed to.

Mr. McKelvey moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read the third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes—Messrs.

Brand, President.

Ayes—40.

Noes—None.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally by a two-thirds vote.

And the Clerk was directed to message the same to Select Council for concurrence.

The Chair stated that Council would now proceed with the trial of Samuel Frankel.

(Reported by F. E. Fairman.)

SADIE DUDLEY, sworn:

Examination by Mr. Drew.

Mr. Drew:

I now offer in evidence a lease from S. Frankel to James E. Nickens, made on the 19th of January, 1906.

Also a second lease from S. Frankel to John Kelly, made on the 29th of January, 1906.

Q. Is this lease by virtue of which you were holding possession of the property at 41 Tunnel street during the past year, this is, prior to the first of last April?

A. Yes, sir. At least one like it.

Q. Well, look at the signature to that lease and see if you recognize the signature of James E. Nickens who, you testified, had signed it?

A. This is typewritten. I don't know his signature at all.

Q. What?

A. This is typewritten. I don't know this signature at all.

Q. To the lease, I mean.

A. Oh, that might be.

Q. Is it?

A. Yes, sir.

Q. Is that the signature of James E. Nickens?

A. I guess it looks like it.

Q. And is this the lease by which you have been holding those premises at 41 Tunnel street from the first of April to the time that you vacated those premises?

A. Well, as I said, I was sick, and I never saw it. I don't know what it was like.

By Mr. Haymaker:

Let me see those papers.

By Mr. Drew:

Q. I believe before you went to this property on Tunnel street you were keeping a house on Grant and Water street?

A. Yes, sir.

Q. Did you testify that you left that place because the house was closed?

A. Because everybody had to move.

Q. And then you went and got this house at 41 Tunnel street?

A. I guess I got it, yes, sir.

Q. You say you got it?

A. Yes, sir.

Q. And what sort of a place did you keep there?

A. A rooming house.

Q. And how many rooms had you?

A. Ten.

Q. And how did you rent those rooms?

A. Two I rented by the week, and two I rented for assignation trade.

Q. Rented for the assignation trade? Two of them you rented, to men and women?

A. Men.

Q. Did you pay the \$75 rental yourself, or was it paid for you by another person?

A. Sometimes I paid it, and sometimes I got it.

Q. But you always paid the rent yourself?

A. I gave the money, of course.

Q. It was your money that paid the rent?

A. Certainly, who else's money?

Cross Examination.

By Mr. Haymaker:

Q. Where was the house in which you lived before you went to Tunnel street?

A. Water and Grant.

Q. How long ago was it?

A. The year previous.

Q. And you were on Tunnel street for how long?

A. For about a year.

Q. And this was the year previous?

A. Yes, sir.

Q. Mr. Frankel knew nothing about your other house at all?

A. Not to my knowledge.

Q. Mr. Frankel would not know what kind of a house you kept before you went to Tunnel street?

A. No, sir. No more than anybody else.

Q. These leases are signed by the Aronson Realty Company as agents of Mr. Frankel?

A. Yes, sir, I guess so.

Q. Mr. Frankel's name does not appear here in his own handwriting?

A. I wasn't there when they were signed. I don't know anything about who signed them.

By Mr. Haymaker:

Mr. Drew, have you a letter that was pinned on this lease; have you got it?

By Mr. Drew:

Yes, sir.

(Letter handed Mr. Haymaker.)

By Mr. Haymaker:

Q. I show you a letter. Is that the signature or handwriting of Mr. Nickens?

A. Yes, sir.

Q. You stated that in answer to the question by the City Solicitor; you said that you kept an assignation house. Where was that?

A. I said I kept a rooming house, for roomers, and two or three rooms I rented out as assignation trade.

Q. Where?

A. 41 Tunnel street.

Q. Why didn't you say right away that you rented those rooms for assignation purposes?

A. Because I wasn't asked. He asked me if I kept a sporting house there and I said no.

Q. You simply made a distinction between a sporting house and an assignation house?

A. Isn't that true?

Q. I am not an expert; I don't know.

A. Well.

Q. Have you been talking to the city solicitor since the last meeting?

A. No, sir, I have not.

Q. Well, he was talking to you here on the subject of what you testified here to-night?

A. No, sir.

Q. Were you in the office of the City Solicitor to-night?

A. No, sir, I was not.

Q. Have you talked with anybody since the last meeting on the subject of this case?

A. No, sir.

Q. The last night that you were here this question was asked you: "Did you conduct that place as a sporting house?" and you answered: "No, sir?"

A. Yes, sir; I wasn't quite well. I might be wrong; I don't know.

Q. Was the question not asked you the last night: "For what purpose did you use the property at 41 Tunnel street?" and didn't you answer: "For a rooming house?"

A. They asked me if I used that as a sporting house.

Q. Was this question not asked you: "For what purpose did you ever use that property at 41 Tunnel street," and didn't you answer "For a rooming house?"

A. I say that yet.

Q. Were you not asked the question: "How many girls did you keep, if any?" and your answer: "I didn't keep any at all."

A. Neither I did.

Q. When you said a rooming house, last night, did you mean an assignation house?

A. No, sir; not altogether. I was asked if I kept a bawdy house there, and I said I kept a rooming house.

Q. They asked you for what purpose you kept this property and you said a rooming house?

A. I did keep a rooming house. I had some roomers, and rented rooms for assignation purposes.

By Mr. Drew:

Q. Have you seen and read the letter which Mr. Haymaker has in his hands, to the Aronson Realty Company, from your friend Nickens in New York, asking them to give you the lease, and to allow John Kelly to sign it?

A. Yes, sir; last year I seen it.

Q. You have seen that letter?

A. Yes, sir.

MARTHA NEGLEY, sworn.

Examination by Mr. Drew:

Q. What is your name?

A. Martha Negley.

Q. And where do you live, Miss Negley?

A. At the present time I live at 51 Collwell street, Seventh ward.

Q. How long have you been there?

A. Two weeks.

Q. How long since you used to live at 1322 Caldwell street?

A. Since the 8th of May.

Q. It was on the 8th of May that you left 1322 Caldwell street?

A. Yes, sir.

By Mr. Drew:

I will offer in evidence a lease from H. B. Ashe to E. Barron, made on the 11th of January, 1906, and I will ask if this is the lease by virtue of which you had possession of those premises 1322 Caldwell street?

A. It is.

Q. This E. Barron mentioned in the lease is he a man who you had sign the lease for you?

A. Yes.

By Mr. Haymaker:

What is the purpose of those questions; do you intend to connect Mr. Frankel with it?

By Mr. Drew:

Yes, I am going to try to do that.

Q. Did you find that it was necessary to get a man to sign the lease in order to secure these premises?

By Mr. Haymaker:

I object. Mr. Frankel has no control over those premises, and so far as that house is concerned and should not be held responsible. Suppose it was necessary to get some man to sign that lease, in what way is Mr. Frankel responsible for that?

Mr. Drew:

That is right. I will withdraw that question.

Q. Do you know Councilman Frankel, Miss Negley?

A. I do.

Q. How long have you known him?

A. I don't know just when I first met him; several years.

Q. Did you rent this property through a real estate firm?

A. I did.

Q. What firm was it?

A. W. J. Tener & Company.

Q. Is their office in Fourth avenue?

A. It is in the Arrott Building. It was at 318 Fourth avenue at the time I rented the house.

Q. When you made application for this lease, were you given the proper at once, or given to understand that you could secure it?

By Mr. Haymaker:

I object to this.

By Mr. Drew:

I am leading up to what I was leading to when—

Mr. Haymaker:

I object to any personal question. Let her tell what the facts were.

By Mr. Drew:

I will withdraw that question, to keep the record straight.

Q. When you went to the real estate office to rent this property at 1322 Caldwell street, did you secure it at that time; on the first visit?

A. No. I had been for the house several weeks before, I got it. I went direct to the landlord and he referred me to the real estate people.

Q. And when you went to the real estate people the first time, what did they say to you?

By Mr. Haymaker:

I object to what they said.

By Mr. Drew:

Q. What did you say to them?

A. I said I wanted the house; to get it.

Q. And why did you not get it at that time?

A. At the time some other woman wanted the house and they hadn't given her a decided answer—Mary Gray.

Q. And then after several weeks did you return?

A. I did.

Q. And what did you say then?

A. Less than several weeks; several days.

Q. How much later was it?

A. Three days.

Q. What did you say then?

A. Simply said I could have the house.

Q. At that time did you meet Mr. Frankel in the office of the real estate company?

A. He was in the office the day I was there. Yes.

Q. Was he there when you went into the office?

A. No, he was not.

Q. What member of the firm of Tener & Company did you have your conversation with about this property?

A. Mr. Irwin.

Q. Did Mr. Irwin send for Mr. Frankel?

Mr. Haymaker:

Now wait; unless she knows that, it wouldn't be fair.

By Mr. Drew:

I hope that she will not answer it unless she knows of herself on that, that he did so.

Q. I will ask you, Miss Negley, if you know, did Mr. Irwin send for Mr. Frankel after you had gone into the office on your second visit for the purpose of renting this property?

A. I think he did.

By Mr. Haymaker:

That is just the objection. She says she thinks so, and there is no way of proving it. They must call Mr. Irwin

here for the purpose of testifying what he did.

Mr. Drew:

Perhaps the witness can tell us how she knows.

Q. You say you think Mr. Irwin called for Mr. Frankel, what makes you think so?

A. He said he had 'phoned him; that is all I know about it.

By Mr. Haymaker:

That is just why I object to it, if Your Honor please. She has only knowledge of what somebody told her.

By Mr. Brand:

If she does not know of her own positive knowledge, I do not think the question is relevant to this case.

By Mr. Drew:

Q. How long were you in the office prior to the time that Mr. Frankel came in on this second visit?

A. I don't remember.

Q. Do you remember if you waited fifteen minutes, or an hour, or did you wait at all?

A. I waited, but I don't know how long.

Q. Were you in the private office?

A. I was not.

Q. Do you know did Mr. Irwin telephone for Mr. Frankel?

By Mr. Haymaker:

Unless she knows it. Unless she was at both ends of the telephone I don't think it is fair.

By Mr. Drew:

I don't think it would be necessary to go as far as that. If she heard this man call for Frankel and ask if Mr. Frankel was at the other end, and a little while later Mr. Frankel came in, in response to that, it is presumable that he came in response to such a message.

By Mr. Haymaker:

You could not prove it that way in court. I am sure you would not.

By Mr. Drew:

I think that is a fair question, Mr. President. If she heard him calling up on the telephone she may answer.

A. I didn't hear him ask for Mr. Frankel's number, nor did I hear him ask for Mr. Frankel. How do I know who he had on the telephone.

Q. You don't know then that Mr. Irwin called Mr. Frankel at all on the telephone while you were there?

A. He was supposed to have called him. Whether he did or not I couldn't swear to it.

Q. Was the telephone in the room where you were?

A. It was.

Q. You don't know how long you waited until Mr. Frankel came in?

A. I don't. I was in the office several times and went out and was back again.

Q. When Mr. Frankel did finally come in, where you present at any conversation between him and Mr. Irwin?

A. I was, but I didn't overhear it, nor what they were talking about.

Q. Why couldn't you hear?

A. Because they were not speaking loud, or close to me. They were at one end of the room.

Q. Was it a large room?

A. Rather large; yes.

Q. Did they move away from you in order to have that conversation?

A. They didn't, because they were not near me at the beginning. I was sitting there.

Q. Did Mr. Frankel say anything to you?

A. He did not.

Q. Did you say anything to him?

A. I did not.

Q. After this conversation which you witnessed but did not hear, between Mr. Frankel and Mr. Irwin, did Mr. Frankel go out?

A. He did.

Q. And then what did Mr. Irwin say to you?

By Mr. Haymaker:

I object to that.

By Mr. Drew:

I will withdraw the question.

Q. Did Mr. Irwin then say—

By Mr. Haymaker:

I object.

By Mr. Drew:

Q. Did you then get a lease for these premises?

A. I did not. I was told to come back. I was told to call at the office later.

Q. And you called?

A. I did.

Q. And then what?

A. They said they would draw up the lease, and for me to come back and sign it.

Q. Did they say that they would give you a lease, personally?

A. They did until the time came to sign it; they said I would have to have a man's name on the lease.

Q. And then you got this E. Barron to sign the lease for you?

A. I did.

Q. For what purpose did you rent that property, Miss Negley?

A. To keep a sporting house and rooming house.

Q. Did you rent it for assignation purposes?

A. I used it for that.

Cross Examination.

By Mr. Haymaker.

Q. Where did you say Tener & Company's real estate office was?

A. 318 Fourth avenue.

Q. Do you know who the owner of the premises is that you rented at that time?

A. I think Dr. Ashe.

Q. Doctor Ashe. I believe there was an information made against Dr. Ashe for renting that house to you?

A. There was.

MRS. ELLA READE, sworn:

Examination by Mr. Drew:

Q. Mrs. Reade, where are you living now?

A. Well, I prefer not to tell.

Q. Very well. I will respect your wishes in the matter, are you living privately now?

A. Yes, sir.

Q. How long since is it, since you kept what is called a sporting house?

A. Last September.

Q. Last September?

A. Yes, sir.

Q. Will you state where that was?

A. 1401 Colwell street.

Q. Do you know Councilman Samuel Frankel?

A. Yes, sir.

Q. During the last two years, or two years and a half, have you had any business with him?

A. Yes, sir.

Q. Will you state what they were?

Mr. Haymaker:

Is it within two years and three months? Since Mr. Frankel became a member of Councils?

By President Brand:

Two years last April?

Mr. Drew:

Q. Is it within two years since last April?

A. Yes, sir; in April, 1904.

By Mr. Haymaker:

Two years and three months ago?

Mr. Drew:

Q. These transactions happened during the last two years and three months.

Mrs. Reade?

A. That is what I cannot say.

Q. Have these things happened since Mr. Frankel became a member of Councils of the City of Pittsburg?

A. No, I don't think it was; if he has only been a councilman two years it certainly has not.

Q. Two years and three months he has been a member of Councils; don't you know when these things were happening if Mr. Frankel was a Councilman?

A. I don't think so, if he was a Councilman only two years ago.

Q. Two years and two months. Where were you living at the time these things happened?

A. What things do you mean?

Q. These business transactions that you were about to tell about?

A. 1322 Colwell street.

Q. How long have you lived there?

A. I lived there two years.

Q. Just when did you go there to live?

A. Three years last spring.

Q. And how long had you been there you had some business relations with Mr. Frankel?

A. Just when I moved in there.

Q. And how long would that be from the present time?

A. That would be three years?

Q. It would be?

A. Yes, sir.

Q. You are perfectly certain of that?

A. Yes.

Q. You haven't any doubt about it?

A. No, sir.

By Mr. Drew:

We will have to excuse you then.

SAMUEL FRANKEL:

Direct Examination.

By Mr. Haymaker:

A. Mr. Frankel, just for the purpose of getting in on the record, when were you elected to Councils the first time?

A. February, 1904.

Q. And you were elected Councilman the last time when?

A. February of 1906.

Q. And the last time, I believe, you had no opposition; were on all the tickets?

A. No, sir.

Q. Isn't that right?

A. No, sir.

Q. I say isn't that right?

A. Yes, sir; I didn't have any opposition.

Q. Are you a married, or a single man?

A. Married.

Q. Have you a family?

A. Yes, sir.

Q. And living with your family?

A. Yes, sir.

Q. Where?

A. 165 Fulton street, Pittsburg.

Q. Are you acquainted with Tymen Friedman?

A. Not acquainted more than I have seen him around there; didn't see him much before.

Q. Did you know of him having a stand in the Pittsburg market at one time?

A. No, sir, not from the beginning when he got it.

Q. Not when he got it at first?

A. No, sir.

Q. Do you know with whom he was doing business at first?

A. Didn't know from the beginning but I knew it after; with my brother William Frankel.

Q. Did you have any interest in the sale of that stand to Friedman?

A. No, sir.

Q. Did you receive any money from Friedman for that stand?

A. No, sir.

Q. Did you receive any money through your brother for that stand?

A. No, sir.

Q. Did you ever receive any money, or anything of value whatever from anybody for the use of that stand used by Friedman?

A. No, sir.

Q. Was there any arrangement made by which you were to get fifteen dollars a month—

Mr. Drew:

A week.

Mr. Haymaker:

Q. For use of that stand?

A. Not as I know of.

Q. Did you ever have any understanding with your brother of any kind if you were to get any money for the use of that stand?

A. No, sir; not a dollar.

Q. Did I understand you to say that you never did get a dollar?

A. Never.

Q. Did you say this to Friedman: that you had a lease on that stand and in order to stay there he would have to pay fifteen dollars a week to you?

A. I never talked to the man, and in fact the last night he said I never talked to the man. I never seen him before.

Q. Did you see him after December of last year at any time upon the street or at other places?

A. No, sir. I remember one day at a meeting up here in this room—I do remember what the meeting was—he came up to me and offered me three hundred dollars (\$300.00), and I told him I had nothing to do with it; didn't know what he meant, and I didn't recognize him.

Q. Did he call on you at one time with reference to that stand?

A. Yes, sir. He did call, as I say, up here when we had a meeting here, and he wanted to talk to me about it, and I told him I didn't know anything about him, and didn't know what he meant.

Q. Did you ever ask your brother for any money?

A. No, sir.

Q. Is your brother in any way indebted to you for the use of that stand?

A. Never. I didn't know from the beginning that he got anything to do with it, until after he got out of it.

Q. Mr. Lewis, the market clerk, testified something with reference to your paying four dollars (\$4.00) for the use of that stand; how did that come about, Mr. Frankel?

A. I asked Mr. Lewis one day if he has any stand there, no matter what stand. I don't remember whether it was February or March. I was looking for a friend of mine that was looking to sell flowers or what not, and asked him if he has any stand which can spare for him. He didn't know. I asked him for this stand; he says he will see about it. I said I am able to pay four dollars (\$4.00), and he gave him four dollars, and he gave me a receipt in his name.

Q. There was a Miss Jennie Hyser testified the other night—I am not going to extensively Mr. Frankel—did she owe you any money at the time she paid you forty-five dollars?

A. Why, if the brother Councilmen will allow me, I will just state the case. Mrs. Jennie Tyser—

Q. You will probably be limited to two years and three months. Did she pay you forty-five dollars within two years?

A. Yes, sir. It was the balance of five hundred and eighteen dollars and Mrs. Hyser paid forty-five dollars.

Q. Was that on account of an actual indebtedness she owed?

A. There was a debt of sixteen hundred dollars; there was a balance of five hundred and eighteen dollars.

Q. That transaction began how long ago?

A. 1900; May the 26th.

Q. 1900, six years ago?

A. Yes, sir.

Q. She owes you the balance of how much?

A. Balance of four hundred and sixty-three dollars.

Q. Four hundred and sixty-three dollars?

A. Yes, sir.

Q. You know Sadie Dudley, the colored lady that testified last Thursday and to-night?

A. I know Miss Dudley to see her.

Q. Did you know anything about the house that she kept before she moved to Tunnel street?

A. No, sir.

Q. Did you know that she kept a house there at all?

A. No, sir.

Q. Did you know anything about her before she moved into 41 Tunnel street?

A. No, sir.

Q. Mr. Frankel, who was the owner of 41 Tunnel street?

A. Why, this is something which I would ask the permission of the brother Councilmen to explain this case in this house.

Mr. Drew:

For what purpose?

Mr. Haymaker:

Q. Wait a minute; you might take too long, and we want to get through.

A. Just a couple of minutes.

Q. Just answer the question; who was the owner?

A. David Kirk.

Q. Where does he live?

A. Why he lives on Twenty-second street, his office is in the Park Building, ninth floor—in the Frick Building.

Q. What is his business?

A. Why, I guess the oil business.

Q. Did you at any time own this house?

A. I never. But I had the charge of it for the last twelve years. The house changed hands two or three times.

Q. Did you at any time sub-let the house for Mr. Kirk, or did you have simply the management of it?

A. No, I sub-let it for the last twelve years.

Q. You sub-let it for the last twelve years.

A. Yes, sir. When Mr. Kirk bought the house he had me attend take charge of it.

Q. When Mr. Kirk bought the house he turned it over to you for management?

A. Yes, sir.

Q. What business have you been in for the last ten or twelve years?

A. I have been for the last twelve years in the real estate business—buying and selling.

Q. Buying and selling real estate?

A. Buying and selling real estate. I have houses to sub-let on Fifth avenue, Forbes street, Third street, all around.

Q. When you sub-let the house for Mr. Kirk, did you know who was in it at any time?

A. I had charge of it ten years.

Q. Do you remember who was in it?

A. There was give tenants, all Jews; and seventy-eight dollars rent.

Q. It was occupied when it was sub-let to you, by Jews?

A. By Jews for ten years.

Q. And you got seventy-eight dollars a month?

A. Yes, sir.

Q. At the time that it became occupied by the Dudley woman, under whose management was this property?

A. It was vacant. I couldn't rent it and placed it in the hands of James H. Thompson and other real estate agents. Whoever rented that house was to have the renting of it. The real estate company rented to a Chinese for forty dollars, and the upper floor for thirty-eight dollars.

Q. At the time a Chinaman occupied it, it had been sub-let to you?

A. Yes, sir; the real estate company rented it.

Q. The Aronson Realty Company had been acting as agents for you when the Chinese had it, before Miss Dudley ever took possession?

A. Yes, sir.

Q. At the time the Aronson Realty Company rented the property to Miss Dudley, did you know to whom they had rented it?

A. I didn't know anything of the kind. At the time I didn't know the Chinese had moved out. The only reason I went into the real company and talked to Mr. Levy, the department manager and he tells me that the Chinese moved out. I said, "Now you are going to rent it, be careful who you rent it to." This is Tunnel street, remember.

Q. You made an inquiry as to the character of the tenant?

A. Yes, sir.

Q. Were you in the house at any time, 41 Tunnel street?

A. I remember that I passed by once, and have seen the windows open and somebody cleaning house. I went in there and I found about three boys cleaning house, and I just looked over the house. I went out and I never passed by the house again.

Q. Did you know anything about the character of the Dudley woman, when she took possession of that house?

A. I never knew anything about it, because the repairs was to be by the landlord; and if there is anything in the house to be repaired, the landlord repaired it.

Q. I wish you would state whether or not you asked any city official to investigate the character of that house at any time?

A. Yes, sir.

Q. Who?

A. After I was in the Aronson Realty Company and they told me that they rented that house for seventy-five dol-

lars, and asked of Levy did you investigate who you were renting it to, and he told me the man was working for chef, or whatever it is, in the Henry Hotel, and I think he is all right. Anyhow, I asked him did you rent it to one family or two or three? He said one family. The location, Tunnel street, made me say be careful, now, remember this is Tunnel street, and paying seventy-five dollars; I didn't think much of it.

Q. Now, did you see any city official with reference to that place?

A. I went to Superintendent Wallace once.

Q. What did you say to him?

A. I asked Superintendent Wallace: "Just send, will you please, and investigate what is in this 41 Tunnel street. If you think it isn't right, send around the wagon and close the house. He told me to come four or five days later. I asked him, and he says he didn't do anything yet; that he didn't send any person. I told him: "If you didn't then I as a citizen demand it. I asking you to do that. He told me that he would see about it. In a couple of days he said he would investigate it and that there wasn't anything in it. It is a rooming house. So after a while I thought it was all right.

Q. Mr. Frankel, had you anything to do with the Dudley woman moving out last January?

A. When Mr. Kirk took possession of the house I had the house for sub-letting. I had a lease with a thirty days clause in. He canceled that lease and got it. Mr. Kirk asked me to get him the lease back.

Q. When?

A. Why, it was in the last days, I guess, of April.

Mr. Drew:

I will have to object to anything that Mr. Kirk said to Mr. Frankel. Mr. Haymaker:

Q. Did you give up the lease to Mr. Kirk according to the terms of the lease?

A. Yes, sir.

Q. Had you anything to do with the payment of the one hundred and fifty dollars to the Dudley woman to move out?

A. No, sir; didn't do anything of the kind.

Q. Did you know that she was going to move out?

A. No, sir.

Q. Did you know that anybody was going to pay her one hundred and fifty dollars or one hundred and seventy five dollars?

A. I didn't know anything of the kind.

Q. Had you anything to do with Mr. Belman that represented the Trust Company?

A. I have nothing to do with Mr. Belman. He represents Mr. Kirk when the

lease was surrendered. I didn't have anything to do with the man at that time.

Q. If the money was paid to her by Berman, he was representing Mr. Kirk, and not you?

A. Not me.

Q. The Dudley woman said that she spoke to you one day about the repairing of the house, and that you said you would see about it. Do you remember anything about that?

A. Yes, sir. I remember I passed around from the side where the city stable is. The lady come over and she tells me she is living in 41 Tunnel street, and the roof is leaking. I said I would see the owner, and I telephoned Kirk. That is all I know about it.

Q. Do you know anything about what kind of a place she was running?

A. I don't know anything about it. Don't know; never was inside. After I got the Police Superintendent to go there I thought everything was all right.

Q. I show you two leases, Mr. Frankel, that have been offered in evidence; is that the signature of Aronson Realty Company?

A. I really don't know; I cannot testify myself. The house was in the Aronson's hands and I don't know who he has made it, and this is the first time I saw it.

Q. The name S. Frankel, was that written by you?

A. No, sir. I don't know how they are making out their leases.

#### Cross Examination.

By Mr. Drew:

Q. Mr. Frankel, what has been your business or occupation since you entered Councils?

A. Real estate.

Q. Do you mean by that that you sub-let houses and then rent them?

A. I mean by that that I am buying real estate and selling it. And renting houses and sub letting. This I have got yet, for the last ten or twelve years.

Q. And how many houses have you at the present time, in all?

A. What do you mean?

Q. How many houses do you have at the present time. You say you have been renting through Aronson's; have you any others?

A. Sometimes if they cannot rent, I place it with somebody else.

Q. And how many houses are you renting at the present time?

A. About a dozen; or more than a dozen.

Q. Do you own these dozen properties?

A. Not at all.

Q. Do you own any of them?

A. Yes, sir.

Q. You own real estate, some of it?

A. Yes, sir.

Q. And where are they situated?

A. On Center avenue.

Q. Are they all on Center avenue?

A. Some of them.

Q. Whereabouts on Center avenue?

A. 1864 and 1866.

Q. How are they rented?

A. Butcher shop; leaf tobacco store, and some others.

By Mr. Haymaker:

That is objected to. We have nothing to do with those houses. I do not know anything about them, but it certainly would be a great waste of time to go into the question of ten or twelve houses.

By Mr. Drew:

I don't think it will take long to go into ten or twelve houses. He has just testified that he has twelve.

Mr. Haymaker:

We are not concerned with anything except what has been testified to by the witness. I don't think it is cross examination.

Mr. Drew:

I think it is proper cross examination.

Mr. President.

President Brand:

The question was as to how many houses he owned and how they are occupied at the present time.

A. They are occupied; all good.

By President Brand:

You can answer, then.

A. The three houses on Center avenue are occupied by a leaf tobacco store, butcher store, another store, and five or six other tenants. It is not quite full; I could not tell just all what was there.

Q. Are any of these houses occupied for assignation purposes?

A. Not as I know, and as far as I know every tenant in the house is living there; decent people.

Q. Is it possible that in these other ten or twelve houses that you have there might be other than decent people?

A. No, sir. Will you permit me, gentlemen—I want to show you how careful I am and—

Q. Mr. Frankel, I believe you stated on examination that you did not know Mr. Friedman at the time that he sold his stand to your brother William?

A. I didn't know him at the time, and I never talked to him. And I don't know him now, just as I have seen him around here.

Q. Have you only been acquainted with him since the time he came to see you and afforded you three hundred dollars?

A. I have seen him a couple of times.

Q. How long was your brother in business down at that stand?

A. Well, two or three months, I think it is. I wouldn't tell you anything, because it was not my business. If I recollect, it was only a short time.

Q. Don't you know that Friedman worked for your brother down there for some time?

A. I don't know anything about it.

Q. Did you never go to see your brother?

A. No, sir.

Q. Never called at the stand?

A. My brother—I never went to see him there.

Q. But you knew that he had been there several months?

A. I don't know how long he was there.

Q. Do you know that he got \$125 for that stand?

A. I don't know how much he got for it.

Q. Didn't you go down there several days after William Frankel sold that stand, and tell Hymen Friedman that if he wished to remain he would have to pay you fifteen dollars a week?

A. I did not.

Q. Didn't you tell him that you had the lease of that stand and that he would have to pay you if he wanted to remain there?

A. I didn't ask him for it.

Q. Didn't you tell your brother William to go there and collect that fifteen dollars a week?

A. I never told my brother and never sent him. He attends to his own business; he is of age.

Q. You don't know that you sent him there for the purpose to see this man Friedman?

A. I don't know anything of it. I, he went there it was for himself.

Q. You said on examination that this man Friedman came to you here, somewhere about this corridor, and said something about giving you three hundred dollars?

A. He asked me about the stand and I just told him that I didn't have anything to do with it.

Q. What did he say?

A. I don't remember. I told him I had nothing whatever to do with it. I just listened to him for a few minutes and then I walked away.

Q. But he mentioned three hundred dollars?

A. I don't remember whether it was three or five hundred dollars.

Q. It was not important; you just waived him off and went away?

A. Yes, sir.

Q. Now, Mr. Lewis, the Market Clerk, has testified that you came to him and gave him four dollars for a week's rental for this Friedman stand and told you you wanted possession and to put the other fellow out; is that true, or is it not?

A. It is true as I told you, so far as I know.

Q. Is it true or is it not, that you gave him four dollars for this stand, and told him to put Friedman out?

A. I did give him; it was some bills he got.

Q. Did you give him four dollars and tell him to put this man out, or did you not?

A. I did not.

Q. Then when Mr. Lewis said you did, he is mistaken?

A. I don't know whether he is mistaken; I say I did not.

Q. It is not the truth?

A. I say whatever I know.

Q. Do you know when it was that you went and had this conversation with the Market Clerk?

A. I was not any important business. I don't remember. It was last year or the year before last; I am not certain; I won't swear to it. If I should have known, I would have marked it down.

Q. You don't know anything at all about the agreement your brother and Friedman about the purchase of this stand?

A. I don't know anything of it.

Q. About this house in Tunnel street, didn't you know Sadie Dudley before she became a tenant there?

A. I did not.

Q. Didn't you know that she was keeping a place on Water street?

A. I did not.

Q. Had you never seen her prior to the time of her becoming the tenant on 41 Tunnel street?

A. I did not.

Q. And don't you ever visit any of this property of yours for the purpose of finding out for your own information who occupies it and the character of the tenants?

A. If it is in my hands, that is another matter. If the house is in the agent's hands, the agent gets the commission for attending to the house and looking after it; he ought to know what is going on there when he is responsible—that is I think he is responsible to me.

Q. Now, you have sub-let that house for twelve years, Mr. Frankel?

A. Yes, sir.

Q. Would you mind telling what rent you paid for the house?

A. What rent I paid for the house?

Q. What rent do you pay to Mr. Kirk for 41 Tunnel street?

A. Yes, sir.

Q. What do you pay?

A. I pay one hundred and fifteen dollars.

Q. One hundred and fifteen dollars?

A. Yes, sir.

Q. What was that for?

A. For two houses, 41 and 43.

Q. Have you had both of those houses for twelve years?

A. For twelve years.

Q. And you have sub-let all that time?

A. Yes, sir; I paid that and ran my own chances if I made the rent. I paid the rent for it anyway.

Q. Now, you said something about having gone to see Mr. Wallace, while he was Superintendent of Police—

A. Yes, sir.

Q. And telling him to investigate the character of your tenants. Had you a suspicion at that time that this woman was not what she ought to be?

A. I had no suspicion of the woman. But I had my suspicions of Tunnel street. I wanted to find out what people were in there.

Q. And because the rent was entirely too high for the place?

A. I had seventy-eight dollars paid when Jews was living in there; there is ten rooms.

Q. At any time during the twelve years that you have been sub-letting those premises, had you occasion before to go to the Superintendent of Police to have him investigate the character of the tenants?

A. No, sir. Why, Mr. Drew, I am telling you, I didn't investigate the character of the woman, just simply the neighborhood.

Q. Have you any houses in the lower part of this city?

A. No, sir.

Q. Your property is entirely in the same street?

A. Yes, sir.

By Mr. Haymaker:

Q. Is your brother a married man?

A. Yes, sir.

Q. And living away from you?

A. Yes, sir.

Q. Transacting business entirely independently?

A. Yes, sir.

By Mr. Drew:

Q. Just one question: If you are in the real estate business, why didn't you handle this property yourself; what is the object of giving it to somebody else to rent?

A. I done that to five real estate offices; whoever answered it first got the renting of it; you will find sometimes five "To rent" signs in a house.

MR. ALEXANDER WALLACE, sworn.  
Direct Examination.

By Mr. Haymaker:

Q. You were Superintendent of Police for a while, in the City of Pittsburgh?

A. Yes, sir.

Q. Do you know Mr. Frankel?

A. Yes, sir.

Q. State whether Mr. Frankel called to see you with reference to the house No. 41 Tunnel street at any time?

A. He came to see me and asked me to investigate that place out there, 41 Tunnel street.

Q. Did you do it?

A. Yes, sir; I sent two of the men up there.

Q. What report did they make?

A. They reported to me that the place was all right.

Q. And did you so report to Mr. Frankel?

A. I so reported.

Q. When was this, Mr. Wallace?

A. I think it was about nine months ago.

Q. It was less than a year ago.

A. I think so.

Q. Who were the two men that you sent up, if you remember?

A. I think one was Denniston; I don't remember the other one.

Q. And they came back and made some sort of a report?

A. Just as I say.

Q. Just what, if you recall, Mr. Wallace?

A. Said it was a rooming house, and all right.

Q. Did they tell you who the tenant was?

A. Didn't ask them and they didn't tell me. I left it all to them.

Q. You have a very distinct recollection of Mr. Frankel seeing you about that matter?

A. Yes, sir.

WILLIAM FRANKEL, sworn.  
Direct Examination.

By Mr. Haymaker:

Q. What is your name?

A. William Frankel.

Q. Are you married or single?

A. Married.

Q. Where were you living—where have you been living during the last two or three years?

A. We'll, I lived in the Sixth ward, and I lived in the eighth.

Q. Do you know Friedman, the witness Hyman Friedman?

A. Yes, sir.

Q. Did you ever have a stand in the market with him at any time?

A. Yes, sir; I had a stand with Mr. Lazear.

Q. Did Lazear sell out to you?

A. No, sir; it was two years before that Mr. Lazear come over to me and says: "William, I have got a stand—I've got a privilege of a stand in the market and I haven't got much time to attend to it; if you'll run. I'll give you half, and see if we can't make something out of it. I says: "All right, I'll try it." I got hold of the stand and got Mr. Friedman to work for me. Mr. Friedman worked for me a few weeks, and I seen that we could make out anything out of it for me and Lazear and Mr. Friedman besides. And I come down there one night and I talked to Friedman, and I says: "Here, I can't make anything out of this." And Friedman says: "Why don't you sell that stand?" "What offer will you give me," I says. "I will give you four hundred and fifty dollars for it," he says. "I will sell you the stand for four hundred and fifty, I you've got any money," I says. He says: "Yes, I can give you seventy dollars now, and for the rest, I'll pay you fifteen dollars a week."

Q. And did you pay him the four hundred and fifty dollars—I mean did he pay you the four hundred and fifty dollars?

A. No, sir. He paid me seventy dollars at the first, and two hundred and forty dollars he paid weekly, fifteen dollars a week.

Q. What was that money for?

A. For the stand. The four hundred and fifty dollars he promised to pay for the stand.

Q. That was for the good will, I suppose?

A. For the goods I had there, and for the good will.

Q. What were the goods worth, do you suppose?

A. From two hundred to two hundred and fifty dollars.

Q. And the balance was for the good will of that stand?

A. Yes, sir.

Q. Did your brother Samuel Frankel have any business in that stand?

A. No, sir.

Q. Was any arrangement made by which you were to pay him any money for the stand monthly?

A. Pay who?

Q. Your brother.

A. No, sir.

Q. Did you at any time pay your brother Samuel Frankel any money on account of that stand?

A. No, sir.

Q. Did he ever demand any money from you?

A. No, sir.

Q. Did Friedman pay you these monthly installments behind time?

A. Some times he paid by the week, sometimes he paid once in two weeks.

Q. Did you give him a receipt for it?

A. No, sir.

Q. Did he ever ask you at any time whether you had paid over any of this money to Samuel Frankel?

A. No, sir.

Q. Did he ever make any inquiry on that subject?

A. No, sir.

Q. Did he ever say anything to you at any time that would give you reason to believe that he considered Samuel Frankel had any interest in the stand?

A. No, sir.

#### Cross Examination.

By Mr. Drew:

Q. What are you doing now?

A. Running a store.

Q. What kind of a store?

A. Retail tobacco.

Q. Where is your place of business?

A. On Fulton street.

Q. What did you pay for this stand when you bought it?

A. I got it from Mr. Lazear.

Q. How?

A. He gave me the privilege of the stand to make something out of it.

Q. He made you a present of it?

A. I was to attend to it and give him one-half of what we would make.

Q. Did you give him any money?

A. Sometimes just a dollar a week, sometimes eight, sometimes four. Whatever I got I gave him half.

Q. That was his half of the stand while you were there?

A. Yes, sir.

Q. And when you sold you were to get four hundred and fifty dollars for the stand?

A. Four hundred and fifty.

Q. What was that for?

A. I had bought two hundred and fifty dollars worth of goods and the rest for the good will of it.

Q. Just let us know what those goods were.

A. I had some cigars, baskets, candies—and such stuff like that.

Q. How much cigars had you in stock?

A. I don't remember how many thousand I had.

Q. And what do you think was the value of the stock?

A. Well, \$250 which I had there—

Q. For the cigars?

A. Cigars and baskets and candies.

Q. How many baskets did you have?

A. I don't remember how many dozen I had.

Q. What grade of candy, and how much did you have there?

A. I had a case full, about sixty dollars.

Q. Friedman says the stock was worth not more than fifty dollars; I suppose he was mistaken?

A. I suppose he was.

Q. He paid you seventy dollars at the time of the sale?

A. Yes, sir.

Q. And when did he pay the rest of that money?

A. Fifteen dollars a week.

Q. Continuously for how long?

A. About four months, I think.

Q. He didn't miss a payment in four months?

A. Sometimes he missed it, and paid the next week for two weeks.

Q. Then he was making more at that stand than you could make?

A. I had to pay him wages.

Q. What did you pay him?

A. \$10 to \$12 a week.

Q. Mr. Frankel, has he paid you all that he owes you?

A. No, sir.

Q. How much?

A. One hundred and forty dollars.

Q. How long is it since he ceased making these weekly payments?

A. Since I sold him the stand about the middle of July he kept on paying to the middle of October. Since then he hasn't paid.

Q. Has not paid since October? And since then?

A. I asked him a few times and he didn't pay.

Q. Where did you ask?

A. I asked him for the money at the stand?

Q. What did he say?

A. Why, he says he hasn't got it.

Q. Did he say he didn't owe you anything?

A. No, sir. He says he hasn't got the money; if he had it he would give it to me.

Q. And you have not brought suit against him, have you, for the amount?

A. No, sir. If the man ain't worth anything it's no use to bring suit against him.

Q. Didn't your brother, Councilman Frankel, tell you to go to him for fifteen dollars a week after you sold the stand?

A. No, sir; he had nothing to do with it.

Q. Didn't you sell the stand for one hundred and twenty-five dollars, and get one payment for that sum at once?

A. No, sir; seventy dollars I got the first payment.

Q. Didn't you go down there the first week after you sold the stand and he gave you fifteen dollars?

A. I did.

Q. And didn't you give that to your brother?

A. No, sir.

Q. Didn't he tell you that he had been down there and that Friedman was to pay fifteen dollars a week if he wanted to retain possession?

A. No, sir.

Q. And he never, in any way, told you to get fifteen dollars a week?

A. No, sir.

Q. Were you instrumental in having your brother go to the Market Clerk and tell him to take possession of that stand and remove Mr. Friedman if he did make the weekly payments?

A. No, sir.

Q. That is all.

Defendant rests.

By Mr. Haymaker:

I am willing to submit the case without any argument, if the counsel on the other side will agree to do so.

By Mr. Drew:

Yes, I will submit the case, I think that Councils understands the evidence that has been given.

By President Brand:

For the benefit of some of the members of Council who were unfortunate not to be present at the last evening, I don't know but what it would be wise to review the testimony for their benefit, in order to give them an opportunity to understand the case for them. I will endeavor to do that, with any objections of the attorneys on either side to correct me in case I should make a mistake. The case before us, gentlemen, is this; the charges against Councilman Samuel Frankel read as follows:

Gentlemen, the evidence that has been given by the prosecution, leading up to the fact of extortion, is by a gentleman, Mr. Friedman. He plainly states in his testimony that he made the agreement and arrangement with William Frankel and has carried out that contract; that the same was consummated between him and Mr. Frankel—William. In his evidence, he states that he believes that Samuel Frankel has got—had received—the money. It is a question of his belief. It is not a question of a positive fact in his testimony. And now, gentlemen, that is a matter for your consideration, as to whether he, in his testimony, has given you a reasonable question,

without any doubt in your mind, and whether his testimony is of such a character that it fully convinces you that and leaves no doubt in your mind. He does not testify that he ever paid Samuel Frankel any money for any purpose, but he believes that the money he paid to his brother William Frankel, was for Samuel Frankel, but had never made a contract with him to that effect.

Now, it is up to you, gentlemen, to take his testimony, and if you believe what he thinks, it is up to you to decide on your honor by the evidence that is given. But you have a perfect right to take into consideration the character of the witness.

Now, as far as being charged with aiding and abetting in the creation and maintenance of bawdy houses; we take the evidence of Miss Dudley, who testified she rented the house off the Aronson Realty Company. She states positively she never made any arrangement with Mr. Frankel, but rented entirely through the Aronson Realty Company; and if you, in your judgment and in your belief, believe that she rented it from Mr. Frankel after her statement that she had no connection with him whatever, it is up to you to judge as to what her evidence amounts to, so far as aiding and abetting bawdy houses is concerned.

The testimony of Mrs. Hysler, who testified she had business relations with Mr. Frankel, and states positively that she still is in debt to him on an honest debt that she had contracted several years ago and has not, on up to this present date been paid up; it has not been proven that there was any aiding and abetting or helping to create a bawdy house in her testimony.

The testimony of Daniel S. Levy, who has been the agent of the Aronson Realty Company, in his testimony positively states—if I am not mistaken—that he rented the house on Tunnel street to a man, I believe, by the name of Nickens who was a representative of Miss Dudley. He says positively in his testimony that Mr. Frankel had no connection with the arrangement of the lease between Miss Dudley or Mr. Nickens, but says that he rented that, and he was the party who negotiated the lease.

Now, gentlemen, you have the case about as plainly as I could state, with possibly, any objections or corrections the attorneys may care to make; if so, I would be glad to have it.

By Mr. Drew:

I will ask you, if you see fit, to state to Councils that Hymen Friedman said in his evidence that he paid this money to William Frankel for Samuel Frankel.

By Mr. Haymaker:

You will recollect that he said that he had no personal knowledge on the subject, but it was simply an inference on his.

By President Brand:

I remember that very distinctly.

By Mr. Haymaker:

Could I ask you to state, in a general way, what the evidence was on the part of Mr. Frankel, that Friedman has been contracted by Mr. Frankel and by his brother.

By President Brand:

I will come to that.

By Mr. Haymaker:

I beg your pardon, I thought you had completed your charge.

By President Brand:

It strikes me very forcibly that Mr. Friedman had stated in his testimony that he believed that Mr. Frankel, Samuel Frankel, got the money; he does not state positively that he did, nor does he know positively. "Q. Did you pay this money to William Frankel for Samuel Frankel?" "A. I paid it for that purpose," and he also states that he believed that it went to Samuel Frankel, but he does not know of his own personal knowledge that he (William) ever paid it.

A. No, sir.

By Mr. Drew:

It has not been tried to show in this case that Samuel Frankel was there.

By President Brand:

All he has stated in his testimony was, if you will remember, that the Councilman came to him after he sold the stand and told him he would have to pay fifteen dollars a week to William, and afterwards, for four or five months, he paid \$15 a week to William Frankel for Samuel Frankel.

By Mr. Drew:

Mr. President, I would ask you to state—I had better read the question on page 3: "Q. Will you state to this committee what that was?" "A. After I bought the stand from William Frankel, the Councilman came down and told me that he had a lease on that stand, and in order to stay there I would have to pay fifteen dollars a week, which I done from the time I purchased the stand until about the first of December."

By Mr. Haymaker:

Paid it to whom?

By Mr. Drew:

William Frankel. I would like further, to have you call attention to the testimony of Market Clerk Mr. Lewis.

By Mr. Haymaker:

Just before you leave, Mr. Friedman, I want to call the members' attention to this question: "Q. And you don't know that Samuel Frankel got a dollar?" "A. Not that I know of." On page 10.

By Mr. Drew:

It is not contended by the prosecution in the slightest degree that that money was paid direct to Samuel Frankel, but the testimony of the witness is, that two

or three days after William sold the stand the Councilman leased the stand, came there, and that William Frankel collected the money for Samuel Frankel.

By President Brand:

He stated that he paid the money to William Frankel and made no agreement with Samuel Frankel.

By Mr. Drew:

Will you call the committee's attention the testimony of the City Market Clerk, with regard to putting this man Friedman out of possession of that stand?

By President Brand:

There is also a witness, David H. Lewis, the Market Clerk of the City of Pittsburgh. He had charge of the market. In his testimony he states that he bought William Frankel and Mr. Friedman were there together: "that is, Mr. Friedman, I think, was acting as a clerk for Mr. Frankel;" he goes down to where the question was put: "Q. What, if anything, did he say to you about that stand?" "A. He came to me and gave me \$4 for the rent of the stand for one week, and told me that he wanted the stand for another party, and that I was to put Friedman off." "Q. Put him out." "Q. Do you know when that was?" "A. The last day of February. The last of February." The last year or the last February, and he was asked why he didn't put him out, or why he took the money, and he says: "Because I expected a confirming order from City Hall, and I never got that." Now that is the testimony of Mr. Lewis. Now, in regard to the testimony, you have all heard in regard to Samuel Frankel, in his own behalf, as far as the extortion charge is concerned he positively denies everything pertaining to extortion. He also positively denies that he had any knowledge of any house of prostitution being carried on in the Tunnel street house, and also has a witness to that. Mr. Alex. Wallace—that he made an inspection of the premises and found the premises all O. K. And you have heard the testimony of Mr. William Frankel who attacks the assertion of Mr. Friedman as far as the connection of his brother is concerned. Now, gentlemen, if I have made any mistake, it was not intended. I have tried to state it as briefly as possible and as short as possible. The question before Council is, shall said Samuel Frankel be adjudged guilty and be expelled from this Council. Has any gentleman any remarks before we take the vote?

By Mr. Gulland:

Are the attorneys not going to argue the case?

By President Brand:

He said not.

Committeeman:

Are we allowed to speak on anything that occurred, on the question, to explain our votes?

By President Brand:

You have a right to explain your vote when you come to vote.

By Mr. Melaney (Nineteenth ward):

Before speaking on this I would ask permission to state my position on the vice question, in order to answer the statement that I have been opposed against the social evil. As a married man with a family I have seen it absolutely, in common with the unfortunate Magdalenes of the lower avenues. At the same time, I am not in favor of any indiscriminate persecution, of a lot of unfortunate women whom circumstances over which they possibly had no control, has placed under the ban of society. I believe it was Richelieu who said: "There are certain abuses which are more readily put down by passing them over, than by resorting openly to destroy them," and while there is no law by which we can condone their offense, I would not forget that it is an evil which has been in continuous existence since time immemorial, and so long as humanity exists with its present mental make-up, it will continue to exist in the end of time. If there was any plan by which these poor unfortunate women could be taken from their present position and brought within the pale of respectability, I would be willing to lend every energy toward its enforcement, but when it comes to take away from their only possible means of existence, to remove the last barrier that stands between them and starvation, to trample on the figure of the poor wretches with despairing faces, with absolutely nothing to look forward to but death by the river or the carbolic acid route, I say it is neither practical nor honest, nor humane. And when they have been still further persecuted, as has been charged, by a lot of men vicious enough to drag in the degradation with their heartless greed for selfish gain; men who have been willing to reach down the slimy ladder into the slowly flowing filth in order to rake out a personal profit; I say if those men be permitted to go unpunished because of the positions which they occupy, then truly if the bandage which is supposed to blind the eyes of typical justice has not been torn assunder, it has been most badly disarranged.

We are not called upon to judge as to the guilt or innocence of these men in a criminal case. We are simply to determine their fitness in a moral sense to sit as members of this body. And while I have always been willing and ready to give the benefit to the accused of every doubt, there should be no hesitation in meeting the question. The member is wholly fit, or wholly unfit to sit as a member of this body, and there is no half-way place. I want to go on record as saying that where any member has been guilty as a Councilman of acts against the laws of the Commonwealth or those of public decency, he should not be permitted to sit in this body, and I would consider that I was an arrant

coward, unfit to represent the people who sent me here, if I should take any other course.

By President Brand:

The question before us is, shall Mr. Samuel Frankel be adjudged guilty and expelled from this body; all those in favor will answer "Aye" when their names are called, and those opposed "No."

And on the question, "Shall we expel Samuel Frankel, councilman from the Eighth ward."

The ayes and noes were taken agreeably to law, and were:

Ayes—10.

Noes—29.

The following gentlemen asked and obtained leave to explain their vote.

By Mr. Hugh Ferguson:

The prosecution, along with their witness, in my judgment have not made out a case according to the evidence, consequently, I vote "no."

By Mr. John Klein:

Being Chairman of the Investigating Committee—there was considerable evidence submitted. We have, and it is on record in the Clerk of Courts office two affidavits of this man Friedman, both conflicting—or, rather, one conflicting with the other, and which are altogether different, and I wish to cast my vote "No."

By Mr. Ross:

After looking to the evidence here, I cannot get it through my mind that we have fully made out a case against the accused member of this Councils, and unless the evidence would be conclusive in my mind, I would not care about recording my vote to expel him. And I cannot see that, paying particular attention here that such evidence has been submitted that there has been a clear case made out against Councilman Frankel, and for that reason I cast my vote "No."

By Mr. Savage:

What I understand is, that this matter will be decided solely by the evidence here, not on what we have read in the papers, not what we know of the man before or since he became a

member of Councils. The prosecution has made out absolutely nothing. I vote "No."

By President Brand:

The vote of this Council on the question is ten Ayes, and twenty-nine Noes; therefore, Mr. Frankel is not declared guilty, and stands a member of this Councils, vindicated.

And a majority of the votes of Common Council being in the negative, Samuel Frankel now stands exonerated and vindicated before this body, and will retain his seat.

By Mr. Drew:

I am going to read part of the Act of 1874, Section 12, of what is known as the "Wallace Act," and act approved on the 23rd day of May, 1874: "sec 12 . . . . . (Read.)"

By Mr. Blakeley:

At this time, Mr. President, I desire to make the same objection recorded by Mr. Haymaker to the jurisdiction of this body under this act.

By Mr. Drew:

Call Mr. Charles Bonini.

By Mr. Blakeley:

So that I may be understood at this time by the body, I desire to read emphatically the last portion of this act which has just been read by Mr. Drew. A person being guilty as he has stated. . . . . "and any breach of the provisions of this section shall be a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars and imprisonment not exceeding one year or either, at the discretion of the Court trying the same;" now, this part, "and upon such conviction, the party offending shall be forthwith removed from his office or employment, and shall not be eligible to appointment to any place of profit or trust under said city or any department thereof." Upon his conviction by a court of justice. My position here is that this body under that statute, which is a special statute, cannot, until this man be convicted by a court of justice, be expelled from this body.

By Mr. Drew:

The position, as I understand it, Mr. President, is that there is no question that the proving of an offense of the kind that is stipulated in this Section 12 of the Wallace Act would be sufficient to warrant the house in trying the member, and if convicted he would be liable to the penalties stipulated. But it in no way conflicts with the Act of April 6, 1867, which gives to any Council the power to expel any of its members by a two-thirds vote. We come now to the other question. It ought not to attempt to decide legal questions which ought to be left to the Court. The only question to be decided here, as in the last cause, whether the man is of the moral fitness which makes him a fit member to sit in this body.

MR. CHARLES BONINI, sworn.

Direct Examination.

By Mr. Drew:

Q. Mr. Bonini, where do you live?  
A. 210 West Park Way, Allegheny.  
Q. What is your business?  
A. Ice cream business.  
Q. Are you associated in that business with your brother?

A. In the Pittsburgh Ice Cream factory, yes.

Q. Is that Councilman Frank Bonini?

A. Yes, sir.

Q. Have you any other brother?

A. No, sir.

Q. You say that you are associated with him in the Pittsburgh Ice Cream Company?

A. Pittsburgh Ice Cream Factory.

Q. Pittsburgh Ice Cream Factory?

A. Yes, sir.

Q. Is that the name of the company?

A. Yes.

Q. Does that company conduct the business of Bonini Brothers at their stand in the Diamond Market?

A. No, sir.

Q. Hasn't that business of the Bonini Brothers in the Diamond Market been conducted by yourself and your brother Frank, for a number of years?

A. It has been conducted as Bonini Brothers up until the 2nd of January, 1906.

Q. 1906. Do I understand then, that on the 2nd of January of this year, Mr. Frank Bonini, the Councilman, retired from the firm of Bonini Brothers?

A. Yes, sir.

Q. And has had absolutely no connection with its affairs since?

A. No, sir; not with the market.

Q. Well, just how do you separate the business of Bonini Brothers?

A. Well, I bought his interest in the Pittsburgh Market myself. It is Charles Bonini now.

Q. And did you also buy his interest in the Bonini Brothers fruit stand on Liberty avenue?

A. No, sir.

Q. And you didn't buy his interest in the ice cream factory?

A. No, sir.

Q. Then, as I understand, Councilman Bonini is interested in all the affairs of Bonini Brothers except the stand in the Diamond Market?

A. Yes, sir.

Q. And he retired from that stand on the second of last January?

A. Second day of January, yes, sir.

Q. When was he first elected to Council, if you know?

A. Why, this is his second term.

Q. Then he was a member—

A. This is his third term.

Q. Then he was a partner in that stand during the time he was a member of Councils?

A. He was, until he run this time.

Q. And the lease for that stand is in the name of Councilman Bonini?

A. No, sir.

Q. In whose name is that?

A. Why, the lease was made out to Bonini Brothers through an error, this time.

Q. How is that?

A. By an error.

Q. By an error?

A. It was a mistake of the officials in giving the lease.

Q. It should have been what?

A. Charles Bonini.

Q. When was that lease made out?

A. I can't just recall the day, it was in March sometime.

Q. In March of this year?

A. Yes.

Q. This Pittsburgh Ice Cream Factory, where is that situated?

A. 213 Fourth avenue.

Q. And does that supply ice cream to the stand in the market?

A. Yes, sir.

Q. Did your brother, the Councilman, during his term as a Councilman, run that stand from the city?

A. Why, we had that stand for so many years I don't know. We have been having that stand for ten years.

Q. Did he secure the last lease, or did you?

A. I asked him if he could get a lease, and I think he went for the lease.

By Mr. Drew:

That is all.

Mr. Blakeley:

That is all.

FRANK LORENZO, sworn.

Direct Examination.

By Mr. Drew:

Q. Mr. Lorenzo, where do you live?

A. No. 8 Wyoming street.

Q. And how are you engaged at the present time?

A. Why, I conduct the refreshment stands out in Schenley.

Q. Are you also interested in some stands in Highland Park?

A. No, sir.

Q. Were you ever interested in the stands in Highland Park.

A. Yes, sir.

Q. When did you cease to be interested in the Highland Park stands?

Q. Hasn't that business of the Bonini Brothers in the Diamond Market been conducted by yourself and your brother Frank, for a number of years?

A. It has been conducted as Bonini Brothers up until the 2nd of January, 1906.

Q. 1906. Do I understand then, that on the 2nd of January of this year, Mr. Frank Bonini, the Councilman, retired from the firm of Bonini Brothers?

A. Yes, sir.

Q. And has had absolutely no connection with its affairs since?

A. No, sir; not with the market.

Q. Well, just how do you separate the business of Bonini Brothers?

A. Well, I bought his interest in the Pittsburg Market myself. It is Charles Bonini now.

Q. And did you also buy his interest in the Bonini Brothers fruit stand on Liberty avenue?

A. No, sir.

Q. And you didn't buy his interest in the ice cream factory?

A. No, sir.

Q. Then, as I understand, Councilman Bonini is interested in all the affairs of Bonini Brothers except the stand in the Diamond Market?

A. Yes, sir.

Q. And he retired from that stand on the second of last January?

A. Second day of January, yes, sir.

Q. When was he first elected to Council, if you know?

A. Why, this is his second term.

Q. Then he was a member—

A. This is his third term.

Q. Then he was a partner in that stand during the time he was a member of Councils?

A. He was, until he run this time.

Q. And the lease for that stand is in the name of Councilman Bonini?

A. No, sir.

Q. In whose name is that?

A. Why, the lease was made out to Bonini Brothers through an error, this time.

Q. How is that?

A. By an error.

Q. By an error?

A. It was a mistake of the officials in giving the lease.

Q. It should have been what?

A. Charles Bonini.

Q. When was that lease made out?

A. I can't just recall the day, it was in March sometime.

Q. In March of this year?

A. Yes.

Q. This Pittsburg Ice Cream Factory, where is that situated?

A. 213 Fourth avenue.

Q. And does that supply ice cream to the stand in the market?

A. Yes, sir.

Q. Did your brother, the Councilman, during his term as a Councilman, run that stand from the city?

A. Why, we had that stand for so many years I don't know. We have been having that stand for ten years.

Q. Did he secure the last lease, or did you?

A. I asked him if he could get a lease, and I think he went for the lease.

By Mr. Drew:

That is all.

Mr. Blakeley:

That is all.

FRANK LORENZO, sworn.

Direct Examination.

By Mr. Drew:

Q. Mr. Lorenzo, where do you live?

A. No. 8 Wyoming street.

Q. And how are you engaged at the present time?

A. Why, I conduct the refreshment stands out in Schenley.

Q. Are you also interested in some stands in Highland Park?

A. No, sir.

Q. Were you ever interested in the stands in Highland Park.

A. Yes, sir.

Q. When did you cease to be interested in the Highland Park stands?

A. It might have been in the neighborhood of about October, 1904.

Q. How long had you been engaged in conducting stands in Highland and in Schenley Parks?

A. Since 1904.

Q. During two summers?

A. Yes, sir.

Q. Was not Frank Bonini a partner of yours in those stands?

A. No, sir.

Q. Was he not a partner in business with you in the conduct of the stand in Schenley Park?

A. No, sir.

Q. Was he associated in any way with you in the securing of the leases for those stands and in the conducting of those businesses?

A. Not for the leases; no, sir.

Q. In what way?

A. In the way, when I obtained them leases I forfeited a position that I held under the City of Pittsburg, I obtained them leases myself, and when I obtained them leases I had no money, and Mr. Bonini helped me through a loan, and he advanced me some money; and I paid him after I was in business.

Q. How much money did he lend you, when you went into this business?

A. Why, it was in the neighborhood—well, it was seventeen hundred dollars. Different times he lent me, as I needed.

Q. And did you not agree that he should be a partner in the business until you had paid that loan?

A. Not exactly a partner; no, sir.

A. Not exactly a partner?

A. No, sir.

Q. Just how far was he to be a partner?

A. Until I paid him the money. I couldn't give him the money. I had no security to offer him, and I told him if he would lend me the money as I needed it, he was to have half of what I made, and in case anything went wrong he would have the goods over there. Outside of that he was no partner.

Q. Did you buy goods to carry on that business in the name of Bonini and Lorenzo?

A. Not to buy them; no, sir.

Q. Where any of the bills sent in the name of Bonini and Lorenzo?

A. On account that I was not known in the city, and Mr. Bonini taking me to the places; there was only one firm that sent me my bill as Lorenzo and Bonini.

Q. What firm was that?

A. Delp and Sons.

Q. Delp and Sons?

A. Yes, sir.

Q. Then you looked to Mr. Bonini for the payment of their bills?

A. I still owe a bill, and they do not look to him for it. They are looking to me for it. I still owe Delp and Sons twenty-nine dollars and twelve cents; but they are looking to me for it, not Mr. Bonini.

Q. Isn't it rather remarkable that Mr. Bonini should lend you seventeen hundred dollars without any security and without having any interest in your business?

A. Not at all.

Q. Not?

A. No, sir.

Q. You are are not now interested in any stands in Highland Park?

A. Bergman bought me out.

Q. Who is he?

A. I think he is a resident of the Nineteenth ward. The transaction was done through Mr. Wheeler, an attorney on Diamond street.

Q. Now, as regards the purchase of a cash register for your business; didn't Mr. Bonini buy that?

A. No, sir.

Q. And what was that negotiation?

A. He simply, took me to Mr. Myers and told him I wanted a cash register, and I bought the cash register on monthly payments, and I paid for that, and that is fully paid for. That is paid long ago.

Q. Well, then, do you state that Mr. Frank Bonini never had any interest in your stands in the Schenley and in Highland Parks?

A. None whatever. The gentleman I believe he is in the ice cream business, and I never dealt with him.

Q. And that he loaned you seventeen hundred dollars without any security and without having any interest in the business?

A. Yes, sir.

By Mr. Blakeley:

Q. How long have you known Mr. Bonini?

A. Since I have been in Pittsburg. I believe he is one of the first Italians I got acquainted with.

Q. How long ago was that?

A. About eleven years ago—probably thirteen years ago, I should judge.

Q. And you were close friends, were you?

A. Yes, sir.

Q. And you borrowed this money from him?

A. Yes, sir.

Q. How long after you had borrowed it did you pay it back?

A. Well, I believe I obtained my leases from the city in May, and then was the time I needed the money; and I think that Mr. Bonini's first loan to me was three hundred dollars. And if I am not mistaken in my statement, we

settled up in the neighborhood of after the fourth of July, 1904. That was the same year—from May till July, 1904. It was either July 11th or 15th.

Q. And when, finally, did you dispose of the stand?

A. Which one?

Q. The one in Schenley Park?

A. I still hold that.

Q. The other stand?

A. That was in the neighborhood of October, the same year.

Q. Now, then from those stands you sold ice cream, I suppose?

A. Yes, sir.

Q. In large quantities?

A. Yes, sir.

Q. Did you buy any from him, or deal with him?

A. I don't believe I bought ten gallons of ice cream from him in my life.

Q. Did you buy any for that stand?

A. Why, in the neighborhood of about ten gallons. I think it was five gallons in each way.

Q. But your ice cream, the general run of ice cream that you sold, was purchased from somebody else?

A. Yes, sir.

Q. And was that much more than you bought from Bonini?

A. Why, the first year I went in business I averaged from forty to sixty gallons every Sunday.

Q. Now then, you say some goods were bought and Mr. Bonini went around with you to introduce you to the people, the merchants?

A. Yes, sir.

Q. As a friendly act only?

A. Yes, sir; that is all.

Q. Did he to any of those people say that he was your partner, or any statement to that effect.

A. Not as I know of. If he did, not in my presence.

Q. And you say the only bill that was ever made out that way was by the help people?

A. Yes, sir.

Q. And that you still owe?

A. I still owe twenty-nine dollars and twelve cents; they hold me responsible.

By Mr. Blakeley:

That is all.

JENNIS CROSS, sworn.

Direct Examination.

By Mr. Blakeley:

I wish to know if the witness is produced to sustain these charges of which we have notice, or any of the charges which have yet to be determined. Has it anything to do with that market stand?

By Mr. Drew:

A. No, sir.

By Mr. Blakeley:

I object to this witness being heard, for the simple reason that we have received no notice that we are to meet anything here but the charges in reference to the market stand, and in addition to that, no other charges were referred to this body for investigation, and would ask that that be determined here.

By President Brand:

The report of the Committee appointed under the authority of Councils read as follows:

(Report read.)

The Chairman of the Committee is present and I believe he knows just exactly what the report was.

By Mr. Blakeley:

Our contention is that under this notice which was served on us, that we have only to answer the charges with reference to the market house and with reference to the park, Highland Park, as being specific notice.

By Mr. Drew:

There is no question that there should have been at least a more specific notice in reference to this additional charge or allegation. It does not seem to have been included in the charge. The Committee has sent back to Council, although the evidence was handed to me in this particular matter?

By the Chairman (Investigating Committee):

The Investigating Committee had charges brought to them in regard to Mr. Bonini's conduct, and I believe that there is not a member of Council but what knows from the testimony and from Mr. Bonini's own statements that technically, he was guilty of renting from the City of Pittsburgh while he was a member of Council. But that is no great crime; and the other evidence crept in. I will say that we do not expect to convict on the other charges, and I don't believe, as a member of the Common Council, that we will vote for the expulsion of Mr. Bonini on any of the charges being preferred, we were in duty bound to certify them to Council.

By Mr. Drew:

After that statement, Mr. President, I withdraw this witness. That is our case.

By Mr. Blakeley:

We will submit our case on that.

A Committeeman:

I move we exonerate Mr. Bonini from all charges.

By President Brand:

You gentlemen please be seated, and we will get at this in the proper channels, so that we can record our vote according to law. The question before

you is, shall Mr. Bonini be adjudged guilty and be expelled from this Council on the charges that have been preferred and the evidence that has been submitted to you to-night. You have all heard the evidence. It is not necessary for any remarks to be made on it. All in favor to expel Mr. Bonini, to find him guilty and expel him from this Council will answer Aye when their name is called, those opposed No; the clerk will please call the roll.

And on the question, shall we expel **Frank W. Bonini**, councilman from the Third ward.

The ayes and noes were taken agreeably to law and were:

Noes--Mesers.

Brand, President.

The following gentlemen asked and obtained leave to explain their vote.

Mr. Ferguson:

It is not Mr. Bonini's moral character I understand, that we are trying here, and consequently we have no power to expel Mr. Bonini. Those charges, as the Wallace Act there explains, it is for a court of justice to try them. If he commits a misdemeanor in office and is found guilty, he will be expelled without Council doing so. This case has taken up a great deal of time, and we are on the wrong track, and consequently I vote no.

Mr. Melaney:

I would like to say, in support of the statement that I made in the other case, that it is the man's moral character that we have to deal with. And as there has been nothing of a degrading character proved against the member, and as I said, I will give him the benefit of the doubt; I will vote no in this case.

And a majority of the votes of Common Council being in the negative, **Frank W. Bonini** now stands exonerated and vindicated before this body, and will retain his seat.

Mr. Martin moved

That Council do now adjourn.

And Council adjourned.

S. C. No. 78.

Resolved, That the Mayor, in conjunction with the City Solicitor, be and is hereby authorized and directed to arrange for the appointment, by the City of Pittsburgh, of three appraisers to appraise the property of the Monongahela Water Company, in accordance with the provisions of the franchise ordinance between the city and the said Monongahela Water Company.

Mr. **Gulland** moved

That the motion be laid on the table.

Which motion prevailed.

The **Chair** presented

No. 233.

June 21st, 1906.

GENTLEMEN:—I have been officially informed that it is the intention of Councils to take a recess during the summer months; and it is stated in the public press that this recess will be "rigorously" observed this year.

In view of this, I think it my duty to call your attention to the fact that no final action has yet been taken on the resolution in relation to the city's contract with the Monongahela Water Company, passed by Select Council on the 28th day of May, A. D. 1906.

Justice to the people of the South Side requires that action should be taken on this matter before the recess.

A satisfactory appraisal of the works of Monongahela Water Company cannot be made in the winter; therefore, to delay action on this resolution until fall will delay proceedings under it until next year and render it impossible for the city to be in position to furnish filtered water to the South Side on the completion of the plant, and possibly for two years longer.

An appraisal will not commit the city to buy the works; it will, however, put it in the possession of the knowledge necessary to a wise and intelligent decision in regard to them.

It may be that the city will ultimately decide not to buy, still it is the part of wisdom to get this information. The city has suffered for 20 years from a contract which I have always regarded as unfair; it would be imprudent to fail to take advantage of this, the only provision in it which is beneficial to it.

If the city should ultimately decide not to buy the works, it must, in order to fulfill its obligation to the people of the South Side, lay mains, build pumps and secure reservoirs. This will take considerable time.

The people of the South Side are contributing their full share to the erection of the filtration plant; it is being built with a capacity to furnish them with filtered water; no time should be lost in arranging to give them the water on the completion of the plant. To spend the amount of money required to secure this capacity without arranging to utilize it promptly is not good business; to fail to fulfill our duty to the people of the South Side is not justice.

I would fail in my duty if I did not again call your attention to this and urge immediate action.

I am, very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

S. C. No. 171.

June 25th, 1906.

*To the Presidents and Members of Select and Common Council, Pittsburgh, Pa.*

GENTLEMEN:—I respectfully submit herewith, for your consideration, two resolutions relative to the Allegheny County Light Company.

The former contract with the Allegheny County Light Company expired January 31st, 1906. From that date, until May 28th, 1906, the company furnished light to the city according to former specifications without any contract.

On June 8th, 1906, in pursuance of your resolution of May 28th, 1906, I notified said company that it would be required to furnish light to the city according to the same specifications, at the price fixed by the ordinance authorizing the construction of their lines in the city, namely: 75 per cent. of the price charged by the company to private consumers.

Since that notice the company has filed with the City Controller a statement taken from its books and verified by the affidavit of its proper officer, that the average price charged by it to private customers in the city for arc lights of the capacity furnished the city, is \$134.90; 75 per cent. of which would be \$101.17.

The officers of the company further allege that it has not furnished light to any private customer at a price as low as \$100.00 per annum; except 3 lamps, 2 of which are on public streets, one having since been taken over by the city, and all of which were put in at the price then charged the city, at the request of the former Director of the Department of Public Works.

The company has offered to accept a flat rate of \$76.00 per annum for all lamps furnished to the city under the specifications accompanying the former contracts; provided the city will permit that rate to stand for two years from February 1st, 1906.

City Controller, Mr. Larkin, advises me that after a full investigation, he is of the opinion that the price named, namely, \$76.00, is lower than the city could obtain under the Charter Ordinance, and that in consideration of this, and for the purpose of avoiding expensive and uncertain litigation, he advises acceptance of the offer.

The former contract with the Allegheny County Light Company which expired January 31st, 1906, was at the rate of \$66.00 per year. On the number of lamps now in use the deduction in price under the present offer amounts to about \$63,000.00 a year.

I have been led to submit this matter to your honorable bodies by the fact that I do not see any reasonable prospect of securing competition in regard to electric light in the city during the two years proposed by the company, nearly five months of which have already expired; and that during the negotiations in which this price was arrived at, the Pittsburgh Railways Company agreed to participate in the cleaning of the streets on which there are tracks of any of the companies operated by it, either by cleaning the portion of the street for which it is liable, by its own employees, under the inspection of the Department of Public Works, or by paying to the city its pro-rata of the cost based upon the amount of surface for which it is liable, as may be hereafter selected.

I am

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

In Select Council June 25, 1906. Read, received and filed.

Which was read.

Mr. **Ferguson** asked to have the communication from the Director of Public Works read.

The **Chair** presented

• No. 235.

PITTSBURGH, June 6th, 1906.

ROBERT CLARK, Esq.,

Clerk Common Council,

Pittsburgh, Pa.

DEAR SIR—Replying to yours of June 1st regarding the Gracie lots in Seely's plan, Nineteenth ward, would say that an agreement was entered into by the former administration for the purchase of these and other lots in the Eighteenth ward, east of Haight's Run bridge.

Land purchases have been going on in this neighborhood for some years, with a view of extending Highland Park to the river. About three-fourths of the property between Haight's Run bridge and Brilliant now belong to the city.

The Gracie lots have a frontage on Butler street of 104 feet and a depth of 125 feet, on which there is a brick house of six rooms.

The property, I understand, was held at \$8,500.00, but an agreement was made with Mr. Bigelow to sell to the city for park purposes for \$5,600.00. I am informed that this is a fair price.

Yours very truly,

J. W. CLARK,

Director Department of Public Works.

Which was read, received and filed.

Mr. **Ferguson** moved

That further action on the bill be indefinitely postponed.

Which motion prevailed.

The **Chair** appointed **G. R. Bailey**, of the Forty-first ward, as a member of the Public Safety Committee.

Also

**Edward Shelvin**, of the Thirty-fourth ward, as a member of the Corporation Committee.

And on motion of Mr. **Martin**

Council adjourned.

Mr. **Martin** presented

Report of the special committee appointed to investigate certain privileges granted in Schenley Park.

No. 262.

PITTSBURGH, PA., July 9, 1906.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—Your Special Committee, appointed to investigate certain privileges granted in Schenley park to the Pittsburgh Golf Club, and others, respectfully report as follows:

That your committee met and organized on June 7, 1906, by the election of Mr. W. A. **Martin** as Chairman, and the **Chair** appointed a sub-committee, composed of Messrs. **Walters, Brand and Cavett**, in conjunction with the Director of the Department of Public Works, to prepare suitable rules and regulations to govern the Golf links. Your Committee again met on July 2, 1906, and received a communication from the Director of the Department of Public Works with the information which the committee had requested from him in relation to the rights and rules of the Golf links and the control he had over the same. Which communication was read, and is hereto attached and made part of this report.

The sub committee reported its finding to the general committee, which was read and received and is attached hereto and made part hereof.

Your committee therefore recommends that the Director of the Department of Public Works be instructed to detail or employ a man to take charge of the Golf links and to carry out the rules of golf, and that the Superintendent of Schenley park shall be authorized to issue permits to all persons desiring to play on the said links.

Respectfully submitted,

W. A. MARTIN, Chairman.

W. D. STOCKDALE.

Which was read and adopted.

Mr. **Gulland** moved

To recall from the sub-committee of the Finance Committee.

S. C. Bill No. 29. An Ordinance entitled "An Ordinance authorizing, empowering and directing the City Controller to transfer the

sum of fifteen thousand dollars (\$15,000.00) from Appropriation No. 21 "A" Bureau of Fire, to Appropriation No. 24, Bureau of Health."

Also

S. C. Bill No. 30. An Ordinance entitled "An Ordinance authorizing, empowering and directing the City Controller to transfer the sum of thirty thousand dollars (\$30,000.00) from Appropriation No. 230 to Appropriation No. 22, Bureau of Police."

Mr. **Hirsch** arose to a point of order and said:

That in his mind the Common Council had no jurisdiction over the bills whatever, as they were presented in Select Council, and they were not acted on by the Finance Committee or sub committee. If withdrawn they are either the property of the Select Council or the Finance Committee, and Common Council has nothing whatever to do with the bills at present.

The **Chair** stated:

That he thought the member from the Twentieth ward was perfectly right in his judgment, and the point of order appears to be well taken, but it seems to be the wish of Councils at this time to withdraw the bills, so I will just let the question be decided by Councils.

And upon Mr. **Gulland's** motion to recall the ayes and noes were ordered to be taken, and being taken were:

Ayes—Messrs.

## BUSINESS FROM SELECT COUNCIL

S. C. No. 205.

PITTSBURGH, July 23, 1906.

To the Honorable Members of Select and Common Councils of the City of Pittsburgh.

GENTLEMEN:—Allow me to call attention to Resolution of his Honor the Mayor, submitted to Councils on June 25th, relating to the pay-

ment of the Allegheny County Light Company for light furnished the city without contract during the past five months. Whether the amount per lamp formally submitted to you be regarded as equitable or not, should not interfere with a partial payment of the account.

The city holds the company bond for \$100,000 to indemnify it against loss in final adjustment of price, and pending settlement it seems unfair to retain bond and money while compelling the company to furnish the light. I, therefore, urge that while insisting on fair service, at a fair price, the city should set an example and be fair itself. This corporation is entitled

to an equitable price, and until that is determined by your honorable bodies, it should receive some definite monthly payment on account.

In the hope of early action, I have the honor to remain,

Yours respectfully,

J. B. LARKIN.

Which was read, received and filed.

And on motion of Mr. Ferguson Council adjourned.

The Chair took up

S. C. No. 78. Joint Resolution for the appointment of five disinterested persons for the purpose of appraising the value of the property of the Monongahela Water Company.

Resolved, By the Select and Common Councils of the City of Pittsburgh, that the City Solicitor shall be and he is hereby authorized, empowered and directed to make application to the proper Court of Common Pleas of Allegheny County for the appointment of five disinterested persons for the purpose of appraising the value of the property belonging to the Monongahela Water Company, as provided by an Act of Assembly entitled "An Act to incorporate the Monongahela Water Company," approved 21st day of April, A. D. 1855, for the purpose of affording the City of Pittsburgh the right to accept or decline the purchase of the property of said Monongahela Water Company, as provided in section 8 of an Ordinance entitled "An

Ordinance authorizing the Mayor to make and enter into an agreement with the Monongahela Water Company in relation to the supply of water in the wards of the city on the south side of the Monongahela river, upon the terms, stipulations and conditions herein provided and set forth and for the purchase of said works of said company, in pursuance of the terms of their charter," approved December 22d, 1885, and which reads as follows:

"Section 6. That at the end of said term of twenty-one years, a board of appraisers shall be appointed in the manner provided for in the charter of said company that the said city shall have the right to purchase said Monongahela water works at the appraised value thereof, subject to the deductions of any credits in the sinking funds of said company, or otherwise, for its redemption, provided, however, that if the said city and company shall not, within six months from the expiration of said term, agree on the terms of payment for said works, that then this agreement shall continue until such time as said city shall give one year's notice to said company of her intention to purchase at said valuation, and that the proposes to pay the same in five equal annual installments with interest from the date of the purchase and the assuming of the possession of said works; the terms and provisions of which were accepted by said company by an article of agreement bearing date December 23d, A. D. 1885."

In Common Council July 9, 1906. Laid on the table.

Which was read.

Mr. Martin moved

That the resolution be adopted.

Which motion prevailed.

Also

Mr. Gould presented

No. 363. Whereas, Certain street railway tracks have been recently laid on Shady avenue, from Forbes street to Fifth avenue, and on Braddock avenue, from Frankstown avenue to Hamilton avenue, which are now being used by the Pittsburgh Railways Company; and

Whereas, The Bates Street Railway Company, which obtained the city's consent for the construction of certain branches on Shady avenue and on Braddock avenue, allowed its charter to expire without obtaining any consent for its main line; and

Whereas, The State Supreme Court has held in the case of the Media, Middletown, Aston and Chester Electric Railway, that a street rail-

way company cannot build a branch unless it has the right to build its main line; now, therefore, be it

Resolved, By the City of Pittsburgh, in Select and Common Councils assembled, that the Mayor be and he is hereby directed to make due inquiry and to report to Councils by whom the said tracks were laid and by what right or authority they are maintained and operated; also to take proper action for the removal of said tracks if they should be found to have been built without authority of law.

Which was read.

Mr. Stockdale moved

The adoption of the resolution.

Which motion prevailed.

Mr. Ferguson presented

No. 361. Resolution. Whereas, Herr's Island is situated in the Allegheny river, opposite the City of Pittsburgh, and being without the jurisdiction of the City of Pittsburgh; and

Whereas, The plants of W. H. Walker and the Pittsburgh Provision Company are located upon the said Herr's Island, and the manner in which they are conducted is a public nuisance and a menace to the health of the people of the City of Pittsburgh; therefore be it

Resolved, That the Mayor and the Superintendent of the Bureau of Health of the City of Pittsburgh be directed to notify the State Department of Public Health of the existence of such nuisance and ask that steps be taken for the abatement of the same.

Which was read.

Mr. Wasson moved

The adoption of the resolution.

Which motion prevailed.

#### BUSINESS FROM SELECT COUNCIL.

MOTIONS AND RESOLUTIONS.

The **Chair** presented

No. 383.

PITTSBURGH, PA., June 4, 1906.

*To the Honorable Mayor and Councils of the City of Pittsburgh:*

The Pittsburgh Subway Company, proposing to construct an underground passenger railway in the City of Pittsburgh, hereby applies for the consent of the local authorities to such construction.

The company is incorporated under the Elevated and Underground Passenger Railway Act of June 7, 1901 (P. L. 523.) By its charter from the Commonwealth it has the franchise to construct and operate such railway around a circuit described as follows: Beginning at the intersection of Smithfield street and Oliver avenue; running thence along Oliver avenue to Liberty street, along Liberty street to Ferry street, along Ferry street to Third avenue, along Third avenue to Smithfield street, and along Smithfield street to the place of beginning.

Under the authority of its charter the company has also located branches or extensions over the following lines:

The first beginning at the intersection of Smithfield street and Oliver avenue; running thence along Virgin alley to Grant street, thence across Grant street, thence in a straight line to a point in the westerly line of Neville street one hundred thirty (130) feet northerly from the north line of Center avenue, thence across intervening properties and streets a distance of about two hundred fifty-five (255) feet to the intersection of Center avenue and Enfield street, thence along Center avenue to Penn avenue, thence across Penn avenue to Frankstown avenue, thence along Frankstown avenue to the angle in that avenue next easterly from Finley street, thence across intervening properties to a point in the westerly line of Fifth avenue extension opposite Kelly street.

The second, following the line of the first to a point from which a perpendicular to the southward will intersect the center line of Boquet street at its intersection with the center line of Bayard street, and thence southward along the said perpendicular to Boquet street; and

The third, following the line of the first to a point from which a perpendicular to the southward will intersect the northerly line of Forbes street at its intersection with the westerly line of Brady street, thence southwardly along the said perpendicular to the northerly line of Forbes street, and thence over the surface of Forbes and Brady streets to the northerly end of the approach of the Twenty-second street bridge.

The need of some relief from existing conditions of passenger traffic seems to be recognized on all hands. But it may not be out of order to refer to some of the reasons for the pressing need, as follows:

1. The business district of Pittsburgh is restricted by nature, and is much smaller than that of any other city in the country. The area between the two rivers and west of the Panhandle and Fort Wayne Railroads is less than 250 acres.

2. The surrounding population which pours every day into the business district is rapidly growing.

3. The crowded condition is being aggravated by the construction of tunnels through the outlying hills, whereby people are enabled to go into town more quickly and easily. The more easily they can get into town the more they go.

4. It seems that no more cars can be operated on the surface of the down town streets. Practically all of the streets down town are occupied by surface railways; and the cars are already running closer together than can be done with advantage or safety. It might be possible to run more cars in all directions outside of the business district; but it is useless to add more cars on Penn avenue, Wabash avenue, Carson street, Forbes street, or other outlying streets, when they cannot be handled faster in the crowded streets of the business district. It is believed that the Pittsburgh Railways Company is already handling traffic as well as it can be done on the surface.

The plan of this company is to make its down town circuit a common terminal loop for passenger traffic coming into the business district from all directions; thus taking off the crowded surface a great proportion of the cars which now impede traffic, and putting them underground.

The plan is to reach the South Side, the West End and Allegheny by means of tunnels under the rivers, so that cars operated on the surface in the suburbs can be handled underground in the crowded district.

It is also proposed to reach the East End by means of a tunnel connecting with the down town loop at the corner of Smithfield street and Oliver avenue, and running thence directly through Herron Hill on the line of the above first branch to a point in Junction Hollow, just north of Center avenue coming out of the hill on the west slope of Junction Hollow at such a level as that cars may be run from that point, both on the surface of the East End streets and also through a subway under Center avenue. From this point it is proposed to extend the underground construction by the line above described to Kelly street. From the latter terminus also the cars can be run out the surface to the north, east and south.

The first construction which this company proposes to undertake in connection with the down town circuit is the branch from Smithfield street to Junction Hollow. Afterward the extension of this branch to East Liberty and Kelly street can be undertaken, as well as the branches extending to Allegheny, the West End and the South Side.

For the present purpose this company, therefore, asks the consent of the local authorities to its construction of its proposed underground railway around the said circuit under Oliver avenue, Liberty street, Ferry street, Third avenue and Smithfield street; also from Smithfield street along the said branch locations to Neville street to Boquet street and to Brady street; all this on such reasonable terms and conditions as may be deemed proper by the Mayor and Councils.

To show how far this company can accommodate itself to terms and conditions, attention is asked to the following among its chartered powers:

(1) The company is authorized to build either below or above the surface; that is, either an underground railway or an elevated railway over the route described, and to occupy the surface to a limited extent, if need be.

(2) The company has ample power to construct branch lines and, with the city's consent, to abandon portions of its original location. So that, if a change from the route above proposed should be preferred by the city, any other location which the city might approve could be made.

For its consent to such construction the company proposes to pay to the City of Pittsburgh a percentage of its gross receipts. As to the rate of such percentage the company would only suggest the propriety of making the rate low in the present instance, for the following reasons:

(a) The privilege asked for would not encumber the city's streets, but would relieve them.

(b) The necessary cost would be very great.

(c) The risk of such a venture is great.

(d) The public interest can be as well served by putting low rates on traffic.

A map hereto attached shows the location of the proposed subway and the extensions herein referred to; also proposed surface lines controlled by this company and existing surface lines which could be operated in connection with the subway.

Respectfully submitted,

PITTSBURGH SUBWAY COMPANY,

By F. T. F. LOVEJOY,

President.

Mr. Wasson moved

That the communication be received and filed.

Which motion prevailed

Mr. Melaney presented

No. 384. Whereas, The Pittsburgh Subways Company has pending before Councils an application for the approval of the city to the construction of a system of passenger railways; and

Whereas, Other corporations or companies have signified their intention of making similar applications; and

Whereas, The passenger transportation facilities now in operation are wholly inadequate for the needs of the community; and

Whereas, Various methods and systems of transportation, including elevated lines, additional surface lines and subways have been proposed; and

Whereas, It is deemed prudent that the consent and approval of the city shall not be given to any of said proposed methods until the merits of all plans of improvement have been submitted and examined, and the best means of serving the public been established; therefore be it

Resolved, That a commission shall be and is hereby created consisting of the two Presidents and the Chairman of all joint standing committees of Councils, whose duty it shall be to investigate and report to Councils upon the merits of all plans of street railway transportation which have been or which may hereafter be proposed for the City of Pittsburgh, and be it further

Resolved, That the said commission is authorized and empowered to investigate and report upon the merits of systems now in operation in other municipalities, gather and report all useful information upon the subject of passenger transportation, and offer such recommendations as may be deemed advisable. The commission shall appoint a secretary, and shall elect one of its members Chairman.

Which was read.

Mr. Melaney moved

The adoption of the resolution.

Which motion prevailed.

#### UNFINISHED BUSINESS OF SELECT COUNCIL.

S. C. Bill No. 113. An Ordinance entitled "An Ordinance granting permission to the Pittsburgh & Tube City Railroad Company, its successors and assigns, to construct and operate a railroad from a point at or near Fourth avenue and Try street, in an easterly direction to the city limits, and imposing the conditions upon which such permission is granted."

In Select Council July 2, 1906. Passed.

In Common Council July 9, 1906. Rule suspended, bill read a second time and laid over until the second meeting in September, 1906, and the Pittsburgh and Tube City Railroad Company directed to file accurate plans and specifications showing the route of said road, together with a certified copy of its charter, showing the officers of said company; also file a plan showing the location of its freight and passenger stations within the city limits.

Which was read.

Mr. Gulland arose and asked, "If the information asked for had been obtained."

Mr. Martin arose and said, I would ask if any representative of the company is present.

Mr. Milholland appeared, and said that he was the engineer for said company.

Mr. Gulland arose and said, "I would like to ask the gentleman if he has the information asked for at the meeting of July 9, 1906."

Mr. Milholland did not answer.

Mr. Gulland moved

That the plans and specifications be placed upon file in the city clerk's office for the benefit of Councils and the public, and that further action upon the bill be postponed until the next meeting.

Upon which motion **Mr. Gulland** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

**Ayes—12.**

**Noes—38.**

So the motion did not prevail.

And the bill was read at length.

**Mr. Wasson** moved

The the bill be taken up seriatim.

Which motion prevailed.

And the title of the bill as follows:

An Ordinance granting permission to the Pittsburgh & Tube City Railroad Company, its successors and assigns, to construct and operate a railroad from a point at or near Fourth avenue and Try street, in an easterly direction to the city limits, and imposing the conditions upon which such permission is granted.

Was read.

**Mr. Wasson** moved

To amend the title of the bill after the words "Assigns, to" by adding the word "Locate" and after the words "A point," by adding the words "On Try street, between Forbes street and Second avenue in the City of Pittsburgh."

Which motion prevailed.

**Mr. Wasson** moved

That the title of the bill as amended be approved.

Which motion prevailed.

And Section 1 of the bill, as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That first, That permission is hereby granted unto the Pittsburgh & Tube City Railroad Co., its successors or assigns, to locate, construct and operate a railroad from a point to be selected by it at or near the corner of Fourth avenue and Try street in the City of Pittsburgh, in an easterly direction to the city line (together with the right to construct and maintain the necessary side tracks and such buildings and structures as shall be necessary to the operation of the said road). A map showing the location and route of the proposed road is attached to the petition for this ordinance, and is specifically referred to, and the same shall be

filed in the office of the Bureau of Surveys in the Department of Public Works of the city. Provided, however, that such grants so made shall be subject to the following conditions."

Was read.

**Mr. Wasson** moved

To amend the bill by striking out the section, and inserting in lieu thereof the following:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That First: That permission is hereby granted unto the Pittsburgh & Tube City Railroad Company, its successors and assigns, to locate, construct and operate a railroad from a point on Try street between Forbes street and Second avenue, in the City of Pittsburgh, in an easterly direction to the city limits, together with the right to construct and maintain the necessary side tracks and such buildings and structures as shall be necessary for the operation of the said road. A map showing the location and route of the proposed road is attached to the petition for this ordinance and is specifically referred to, and a detailed map shall be filed in the office of the Bureau of Surveys in the Department of Public Works of the City before any work shall be done on this road; provided, however, that such grant is expressly upon the following conditions."

Which motion prevailed.

And the section as amended was adopted.

And paragraph first of the bill, as follows:

First. That the said railroad tracks shall be so constructed and of such gauge that the cars running upon any standard gauge railroad entering the City of Pittsburgh may enter upon the same, and that the said company shall extend equal facilities for the transportation of such cars, and that such rates and facilities shall be extended to all companies and individuals desiring the same, and shall be just and reasonable.

Was read.

**Mr. Wasson** moved

To amend the bill by striking out the paragraph, and inserting in lieu thereof the following:

"First. That the said railroad tracks shall be so constructed and of such gauge that the cars and locomotives running upon any standard gauge railroad now or hereafter entering the City of Pittsburgh, may run upon the same and upon the condition that the said company shall, upon application of any such road now or hereafter entering the City of Pittsburgh, extend to such road facilities for the transportation of such cars equal to the facilities afforded to the Pittsburgh & Tube City Railroad Company, or any other company or companies which may at the time of such application be operating over the said Pittsburgh & Tube City Railroad Company, and such facilities shall be extended to all companies upon an equal basis as to rates, terms and conditions, and no discrimination shall be made against any company or individual desiring to use the Pittsburgh & Tube City Railroad Company's tracks, and such rates, terms and conditions shall be just and reasonable. It is specifically provided that in the event of the application of any such road to the Pittsburgh & Tube City Railroad Company for permission to use its tracks, and the refusal thereof by the said Pittsburgh & Tube City Railroad Company, that the right of the said road so applying to use said tracks shall be deter-

mined by a commission of three impartial persons, one chosen by the said road so applying; one chosen by the Pittsburgh & Tube City Railroad Company and the third chosen by these two; or, in the event of their disagreement, by the Mayor of the city. Before, however, any railroad applying for entrance to the City of Pittsburgh over the Pittsburgh & Tube City Railroad Co., shall be permitted to use such tracks, said railroad shall file with the Controller of the city a stipulation agreeing to and accepting the terms of this ordinance, including the payment of any taxes levied thereunder."

Which motion prevailed.

And paragraph first of the bill, as amended, was adopted.

And paragraph second of the bill, as follows:

Second. That this company shall pay annually to the City of Pittsburgh, in compensation for this grant, a charge of twenty cents per car for every car of freight created or delivered within the city limits, and an annual license tax of fifty dollars upon every car used for the transportation of passengers within the city limits. Such charges to be based upon a statement of the operations of the road, showing such number, made to the Treasurer of the City of Pittsburgh under oath of one of the officers of the railroad; but it is specifically provided that such compensation shall in no year be less than twenty thousand dollars, and same shall be computed for the completion of the road. It is provided that the City of Pittsburgh, by its Treasurer, may have access at all times to the books of the railroad company, for the purpose of verifying the correctness of such statements.

Was read.

**Mr. Wasson** moved

To amend the paragraph by striking out the word "Treasurer," wherever it occurs, and substituting the word "Controller."

Which motion prevailed.

And paragraph second of the bill, as amended, was approved.

And paragraph third of the bill, as follows:

Third. This grant, in order to be effective, must be accepted by said railroad within a period of thirty days from the time of its approval by the Mayor of the city, and operations thereunder shall be begun within one year from the date of such acceptance, and the railroad shall be in operation within three years thereafter.

Was read.

**Mr. Wasson** moved

To amend the bill by striking out the paragraph, and inserting in lieu thereof, the following:

"Third. The consent of the city to the construction, maintenance and operation of this railroad is given upon and subject to the above and the following conditions, and shall not be operative until the company shall have, by written stipulation duly authorized by its Board of Directors and signed by the President and Secretary, and filed with the Controller, accepted and agreed to be bound thereby, which stipulation shall be filed within a period of thirty days from the time of the approval of the ordinance by the Mayor of the city, and operations thereunder shall be begun within one year from the date of such acceptance, and the railroad shall be in operation within three years thereafter."

**Mr. Ferguson** moved

To amend the amendment by striking out the words "one year" and inserting in lieu thereof, the words "six months."

**Mr. Wasson** moved

That the amendment as offered by **Mr. Ferguson** be laid upon the table.

Which motion prevailed.

And the amendment as offered by **Mr. Wasson** was agreed to.

And paragraph third, as amended, was approved.

And paragraph fourth of the bill, as follows:

Fourth. Said railroad shall lay no tracks longitudinally on any street now opened in the City of Pittsburgh, and shall, at its own expense, construct and maintain overhead or undergrade crossings of a design to be approved by the Mayor and Director of the Department of Public Works of the City of Pittsburgh wherever its tracks shall cross any street now or hereafter opened, and all supports and abutments for crossings shall be upon the property of the railroad company, and shall not extend into any street.

Was read.

**Mr. Wasson** moved

To amend the bill by striking out the paragraph, and inserting in lieu thereof, the following:

"Fourth. The said railroad shall lay no tracks longitudinally on or over or under any street now open in the City of Pittsburgh, except to the extent the same runs under Bluff street as at present located, and shown on the official survey filed in the office of the Bureau of Surveys, and the Pittsburgh & Tube City Railroad Company shall, at its own expense, construct and maintain overhead and undergrade crossings of a design to be approved by the Mayor and Director of the Department of Public Works of the City of Pittsburgh wherever its tracks shall cross any street now or hereafter opened, and all supports or abutments for crossings shall be upon the property of the railroad company, and shall not extend on to any street. Wherever any street shall be hereafter laid out and opened across said road, the city shall determine whether it shall cross above or below grade."

Which motion prevailed.

And paragraph fourth of the bill, as amended, was approved.

**Mr. Wasson** moved

To amend the bill by adding a new paragraph to be known as paragraph fifth, as follows:

"Fifth. That the use of soft coal for use on locomotives as fuel is prohibited."

Which motion prevailed.

And paragraph fifth was approved.

And paragraph fifth of the bill, as follows:

Fifth. That the said company shall observe the conditions imposed by the Department of Public Works of the City of Pittsburgh for the regulation of water courses and drains, water mains, gas mains, electric light or telephone conduits, and wherever the construction of the road may interfere with the same, shall bear the expense of any changes necessitated thereby.

Was read.

**Mr. Wasson** moved

To amend the bill by striking out paragraph fifth and inserting in lieu thereof a new paragraph, to be known as paragraph sixth as follows:

"Sixth. That the company shall observe the conditions imposed by the Department of Public Works of the City of Pittsburgh for the regulation of water courses and drains, sewers, water mains, gas mains, electric light or telephone conduits, and wherever the construction of the road may interfere with the same, shall bear the expense of any changes necessitated thereby."

Which motion prevailed.

And the paragraph, as amended, was approved.

And

Sixth. That this franchise shall be forfeited in the event of its sale to any railroad now having an entrance into the City of Pittsburgh by means of its own tracks, or its sale to any railroad now having an entrance into the City of Pittsburgh by means of the leasing or stock control of some other railroad; or in case that by lease or stock control of the said Pittsburgh & Tube City Railroad Company or any other method, the said Pittsburgh & Tube City Railroad Company shall pass into the control directly or indirectly of any such first described railroad.

Was read.

**Mr. Wasson** moved

To amend the bill by striking out the paragraph, and insert in lieu thereof paragraph seventh, as follows:

"Seventh. That this franchise shall be forfeited in the event of its sale to any railroad now having an entrance into the City of Pittsburgh by means of its own tracks, or its sale to any railroad now having an entrance into the City of Pittsburgh by means of the leasing or stock control of some other railroad, or in case that by lease or stock control of the said Pittsburgh & Tube City Railroad Company, or any other method, the said Pittsburgh & Tube City Railroad Company shall pass into the control directly or indirectly of any such first described railroad."

**Mr. Ferguson** moved

To amend the paragraph in the last line before the word "Railroad," by striking out the words, "Such first described."

Which motion did not prevail.

And the amendment as offered by **Mr. Wasson** was agreed to.

And the paragraph, as amended, was approved.

**Mr. Wasson** moved

To amend the bill by adding a new paragraph, to be known as paragraph eighth, as follows:

"Eighth. That upon the violation of any of the conditions upon which this ordinance is granted, the City of Pittsburgh may declare the franchise granted to the Pittsburgh & Tube City Railroad Company forfeited, and, subject to the bonded indebtedness of the said road, offer the franchise for sale to the highest bidder."

Which motion prevailed.

And paragraph eighth was approved.

And

Section 2. That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby repealed, so far as the same affects this ordinance.

Was read and approved.

**Mr. Martin** moved

That the bill be adopted as a whole on second reading as amended.

Which motion prevailed.

And the bill, as amended, was laid over for reprinting.

**Mr. Gulland** moved

That the Pittsburgh & Tube City Railroad Company place their plans and specifications of the road on file in the Bureau of Surveys from to-morrow (Tuesday) until the next meeting of Councils for the members to view.

**Mr. Melaney** moved

To amend that plans and specifications of said road be filed in the Bureau of Surveys for the benefit of Councils.

Which amendment prevailed.

No. 413.

MAYOR'S OFFICE,  
PITTSBURGH, October 8, 1906.

To the Honorable, The Select and Common Councils, of the City of Pittsburgh.

GENTLEMEN:—I have the honor to transmit herewith, copy of an opinion received from W. B. Rodgers, Esq., City Solicitor, in relation to street railway tracks on Shady avenue and Braddock avenue, as requested in Resolution No. 362.

I am, very respectfully,

GEORGE W. GUTHRIE,

Mayor.

DEPARTMENT OF LAW,  
CITY OF PITTSBURGH, OCTOBER 8, 1906.  
HON. GEORGE W. GUTHRIE,

Mayor.

DEAR SIR:—I have received your letter of September 13, 1906, referring to me Resolution No. 362, which refers to railway tracks on Shady avenue from Forbes street to Fifth avenue, and on Braddock avenue from Frankstown avenue to Hamilton avenue. The preamble to this resolution avers that the Bates street railway obtained the city's consent for the construction of certain branches on Shady avenue and Braddock avenue and allowed its charter to expire without obtaining any consent for its main line. The resolution directs you to make inquiry and report to Councils by whom the tracks were laid and by what right and authority they are maintained and operated. Also to take proper action for the removal of the tracks if they are found to have been built without authority of law.

First. The tracks in question were laid, I understand, by the Pittsburgh Railways Company. They were laid under authority of an ordinance approved 2nd March, 1904, a copy of which is found in Municipal Record 1893-1904, at page 192. This ordinance grants the right to the Bates Street Railway Company, its successors, lessees and assigns, to enter upon, use and occupy a great number of streets in the City of Pittsburgh, and among those streets are Shady avenue from Forbes street to Fifth avenue, and Braddock avenue from Frankstown avenue to Hamilton avenue. There is no mention in this ordinance of either main line or branches, but it is a grant to construct and operate a passenger railway upon the streets named therein.

Second. Section 5 of this ordinance provides that the consent of the city is given to the street railway company, its successors, lessees and assigns, at its option, to be exercised within two years after the passage and approval of the ordinance, to abandon such portion of its route as it may deem unnecessary for the accommodation of the public, provided that proper action of the company, its successors, lessees and assigns, abandoning such portion of its route

shall be duly certified under the hands and seals of the proper officers of the company and filed with the Controller and Director of the Department of Public Works. I am informed that no such certificate has been filed in either of the offices referred to.

Third. As stated above, the preamble of this resolution avers that the Bates Street Railway Company obtained the consent of the City for the construction of certain branches on Shady avenue and Braddock avenue and allowed its charter to expire without obtaining consent for its main line. However, that may be as a proposition of law, I do not think that the City is in a position to raise the question. If it is a good proposition at law it can be raised by the Attorney General at the instance of any citizen or possibly by proceeding instituted in the Courts by any citizen owning property whose rights are specifically affected by the occupation of the streets named. The city in this case passed an ordinance giving the right to the Bates Street Railway Company to lay tracks upon a number of streets, including those referred to in the resolution. There is no mention in the ordinance of either main line or branches but the grant is to construct an entire line.

Further, the ordinance provided that the Railway Company might abandon such portion of its route as it might consider to be unnecessary. It is true that the ordinance provides that in case of abandonment corporate action shall be taken within two years and certificates filed. A failure to take such action doubtless would give the city a right to proceed, but that proceeding would be for the enforcement of the ordinance and not for the forfeiture of the rights because of the failure to build the main line.

Fourth. The city may file a bill in equity against the railway company to enforce the ordinance, namely, to compel the company to build its line along the entire route specified in the ordinance, or to remove the tracks already laid. If, on the trial of the case, it should appear that within two years, after the passage of the ordinance the company, its successors, lessees or assigns had, by proper action, abandoned any portion of its line, I do not think the Court would compel the removal of the tracks laid on such portion of the line as it was desired to retain because of the mere fact that the necessary certificates had not been filed. These certificates, however, should be filed.

It may be that on the trial of the case, if the company would, by proper corporate action, determine to abandon any portion of its line which was unnecessary the Court even then might refuse to compel the removal of the tracks in question in this case. Because in that case the Court might well say that the failure to construct within two years was, in fact, as in law, an abandonment of such portions of the line as had not been occupied.

However, if the company should maintain that it had the right to occupy such portions of the route as it thought fit and hold the balance of the streets without doing anything further, I think the Court would by its decree compel the removal of the tracks already laid and decree a forfeiture of the remainder of the route.

I would think that in this case the proper course to take would be for you to notify the Bates Street Railway Company and the Pittsburgh Railway Company to at once file with the Controller and the Director of the Department of Public Works the certificate above referred to if, in fact, any portions of the route have been abandoned. In case of the failure

to file such certificates then a bill should be filed to compel the removal of the tracks referred to in this resolution.

Respectfully submitted,  
(Signed) W. B. RODGERS,  
City Solicitor.

Which was read.

Mr. Ferguson moved

That the communication be returned to the Mayor to get the desired information relative to these street railways, and that the City Solicitor be instructed to communicate with the Attorney General and ask for the information that the Honorable Mayor desires, and that when obtained, it be communicated to this Council.

Which motion prevailed.

OFFICE OF DEPARTMENT OF PUBLIC WORKS }  
PITTSBURGH, OCTOBER 1, 1906. }

To the Members of Select and Common Councils.

GENTLEMEN:—I beg to acknowledge receipt of C. C. Bill No. 151, being a "Resolution instructing the Director of this department to report to Councils action taken in regard to purchase of a park in the 32nd Ward."

I visited, in company with a committee of citizens, the Wilbert Grove site and the Bingham site about a month ago. It was arranged with this committee and members of the Board of Trade that the people of the ward give an expression of opinion as to the site that would best meet their wishes. As a result, the Mt Washington Board of Trade has passed a resolution endorsing the Wilbert Grove site. Various petitions and letters have been received by the department recommending that site. The Board of Trade also appointed a committee of real estate men to investigate the prices of the two sites. This committee reported that the Wilbert Grove site (about thirty acres) could be purchased for about \$50,000.00. They also reported that they could obtain no price on the Bingham site.

From the petitions and letters received by this department, the Wilbert Grove site is undoubtedly the choice of the people of the ward. A large part of it has been platted into lots and is in the hands of various owners. For this reason I would respectfully recommend that the department be authorized to appoint a committee of three to take options on the property, with a view of establishing the price to be paid by the city.

Very respectfully,

J. W. CLARK,

Director, Department of Public Works.

Which was read.

Mr. Soffel moved

That this body give the Director of the Department of Public Works the authority to appoint a committee of three to ascertain the cost of a park in the Thirty-second ward.

The Chair decided that to so authorize the Director would require action of both branches of Councils, and Common Council could not authorize it without the consent of the other branch.

Mr. Soffel moved

That the communication be received and action of the Director approved.

Which motion prevailed.

Mr. Soffel asked and obtained leave to present

No. 415. Resolved, By the Select and Common Councils, that the Director of the Department of Public Works shall be and he is hereby authorized to appoint a committee of three to take options on the Wilbert Grove site, Thirty-second ward, with a view of establishing a price to be paid by the city for the said property for the purpose of a public park.

Which was read and adopted.

Mr. Klein reported from the Committee on Surveys, with an affirmative recommendation,

C. C. Bill No. 93. An Ordinance entitled "An Ordinance authorizing the vacation of a five-foot strip of ground on the northerly and southerly side of Fair Oaks street, from the east line of Elizabeth E. Kennedy's property to a point 160 feet west from Negley avenue.

Which was read.

Mr. Wasson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Mr. Melaney presented.

No. 455. Resolution. Whereas the lists specifying the materials to be purchased to supply the various departments of the City, has not been revised for several years; and

Whereas these lists do not specify sufficiently clear the grade and quality of the goods to be quoted on; and

Whereas there being no two bidders quoting on exactly similar materials it becomes almost impossible to compare the different quotations on an equitable basis; and

Whereas this will permit the successful bidder to supply different materials from those quoted on and still be within the specifications.

Be it resolved, That the Mayor be requested to instruct the heads of the various departments to revise these lists, specifying the standard of quality of each article to be quoted on, so that all bidders may quote on the same article or its equivalent and that these lists be in readiness for the next annual purchase of supplies.

Which was read.

Mr. Melaney moved

That the resolution be adopted.

Which motion prevailed.

And on motion of Mr. Ferguson Council adjourned.

Mr. Martin presented

No. 486.

PITTSBURGH, October 27, 1906.

To the Select and Common Councils of the City of Pittsburgh, Pa.:

Gentlemen:

Your Special Committee, appointed for the purpose of investigating the advisability of erecting a municipal building on

the Diamond square, respectfully reports as follows:

Your Committee met on October 4th, 1906, and organized by the election of Mr. W. A. Martin as chairman, and appointed a sub-committee on the sale of city hall and the public safety building, said committee being composed of Messrs. Liggett and Weber, and a sub-committee for the erection of a building for a new city hall, consisting of Messrs. Burns and Franklin. The Chairman, M. A. Martin, was requested to call on the Mayor in reference to securing his ideas on the construction of a new city hall, and whether the mayor thought the city actually needed a new building, and any other information that might be secured through the mayor.

Your committee again met on October 26th, 1906, and the sub-committee on the sale of the city hall and public safety building reported that for the city hall property they could receive \$1,400,000.00, based on the sale of the Schmidt property in that vicinity, and for the public safety building, on Sixth avenue, they could receive \$365,000.00, based on the last sale of property in that vicinity, which was at \$5,000.00 a foot front, and the building is worth \$100,000.00. Mr. Weber stated, that on a square foot basis, the public safety property was worth \$660,000.00. The sub-committee reported that it was positive that \$2,000,000.00 could be realized from the sale of the two properties.

The sub-committee on the erection of a new city hall in the Diamond square reported that a building should be constructed on 200 feet square, 10 stories in height, stone faced, work completed inside of two years, would cost \$2,250,000.00.

Your Committee begs leave to inform your Honorable Bodies that the Diamond square site is but 150 feet square.

Respectfully submitted,

WM. A. MARTIN,

PAUL H. FRANKLIN,

WM. H. WEBER,

H. B. BURNS.

Which was read, received and filed.

Mr. Ross reported

From the special committee of Common Council.

C. C. Bill No. 279. An Ordinance entitled "An Ordinance relating to sidewalk paving, curbstone setting and boardwalks; regulating the construction and repair of the same; imposing duties upon the owners of abutting or adjoining properties; and providing for the collection of the cost and expense of construction and repair in case of default of such property owners."

Which was read.

Mr. Lanz moved

To take up the bill section by section.

Which motion prevailed

Section 1. Which reads as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That all sidewalk pavements, curbing and boardwalks, and the laying and repair of the same, shall be under the direction and control of the Department of Public Works. The width of sidewalks in the City of Pittsburgh shall be as follows:

On a 20-foot street, 3 feet; on a 24-foot street, 5 feet; on a 40-foot street, 9 feet; on a 45-foot street, 10 feet in width on each side, and one-fifth of the width of all other streets, except as hereinbefore provided by special ordinance; the width of all boardwalks shall be four (4) feet.

Which was read and approved.

Also

Section 2. Which reads as follows:

"Section 2. Sidewalk pavements on all streets or roadways which have been or may be paved with asphalt, rectangular Ligonier or granite block stone or paving brick, shall be laid with flagstone, artificial or granolithic stone or asphalt, and all streets or roadways which have been or may be paved with irregular block stone or cobble stone shall have flagstone or brick sidewalk pavements laid in accordance with the provisions of this ordinance."

Which was read and approved.

Also

Section 3. Which reads as follows:

Section 3. All sidewalk pavements, whether of brick, flagstone, asphalt, artificial or granolithic stone, and all boardwalks shall be constructed as follows, to-wit:

All sidewalks shall first be graded to conform to the established grade of the street. All sub-soil or other matter (whether earth, rock or other material) shall be excavated and removed to the required depth of the sub-grade. Should there be any spongy material or vegetable matter in the bed thus prepared, all such material shall be removed, and the space filled with clean gravel or sand and carefully rammed, so as to make such filling compact and solid. Upon this foundation for brick sidewalks shall be laid a layer of coarse cinder or stone, broken so as to pass through a three-inch ring, to a depth of four inches, which shall be thoroughly compacted by tamping upon which a layer of sand or coke cinder for a depth of two inches shall be laid to bed the bricks, which layer shall be 2½ inches below the grade line of the pavement, which line shall have an inclination of not more than ½ inch to the foot rise from the curb to the building line. Upon the foundation similarly prepared for asphalt sidewalks, either Neuchatel or Seyssel rock asphalt, or Vulcanite asphalt and Trinidad asphalt, shall be laid a layer of broken stone 6 inches in thickness, or coarse cinders 8 inches in thickness when rammed. The broken stone shall be of such size as to pass through a three-inch ring, and the layer or bed shall be thoroughly compacted by tamping and rolling. Upon said layer or bed shall be laid a hot binder composed of Ligonier or granite stone or gravel, thoroughly screened and cleaned, the sizes of stone or gravel not to exceed 1¼ inches in their largest dimensions, and the same to be well heated, properly and thoroughly mixed with hot composition, coal tar or pitch, or coal tar residuum (commonly known as No.

4 paving composition) in proportion of one gallon of composition to one cubic foot of stone or gravel, shall, while hot, be spread evenly on the stone or cinder base, in such quantity as to be two inches in thickness after being thoroughly rolled and tamped. The top of the layer shall be one inch below the grade line of the pavement, which line shall have an inclination of one-fourth inch to the foot rise from the curb to the building line. Upon the surface of hot binder shall be laid the wearing surface or pavement proper, one inch in thickness when compacted, the basis of which shall be rock asphalt mastic, either Neuchatel, Seyssel or Vulcanite asphalt, or Standard street asphalt. The Neuchatel or Seyssel asphalt shall contain 60 to 70 per cent. of pure asphalt, 5 to 10 per cent. best French bitumen, 5 to 10 per cent. Trinidad, 20 per cent. clean white grit, said mixture to be cooked and laid at a temperature of 450 degrees Fahrenheit.

Which was read.

Mr. Wasson moved

To amend on page 2, section 3, line 2, by striking out the words "and all boardwalks."

Which motion prevailed.

Section 4. Which reads as follows:

#### TRINIDAD ASPHALTUM PAVEMENTS.

Section 4. Upon the aforesaid surface of hot binder shall be laid the wearing surface or pavement proper, one (1) inch in thickness when compacted by rolling with a rolled of not less than 500 pounds weight.

Trinidad asphaltum pavements shall be composed of the following: 1st, refined asphaltum, 100 parts; 2nd, heavy petroleum oil, 20 parts; 3rd, fine sand and not more than one per cent. of hydro-silicate of alumina; 4th, fine powder of carbonate of lime. The asphaltum shall be especially refined and brought to a uniform standard of purity and gravity of quality, to be approved by the Chief of the Department of Public Works.

The wearing surface shall be composed of: Asphalt cement, from 12 to 15 parts; Allegheny River sand, 70 to 83 parts pulverized carbonate of lime, 5 to 15 parts. The sand and asphaltic cement shall be heated separately to about 300 degrees Fahrenheit. The pulverized carbonate of lime, while cold, shall be mixed with hot sand in the required proportions, and then mixed with the asphaltic cement at the required temperature and in the proper proportions, in a suitable apparatus which will effect a perfect mixture; same to be delivered on the work at a temperature of 250 degrees Fahrenheit, and to be evenly and rolled as above described.

#### TRINIDAD VULCANITE ASPHALTIC PAVEMENT.

Upon the foundation and binder, as described in section 3, shall be laid the wearing surface of one (1) inch of as-

phaltic cement prepared in the following proportions and manner:

Trinidad vulcanite cement—Trinidad asphalt, 28 to 43 parts; No. 4 pitch, 57 to 72 parts. The wearing surface shall be composed of asphaltic cement, 14 to 18 parts; crushed Ligonier stone, 41 to 43 parts; sharp river sand, 41 to 43 parts, with sufficient sulphur, lime and cement to harden the asphaltic cement. The whole to be screened through a revolving screen and heated in revolving heaters and properly mixed in a steam mixer, shall be spread, while hot, evenly upon the binder in such quantity as when compactly rolled with a steam roller to be one (1) inch in thickness, the whole making one homogeneous mass.

Upon the foundation thus prepared for a sawed flagstone pavement 3 inches in thickness shall be laid a layer of coarse cinder or stone, broken so as to pass through a 3-inch ring, for a depth of 6 inches, which must be made solid by tamping, upon which a layer of sand or coke cinder, for a depth of 3 inches shall be laid to bed the flagstone, which bed or layer of cinder shall be 3 inches below the grade line of the pavement, which line shall have an inclination of  $\frac{1}{4}$  inch to the foot rise from the curb line to the building line.

Upon the foundation prepared for an artificial or granolithic stone pavement, there shall be laid a layer of clean, coarse cinder, to be thoroughly damped and layed in layer of two inches in thickness to a depth of eight inches, after thorough rolling and tamping with a roller of not less than 500 lbs weight. Upon said layer or bed of cinder shall be laid a foundation three inches in thickness of cement concrete, composed of one part Dyckerhoff or other equally as good Portland cement, and five (5) parts clean pea gravel, limestone or Ligonier stone grit, the same to be thoroughly mixed and dry, and then sufficient water added to thoroughly dampen the same when mixed. Said concrete shall then be placed and thoroughly rammed, on which shall be laid the wearing surface or pavement proper,  $1\frac{1}{2}$  inches in thickness, to be composed of one part Dyckerhoff, or other equally as good Portland cement, and clean coarse sand, free from any impurities, which last finished layer shall conform to the grade line of the sidewalk or pavement, which grade line shall have an inclination of  $\frac{1}{4}$  inch to the foot rise from the curb line to the building line. Sub-drains shall be dug every 20 feet from the sidewalk to the curb.

Which was read.

Mr. Lanz moved

To strike out in lines 41 and 46 on page 3, section 4, the words, "Dyckerhoff" and insert in lieu thereof the words "any first-class American cement"

Which motion prevailed.

Mr. Hirsch moved

To receive and accept the amendments as recommended by the Special Committee of Common Council.

Which motion prevailed.

Which were received.

Mr. **Savage** moved

To reconsider the vote by which

S. C. Bill No. 203, "An Ordinance in relation to streets and sidewalks" was this day indefinitely postponed.

Which motion prevailed.

Mr. **Hirsch** moved

That the amendments as recommended by the special committee of Common Council be printed and mailed to the members of Councils.

Which motion prevailed.

Mr. **Soffel** presented

No. 487. Resolved, By the Select and Common Councils, that the authority shall be and is hereto extended to the special joint committee, appointed for the purpose of investigating the advisability of erecting a municipal building on the Diamond Square, in which shall be located the offices of all the several departments and bureaus of the city government; to report and estimate the probable price on any other property or location suitable for a municipal building.

Which was read and adopted.

Mr. **Melaney** called up

S. C. Bill No. 115. An Ordinance entitled, "An Ordinance authorizing the vacation of King avenue, from Hampton street to Baights avenue."

Which was read.

Mr. **Melaney** moved

To reconsider the vote by which the bill was read a third time and finally passed.

On which motion a division of the vote was had, and the ayes were 29, noes 13.

So the motion prevailed.

And on motion of Mr. **Anderson** Council adjourned.

S. C. No. 224.

PITTSBURGH, September 10, 1906.

To the Select and Common Councils of the City of Pittsburgh, Pa.:

GENTLEMEN:—The petition of John M. Dickson respectfully represents that on June 7, 1905, municipal liens were filed for the grading, paving and curbing of Frankstown avenue against two lots which he owns and the lot adjoining on the east for the sum of \$474.61, in the name of George West and George W. Wilson. That the lots owned by him have a frontage of 45 feet, while the whole frontage of the property covered by this lien is 67 feet. That the fee for one lot still remains in the name of said West and Wilson. He, therefore, asks that on payment of his proportionate share of the lien as filed, his lot may be released from the lien of judgment, and he will ever pray, etc.

Respectfully submitted,

JOHN M. DICKSON.

Which was read, received and filed.

Also

C. C. No. 386. Resolved, That the City Attorney shall be and he is hereby authorized, empowered and directed, on payment by John M. Dickson of his proportionate share of the lien filed at No. 16 August Term, 1905, for the grading, paving and curbing of Frankstown avenue in the name of Geo. West and Geo. W. The Chair presented

No. 506.

OFFICE OF DEPARTMENT OF PUBLIC WORKS }  
PITTSBURGH, PA., October 31, 1906. }

Robert Clark, Esq., Assistant City Clerk, Pittsburgh, Pa.

DEAR SIR:—Pursuant to Common Council C. C. Resolution No. 451, I beg to report progress on work in Lawrenceville park, as requested.

I had several conferences with President Brand, of Common Council, regarding shelter house to be built in Lawrenceville park, this with a view of changing the location then established.

I met Mr. Brand and Mr. Leanox on the ground and had a survey made to meet the wishes of the people of that community, as expressed by their Councilmen.

We advertised for bids for constructing the house on June 28th, to be opened on July 9th. Previous to July 9th the Mayor left the city on his vacation and did not return until July 30th.

The bids were held over and opened on the morning of July 30th, and contracts were to be awarded on August 2d. The lowest bid for the construction of the shelter house was \$360.00 over and above the \$12,000 available for the purpose.

I took the matter up with the ladies of the Play Ground Association, who had contributed \$3,000 of the \$12,000, with a view of their paying the \$360.00. They agreed to this, but at that time Mr. W. W. Miller, the low bidder, had left the city and could not be reached. Upon his return we had an interview with him and he refused to accept the contract, claiming an error had been made in the calculations.

The bids opened at this time were:

|                        |             |
|------------------------|-------------|
| William W. Miller..... | \$12,360.00 |
| Obits & McConeghy..... | 19,301.00   |
| John S. Elliott.....   | 20,999.00   |

This was in the latter part of August. We then advertised for bids to be opened on September 10th, at which time John S. Elliott was the only bidder, his bid being \$19,955, or \$7,955 over the money available.

We have since that time notified the architects that no further attempt will be made to construct the building under their plans and specifications and have engaged another architect to prepare plans and specifications, which will be completed, we believe, in a few days.

It will be seen that the summer has been wasted away in trying to construct a building the cost of which was far in excess of the amount we had available.

This has also delayed the completion of the grading, it being deemed inadvisable to do any further grading until the foundations of the building were in and the grade made to meet them.

Very truly yours,

J. W. CLARK,

Director Department of Public Works.

Which was read, received and filed.

Mr. **Ferguson** moved

"That the Director of the Department of Public Works be directed to notify Sweeney & Houston (who have the contract with the City of Pittsburgh to do certain work in the Lawrenceville Park, Seventeenth ward) to start and complete the work under said contract."

Which motion prevailed.

Mr. **Melaney** presented

No. 507. Whereas, the public has been shocked by the murder, by burglars and highwaymen, of two well-known citizens within the past ten days; and,

Whereas, The police authorities seem to be unable to bring to justice those who have been committing murder and wholesale depredations upon citizens and private property; and,

Whereas, Section 20 of the City Charter Act of 1901, under the head of "corporate powers, authorizes the officers of the city "To offer rewards for the arrest and conviction of persons guilty of capital or other high crimes within the city, but no policeman shall be entitled to receive any share thereof;" and, therefore,

Be it resolved, That the Mayor of the city and the Director of the Department of Public Safety be and are hereby directed to issue forthwith a proclamation offering to pay on behalf of the City of Pittsburgh a reward of two thousand dollars (\$2,000) for the arrest and conviction or for any information leading to the arrest and conviction of the murderer or murderers of James A. McMillan, a resident of the Twenty-second ward. And the Mayor and the Director of the Department of Public Safety are also directed to offer a reward of two thousand dollars (\$2,000) for the arrest and conviction of the murderer or murderers of Harry F. Smith, a resident of the Nineteenth ward, or for information leading to the arrest or conviction of the murderer or murderers of the said Harry F. Smith; and further,

Be it resolved, That upon the conviction and sentence of the murderer or murderers of the said James A. McMillan and the said Harry F. Smith that the amount stated shall be paid out of the city's contingent fund.

Which was read.

Mr. **Wasson** moved

To strike out the second paragraph, which reads as follows:

Whereas, The police authorities seem to be unable to bring to justice those who have been committing murder and wholesale depredations upon citizens and private property.

Which motion prevailed.

Mr. **Gulland** moved

To amend the resolution

By striking out the words \$2,000.00, and inserting in lieu thereof the words \$5,000.00.

And on a division of the vote the ayes were 15, noes 28.

So the amendment did not prevail.

Mr. **Ferguson** moved

To amend the resolution

By striking out the words \$2,000.00, and inserting in lieu thereof the words \$2,500.00.

Which motion prevailed.

And the question recurring on the resolution as amended.

Which was read.

And the rule having been suspended, the resolution was read a second and third times, and finally passed.

The **Chair** took up

S. C. No. 298. Whereas, It is reported upon good authority that a cemetery or grounds for the burial of the dead, is to be located in the Twenty-first ward, adjoining Highland Park on the east side, and that the Mayor of the city and the Director of the Department of Public Works have approved said location, or are about to do so; and

Whereas, An Act of Assembly of 1895 expressly states, "That it shall be unlawful to use for the burial of the dead, any land, the drainage of which passes into any stream furnishing the whole or any portion of the water supply of any city, except beyond a distance of one mile from such city; and

Whereas, It is alleged that the drainage, or a portion of the drainage from the land where said cemetery is to be maintained flows into the Allegheny river, close to the Brilliant Pumping Station, and will pollute the water supply of the city; and

Whereas, It is believed that the close proximity of a cemetery to Highland Park would be injurious to the recreation or pleasure grounds of the people; therefore, be it

Resolved, That a joint committee of Councils, consisting of two members from the Select branch and three members from the Common branch, be appointed to ascertain the facts and to report at the next meeting of Councils, together with such recommendations as the committee may deem proper in the interest of the public health and comfort; and further, be it

Resolved, That the Mayor and the Directors of the Departments of Public Works and Charities and Correction be and are hereby directed to withhold their approval of the location of said cemetery pending investigation by Councils, and if such approval has already been granted, the said officials are hereby directed to rescind said approval.

In Select Council November 12, 1906. Read and adopted.

And Messrs. **Weber** and **Taylor** were appointed.

Which was read and adopted.

And Messrs. **Ferguson**, **Ross** and **Hirsch** were appointed on behalf of Common Council.

The Chair presented

No. 512.

MAYOR'S OFFICE,

PITTSBURGH, PA., November 19, 1906. }

To the President and Members of Common Council of the City of Pittsburgh:

GENTLEMEN:—The Ordinance, C. C. No. 495, authorizing an increase of the police force of

the City of Pittsburgh was presented to me duly certified by the Clerk of your body on Friday morning, November 16th.

Believing that the Ordinance had been duly passed, I approved it and issued instructions to the Director of the Department of Public Safety to take immediate action for an increase of the police force of the city. This was done.

Since then I learn that by reason of the failure to comply with the mandatory provisions of the Act of Assembly in regard to the mode of procedure for the passage of ordinances, this Ordinance is illegal.

The increase of the police force of the city is needed, and public sentiment demands that it should be made as soon as possible. I would, therefore, request you to call a special meeting of Councils as soon as possible, in order that a proper ordinance for this purpose may be introduced and passed in a legal manner.

In order to secure the proper policing of the city in the meantime, I will not revoke the instructions heretofore issued to the Director of the Department of Public Safety, unless Councils shall fail to take action promptly. Manifestly, however, I should not be expected to assume this responsibility for any long period of time, and I take it for granted that in the ordinance to be passed Councils will ratify and confirm my action, which was taken upon the faith of the former ordinance, which I had a right to believe had been duly passed.

Truly yours,

GEO. W. GUTHRIE,  
Mayor.

Which was read, received and filed.

Also

No. 513.

MAYOR'S OFFICE,

PITTSBURGH, PA., November 21, 1906. }

To the President and Members of Common Council:

Gentlemen:

Referring to the recent resolutions of your Honorable body in reference to the selection of a site for a park in the Thirty-second ward of the City of Pittsburgh, I have the honor to inform you that by an ordinance passed December 28, 1900, and which became valid on January 17, 1901, without the approval of the Mayor, it was enacted that the property in the Thirty-second ward therein described and which is commonly known as the "Bigham property" should be taken and condemned for park purposes, and the proceeds of the bond issue for the purchase of a site in the Thirty-second ward was appropriated and set apart for the payment of the price.

I have been unable to find that this ordinance has ever been repealed.

The proceeds of the bonds having been appropriated and set aside for the purposes specified in this ordinance, it is manifestly impossible to purchase any other property to be paid for with this money, or to proceed any further in regard to securing any other site until the ordinance referred to has been repealed.

I send this communication to you in view of the Ordinance C. C. No. 415, authorizing the Director of the Department of Public Works to appoint a committee to ascertain the price at which the so-called "Wilbert Grove" site could be purchased by the city. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

Mr. Ferguson reported

No. 559.

PITTSBURGH, November 26, 1906.

To the Select and Common Councils of the City of Pittsburgh, Pa.:

GENTLEMEN:—Your special committee appointed to investigate the methods in force in leasing renting and transferring of leases, stands and stalls in the Diamond Market and rent collected for same, respectfully submit the following report:

Your committee made a personal visit to the Diamond market house, and found the condition of affairs not to its liking. Therefore, your committee would recommend the following improvements:

1st. That the streets, in and around the Diamond square be kept clean and flushed with water at least twice a week. The outside renters to be required to furnish a box or can, and place the same alongside of their stand so that all their vegetables, fruit and all other garbage be placed in the same in order that the city wagons may handle it easily—at present it is thrown on the streets; that the said cans or boxes must be kept in a sanitary condition by the renters; that the clerk of the market be instructed to have removed and kept away all empty boxes, baskets, both from the streets and more particularly from the top or roof of stands, as they are dangerous to adjacent property in case of fire.

2nd. Your committee would say further that it found the inside lower floor of the market in a very filthy condition. The walls and ceiling on the first and second floors should be thoroughly washed and painted, as well as the outside walls of the building, and as for the windows on the ground floor—there are many without glass, and those with glass, your committee judges have not been cleaned for several years. The ground floor of the market is kept very untidy with paper and other rubbish. Your committee would call the attention of the Market Clerk to the useless waste of gas all over the market during the day time.

3d. Your committee suggests, in the way of an improvement for the second floor of the west side of the market, the taking out of all the unoccupied stands and replacing them

with benches so as to give more room to the farmers. The city would derive more rent by so doing, as no rent comes from this floor at the present time; would also suggest the construction of two elevators so that the purchasers of goods can more easily reach the second floor. The stairway is hard to climb and very dangerous, as people coming down with any kind of a burden or basket are liable to slip. The elevators could be nicely placed at the entrance to the stairway, and your committee believes the improvement would more than pay for itself in the way of rent.

Would also call attention to the poor sanitary condition of the water closets and the condition of the street on the west side of the market. Your committee also found many stands on the sidewalk, and would suggest that the City Ordinance Officer look to the sidewalk obstructions as per city ordinance.

Your committee would recommend the appointment of one person, whose duty it shall be to keep the windows clean, and also one person whose duty it shall be to assist the present employees to keep the market clean.

In the opinion of your committee there is no business judgment used in running the market, and it seems to be left to take care of itself.

Respectfully submitted,  
HUGH FERGUSON, Chairman.  
WILLIS D. STOCKDALE,  
JOHN F. KLEIN,  
Committee.

Which was read, received and filed.

Also

C. C. Bill No. 131. An Ordinance entitled, "An Ordinance regulating the leasing of stalls and stands in the Diamond Market."

In Committee on Public Works October 4, 1906. Adopted as substitute for Ordinance C. C. No. 131, and ordered to be returned to Councils, with an affirmative recommendation.

In Common Council October 8, 1906. Read a first time.

In Common Council October 22, 1906. Read and referred to a special committee of three.

In special committee November 26, 1906. Returned to Councils with an affirmative recommendation as amended.

Which was read.

Mr. Ferguson moved

That the amendments as recommended by the special committee be approved as follows:

In Section 1, Lines 7 and 8, strike out "sixty (60)" and change to read: "Terminable upon notice by the Director of the Department of Public Works in case new market house is built. Any part of unexpired term of said three years' lease shall be transferred to the new market house."

Section 2. Strike out Section 2 and insert: "That all outside stands of the market house be leased for a term of three years at an increase of 30 per cent. over and above the amount of rent now paid for said stands."

Section 4. Change line 5 to read: "Stands Nos. 1 to 8 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 6 to read: "Stands Nos. 9 to 12, now rented as a restaurant, to pay \$900.00."

Change line 10 to read: "Stands Nos. 26 and 27 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 11 to read: "Stands Nos. 28 to 35 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 12 to read: "Stand No. 36 to pay \$600.00."

Change line 13 to read: "Stands No. 37 to 40 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 14 to read: "Stands Nos. 41 and 43, now rented as a restaurant, \$900.00."

Change line 15 to read: "Stand No. 42 to pay \$250.00."

Change line 16 to read: "Stand No. 44 to pay \$450.00."

Change line 17 to read: "Stand No. 45 to pay \$600.00."

Change line 18 to read: "Stand No. 46 to pay \$800.00."

Change line 19 to read: "Stand No. 47 to pay \$750.00."

Change line 20 to read: "Stand No. 48 to pay \$800.00."

Change line 21 to read: "Stand No. 49 to pay \$800.00."

Change line 22 to read: "Stand No. 124 to pay an increase of 30 per cent. over and above the amount now paid for said stand."

Change line 23 to read: "Stands Nos. 72 to 85 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 24 to read: "Stands Nos. 96 to 119 each to pay an increase of 30 per cent. over and above the amount now paid for said stands."

Change line 26 to read: "Stand No. 121 to pay an increase of 30 per cent. over and above the amount now paid for same."

Change line 27 to read: "Stand No. 122 to pay \$500.00."

Change line 28 to read: "Stand No. 123, while in use as an ice box, \$210.00."

Change line 29 to read: "Stand No. 125, \$200.00."

Section 5. Line 7, strike out "one" and substitute therefor "two," to read: "Hold interest in more than two stands, stalls or spaces."

Strike out all of Section 7.

Which motion prevailed.

Mr. Savage moved

To amend in Section 1, line five, by striking out "three" and insert in lieu thereof the word "two."

Mr. Savage asked permission to withdraw his motion.

Which was granted.

Mr. Blessing moved

To defer action on the bill until the next meeting of Council.

And on a division of the vote the ayes were 20, noes 25.

So the motion did not prevail.

Mr. Ferguson moved

That the bill be agreed to on second reading as amended.

Which motion prevailed.

And the bill was ordered printed as amended.

#### BUSINESS FROM SELECT COUNCIL.

##### C. C. No. 544.

Whereas, An Ordinance passed Select Council on July 2, 1906, granting certain rights to the Pittsburgh & Tube City Railroad Company, and said Ordinance is now pending in Common Council; and,

Whereas, Suit has been entered against a certain member of Common Council for conspiracy in connection with this Ordinance; and,

Whereas, The public press has charged that four members of Select Council were paid the sum of \$40,000.00 in connection with the passage of said Ordinance, and that the sum of \$70,000.00 was to be paid for the passage of said Ordinance in Common Council; therefore, be it

Resolved, That a committee of seven (7), three (3) from Select and four (4) from Common Councils, be appointed by the respective Presidents thereof, to act in conjunction with the Mayor and the City Solicitor, for the purpose of investigating the said charges; and it is further

Resolved, That for the purposes of the investigation, as aforesaid, the said committee be and are hereby given full power and authority to subpoena witnesses and examine them under oath, and that said committee report its findings to Councils for action thereon. The expenses incurred in said investigation to be paid out of Appropriation No. 42, Contingent Fund, on vouchers approved by said committee.

That the City Solicitor be directed and authorized, and is hereby directed and authorized to institute criminal proceedings against any person or persons alleged to have promised or given a bribe or corruptly solicited any member of the Councils of the City of Pittsburgh.

The City Solicitor is also hereby directed to institute criminal proceedings against any member of the Councils of the city whom it is alleged has promised to accept or receive a bribe.

In Common Council November 26, 1906. Passed.

In Select Council November 26, 1906. Amended by striking out the words, "The expenses incurred in said investigation to be paid out of Appropriation No. 42, Contingent Fund, on vouchers approved by said committee."

Also

By adding the words as follows:

"That the City Solicitor be directed and authorized, and is hereby directed and authorized to institute criminal proceedings against person or persons alleged to have promised or given a bribe or corruptly solicited any member of the Councils of the City of Pittsburgh.

The City Solicitor is also hereby directed to institute criminal proceedings against any member of the Councils of this city whom it is alleged has promised to accept or receive a bribe."

And as amended passed.

Which was read as amended.

Mr. Wasson moved

That Common Council adhere to its former action.

Which motion prevailed.

And the Clerk so notified Select Council.

The Clerk of Select Council being introduced, messaged

C. C. No. 544. Resolution for the appointment of a special joint committee of seven for the purpose of investigating charges against members of Councils relative to the passage of an ordinance granting certain rights to the Pittsburgh & Tube City Railroad Company.

And notified Common Council that Select Council had refused to recede from their former action, and asked for a committee of conference, and appointed Messrs. Burns, Weber and Williams,

And the Chairman of Common Council appointed Messrs. Soffel, Wasson and Ferguson as conferees.

##### S. C. No. 310.

MAYOR'S OFFICE,  
PITTSBURGH, PA., November 21, 1906.

To the President and Members of Select Council.

GENTLEMEN:—I have the honor to return herewith, without my approval, Ordinance S. C. No. 185, passed November 12, 1906, authorizing and directing the City Solicitor to satisfy the city lien filed at N. L. D. No. 50 October, 1892, on payment of \$240.00. The amount due the city at the time of the filing of the lien was \$3,322.14, and the City Solicitor informs me that only \$822.14 have been paid on account of the principal debt, and that only 72 feet of the frontage has been released on account of such payments, leaving a balance of 168 feet subject to the remainder of the debt, and he is of opinion that the whole debt can be collected from the property.

The city has been obliged to pay this money for this improvement; the amount of the lien was fixed by the Viewers, and afterwards confirmed by judgment rendered on April 6, 1898.

No reason has been shown to me why the city should release this lien and give this large sum of money to the property owner.

I am very respectfully yours,

Geo. W. GUTHRIE,

Whereas, In consideration of the great commercial and manufacturing advantages to this city that must follow the improvement of its waterways, Councils should encourage in every possible manner the continuance of the work now under way and contemplated between this city and Cairo on the Ohio river.

In view, therefore, of the vast interests affected and the constant effort necessary to succeed it is well that Councils, representing the people, take such action as will secure authorized representation at the Rivers and Harbors Convention of the United States, to be held in Washington City, December 6th and 8th next; therefore, be it

Resolved, That Councils request Hon. Geo. W. Guthrie, Mayor of this city, to attend this National Convention in his capacity as Mayor, where his word and influence may be exerted in the promotion of this much needed enterprise.

In Select Council November 26, 1906. Read and adopted.

Which was read.

Mr. Forrest moved

That the action of Select Council be concurred in.

No. 603.

PITTSBURGH, December 4, 1906.  
To the President and Members of Common Council.

GENTLEMEN:—Your Committee of Conference, to which was referred C. C. No. 544, resolution for the appointment of a special joint committee of seven to investigate certain charges against members of Councils relative to the passage of an ordinance granting certain rights to the Pittsburgh & Tube City Railroad Company, beg leave to report that it has agreed upon the resolution as follows:

H. B. BURNS,  
WM. H. WEBER,  
C. C. WILLIAMS,  
JACOB SOFFEL,  
JOSEPH C. WASSON,  
HUGH FERGUSON,  
Committee.

"Whereas, An ordinance passed Select Council on July 2, 1906, granting certain rights to the Pittsburgh & Tube City Railroad Company, and said ordinance is now pending in Common Council, and,

Whereas, Suit has been entered against a certain member of Common Council for conspiracy in connection with this ordinance; and,

Whereas, The public press has charged that four members of Select Council were paid the sum of \$40,000.00 in connection with the passage of said ordinance, and the sum of \$70,000.00 was to be paid for the passage of said ordinance in Common Council; therefore, be it

Resolved, That a committee of seven (7), three (3) from Select and four (4) from Common Councils be appointed by the respective Presidents thereof, to act in conjunction with the Mayor and City Solicitor, for the purpose of investigating the said charges; and it is further

Resolved, That for the purposes of the investigation, as aforesaid, the said committee be and are hereby given full power and authority to subpoena witnesses and examine them under oath, and that said committee report its findings to Councils for action thereon."

Which was read.

Mr. Soffel moved

The adoption of the report and the final passage of the resolution.

Upon which motion the ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

MAYOR'S OFFICE,  
PITTSBURGH, January 14, 1907.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—In compliance with the requirements of the City Charter, I have the honor of transmitting for your consideration a statement of the receipts of the city for the first eleven months of the fiscal year, commencing February 1st, 1906, and of the disbursements of the various departments for the first ten months, together with an estimate of the disbursements for the remaining two months.

I also submit an estimate of the current receipts and disbursements for the fiscal year beginning February 1st, 1907.

The estimated receipts for the year commencing February 1st, 1906, were:

|                                                                                                   | \$15,240,239 85 |

The actual disbursements of the various Bureaus of the Department of Public Works, Public Safety and Public Charities for the first ten months of the year and estimated expenditures for the last two months, together with the appropria-

tions therefor, including balances, are shown on sheet "B." hereto attached.

The estimated receipts for the year commencing February 1st, 1907, are as follows: (For details see sheet "C.")

|                                                                                         |                       |
|-----------------------------------------------------------------------------------------|-----------------------|
| City tax (11½ mills on \$490,000,000, less usual allowance of 17% for delinquents)..... | \$1,677,050 00        |
| Water rents (less same allowance) .....                                                 | 780,000 00            |
| Delinquent taxes .....                                                                  | 950,000 00            |
| Liquor licenses .....                                                                   | 520,000 00            |
| Fines, licenses, etc.....                                                               | 1,211,553 00          |
| Bonds to pay judgments, etc..                                                           | 800,000 00            |
|                                                                                         | <u>\$8,938,603 00</u> |

The reduction in the City Tax from 15 mills to 11½ mills is due partly to the increase in the assessment (which I am informed will slightly exceed \$490,000,000 00) and partly to the increase in the other sources of revenue, and partly to the reduction in expenses.

A comparison of the estimates for 1906-7 with those for 1907-8 is as follows:

| Estimates.                                 | Reduction.          |
|--------------------------------------------|---------------------|
| City tax, 1906-7.....\$5,092,050 00        |                     |
| City tax, 1907-8.....4,677,050 00          |                     |
|                                            | <u>\$415,000 00</u> |
| Water rents, 1906-7..\$1,050,000 00        |                     |
| Water rents, 1907-8..780,000 00            |                     |
|                                            | <u>270,000 00</u>   |
| Delinquent taxes, 1906-7.....\$ 975,000 00 |                     |
| Delinquent taxes, 1907-8.....950,000 00    |                     |
|                                            | <u>25,000 00</u>    |
| Total reduction .....                      | <u>\$710,000 00</u> |

There is also a reduction of \$200,000.00 in the amount to be borrowed to pay awards against the City in Street and Sewer cases and claims of contractors for construction of new streets and sewers.

The total estimated disbursements for current expenses, as made by the various Departments for 1907-8 (as per sheet "D"), are \$8,937,838.94, as against \$9,739,476.16 for 1906-7.

While the total estimated disbursements for all the Departments show a decrease of \$802,637.22, it is proper for me to call your attention to the reason why the estimates for some of the Bureaus show an increase.

Three (3) new companies have been put in service in the Bureau of Fire.

Your honorable bodies have during the current fiscal year authorized an increase of 125 men in the Police Force and a substantial addition to the Detective Force. You have also authorized a large increase in the Bureau of Health to carry on more vigorously the efforts to protect the people from dirt and disease. I have been notified that the contractor for the removal of gar-

bage intends to demand an increase because of the increase in the amount of garbage which the company has been compelled to remove.

This has required a substantial increase in the amounts required for the Bureaus of Fire, Police and Health.

I have also to recommend an increase in the appropriation to the Department of Charities and Correction chiefly for the following purposes:

First—To meet the cost of maintaining the Municipal Hospital, which has been transferred to it from the Bureau of Health.

Second—To cover the cost of maintenance of the Consumptive Camp for men erected this year, and the erection of a Consumptive Camp for women. (This is a new work and I believe holds a promise of relief to a class of sufferers too long neglected); and

Third—To aid in securing the Pasteur treatment for persons exposed to hydrophobia.

It has also been necessary to make provision for the enforcement of the Smoke Prevention Ordinance, which, in my opinion, should be allotted to the Bureau of Boiler Inspection.

Last year claims against the City for Street and Sewer assessments and contractors' claims were, as already stated, provided for by an issue of bonds for \$1,000,000.00.

I would recommend an issue of bonds this year to the amount of \$800,000.00 to meet claims of the same character.

I would also recommend to your favorable consideration the issue of bonds to provide for the following improvements:

|                                                          |                    |
|----------------------------------------------------------|--------------------|
| Rebuilding Center Avenue Bridge,                         |                    |
| Estimated cost.....                                      | \$50,000 00        |
| Pgh. Railways Co. will                                   |                    |
| pay .....                                                | 15,700 00          |
|                                                          | <u>\$34,300 00</u> |
| Rebuilding Ellsworth Ave. Bridge,                        |                    |
| Estimated cost .....                                     | \$60,000 00        |
| Pgh. Railways Co. will                                   |                    |
| pay .....                                                | 20,148 00          |
|                                                          | <u>39,852 00</u>   |
| Hose house in 19th ward.....                             | 15,000 00          |
| Engine house in 21st ward.....                           | 30,000 00          |
| Engine house in 32nd ward.....                           | 30,000 00          |
| Hose house in 39th ward (including purchase of lot)..... | 15,000 00          |
| Police station in 23rd ward.....                         | 20,000 00          |

The work provided for by Appropriations Nos. 207 and 249 is being carried out and there is still a balance of cash unexpended of \$354,603.28; No. 249, being a bond issue, no new action is necessary; No. 207, however, was from current revenues and must be re-appropriated. Provision will also have to be made in a short time for further water extension, to meet the needs

of the growth and developments of the city; but no action is required at the present time.

These improvements are of a permanent character and it is only reasonable that they should be paid for by bonds, thereby distributing the cost over a period of years.

I submit herewith application of the Trustees of the Carnegie Library for an appropriation of \$250,000.00 for the ensuing fiscal year.

While I am satisfied that the Library is doing good work and that the Trustees are acting in good faith in applying for this appropriation, I do not feel justified in recommending any increase over the \$200,000.00 appropriated last year.

It will be necessary to levy the following special taxes to provide interest and sinking funds for the debts of the wards named:

|                                             |          |
|---------------------------------------------|----------|
| 38th ward, formerly Beltzhoover Boro .....  | 1¼ mills |
| 39th ward, formerly Elliott Boro. ....      | 4½ mills |
| 40th ward, formerly Esplen Boro. ....       | 2½ mills |
| 41st ward, formerly Sterrett Township ..... | 4 mills  |

While I hope that the city will be able to meet all the expenses of the present year from the current revenues, I cannot yet tell what, if any, will be the amount of free cash in the Treasury on February 1st, next. There would have been a large balance, however, had it not been that from the revenues of this year the city was obliged to pay bills to the amount of over \$320,000.00 contracted during the year 1905.

The balances of cash from current revenues remaining in the Treasury to the credit of the various reserve funds and held for contracts already made, as shown by the Controller's statement, should be re-appropriated for the purposes for which they are held, in order to avoid any question. I would recommend, however, that the so-called balances of "unexpended appropriations" for which there is no cash in the Treasury should be merged in the new appropriations; in this way, each year's expenses are provided for by its own revenues, the accounts of the city are simplified and the tax-payers know exactly what amount is appropriated.

In conclusion I take pleasure in directing your special attention to the fact that by reason of the system now adopted for the handling of the Sinking Funds of the city, although during the current year new bonds to the amount of \$2,500,000.00 were issued, the appropriation needed for interest and sinking funds next year is only \$2,029,804.00, as against \$2,123,905.00, a reduction of \$94,101.00.

Permit me to say that the bond issues which I have recommended are all subjects which are clearly permanent in character, of course, current expenses should be paid from current revenues. Any re-

duction of present taxation secured by borrowing money to pay current expenses is certain in a very short time to result in a sudden and great increase of taxation.

While this is so, it is only fair that the cost of permanent improvements should be distributed over a period of years, so that those who share in the benefits should pay their share of the cost.

I am, very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

# BOARD OF TRUSTEES CARNEGIE LIBRARY OF PITTSBURGH.

PITTSBURG, Pa., Dec. 27, 1906.

Hon. George W. Guthrie, Mayor of the City of Pittsburg:

Dear Sir—At a meeting of the Board of Trustees of the Carnegie Library of Pittsburgh, held Wednesday, December 26th, I was instructed to transmit to you the enclosed estimates of the amount needed for the maintenance of the Carnegie Library and Carnegie Library Buildings, including six-Branch Buildings and portions of the main building, for the fiscal year beginning February 1st, 1907:

Maintenance of Library System. \$202,000 00  
Maintenance of Buildings. .... 101,000 00

Total ..... \$303,000 00

Mr. Carnegie desires to be responsible for the maintenance of all those portions of the enlarged Carnegie Library Building to be occupied by two of the departments of the Carnegie Institute, namely: the Department of Fine Arts and the Department of the Museum. (I enclose copies of the correspondence.) The Superintendent of buildings and grounds has estimated that this will amount annually to \$53,000.00, consequently this sum should be deducted from the \$303,000.00, and the Board of Trustees requests the City to appropriate the remainder, namely: \$250,000.00. I enclose also the detailed estimates which have been prepared by the heads of departments and approved by the appropriate sub-committees, Executive Committee and Board of Trustees.

Any further information in my possession I will be very glad to furnish either you or the Councils.

It may not be out of place to call your attention to the existence of the two separate institutions, controlled by two separate Board of Trustees, namely: the Carnegie Institute and the Carnegie Library of Pittsburgh. As to the separate exist-

tence of these two institutions there seems to be a great deal of confusion in the public mind. The Carnegie Institute is composed of three departments, Fine Arts, the Museum and the Technical Schools, and is entirely supported by endowments furnished by Mr. Carnegie. The Library has quarters in the Main Building at Schenley Park and in six Branch Buildings located in as many sections of the city. In accordance with the agreement made fifteen years ago with Mr. Carnegie the city maintains the Library and those portions of the building occupied by it by annual appropriations.

A brief and possibly incomplete list of the amounts given by Mr. Carnegie for the benefit of the people of this city, may also be informative.

Original gift to provide main and branch library buildings. .... \$1,120,000

Cost of addition to main building. 5,000,000

Of the \$185,000 spent for the purchase of the site and erection of the East Liberty branch building, Mr. Carnegie contributed ..... 125,000

He has furnished the money to provide the important collection of Technological works used in the library. He has for several years contributed all the money needed to maintain the training school for children's librarians.

His endowment of the Departments of Fine Arts and Museum of the Carnegie Institute amounts to ..... \$2,000,000

The endowment of the Department of Technical Schools of the Carnegie Institute to the present date is. .... 2,000,000

The cost of the Technical School buildings to the present time is. 1,500,000

He has given to the Department of Fine Arts a very important collection of Architectural and Statuary Casts, costing. .... 100,000

Also a complete collection of the Neapolitan Bronzes, cost unknown.

He has for a number of years furnished all the money needed to carry on the explorations of the Museum in the West.

In all he has provided through the two Boards mentioned, for the pleasure and enlightenment of the people of Pittsburgh over \$12,000,000, or we may say that he is contributing for these purposes over \$600,000 each year.

Provided the suggestion made meets with your approval, I will be very glad to have you make this communication public.

Very respectfully yours,

W. N. FREW.

President of the Board of Trustees.

The Chair presented  
No. 688.

PITTSBURGH, PA., January 11, 1907.

To the Honorable, the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

We enclose you a copy of a letter filed in the office of the U. S. Engineers, in this city, by the Chief of the Department of Public Works, in regard to the change of grade and alterations, and the driving of piles, as proposed by the Pittsburgh Dock & Transportation Company, which we believe will be a dangerous obstruction to the navigation interest of the City of Pittsburgh, and detrimental to the free and public use of that part of the city wharf.

We fully believe that the object desired by the Dock Company can be obtained without the almost destruction of that part of the wharf, as they propose, and if they are permitted to alter and build as they propose, it will create an eddy below, and the filth and sediment from the sewers deposited on the city wharf below, will be a very great detriment to the free use of that wharf, besides being detrimental to the health of the city.

The navigation interest and the abutting property owners along Duquesne way will be very grateful if Councils of the City of Pittsburgh will take such action as will improve the condition of the city wharf and its public landings, by grading and paving, as we believe every inch of it will be needed when the waterways are improved as contemplated and partially completed by the government.

We have been informed that there has been no ordinance passed to change the grade and alter the public landings of the Allegheny wharf, and we therefore pray that some action may be taken to prevent the alteration as proposed by this private corporation.

Very respectfully,  
JAMES REES & SONS COMPANY,  
THOS. REES, General Manager.

OFFICE DEPARTMENT OF PUBLIC WORKS, }  
PITTSBURGH, PA., December 15, 1907. }

Hon. Secretary of War, through Major W. L. Sibert, U. S. Engineer, Pittsburgh, Pa.

Dear Sir:

The Pittsburgh Dock & Transportation Company, a corporation under the laws of Pennsylvania, has been granted permission by the City of Pittsburgh to use a landing on the Allegheny river wharf, beginning on the water line at the east side of the Sixth street bridge, running thence east a distance not exceeding 350 feet.

On the 7th inst. the said company submitted to the War Department through Major W. L. Sibert, U. S. Engineer, a plan showing the proposed change in the grade of the wharf, a copy of which was also submitted to the City of Pittsburgh.

The plan as submitted meets with the approval of the city, and the permission is hereby asked by the City of Pittsburgh to make said changes in the grade of the wharf in accordance with said plan.

Very respectfully,  
J. W. CLARK,  
Director Department of Public Works.  
Which was read, received and filed.

Mr. Wasson presented

Which was referred to the Committee on Finance.

#### SPECIAL COMMITTEE.

Mr. Gulland reported

No. 62.

PITTSBURGH, December 21st, 1906.

To the Presidents and Members of Select and Common Councils.

Gentlemen:

Your Special Committee, appointed to confer with the Pennsylvania Water Company in relation to the purchase of its plant, respectfully report as follows:

That your special committee held a meeting on September 4th, 1906, at which were present Messrs. Davison and Holly, representing the water Company, and Mr. Davison stated that some of the directors of the company were out of the city, but as soon as they came home he would try to get them together and notify this committee, which he has failed to do.

Your committee again met on December 21st, 1906, and not hearing anything further from the water company, Mr. Tilbury moved

That the committee report back to Councils that the company has failed to furnish the committee with necessary data in reference to the purchase of its pipe line system, and your committee would therefore ask to be discharged. Which motion prevailed.

In accordance with this motion, your committee would respectfully ask to be discharged from further consideration of the question, as the Pennsylvania Water Company does not

seem inclined to help the committee in its efforts to carry out the work for which it was appointed.

Respectfully submitted.

CHARLES GULLAND,  
HUGH FERGUSON,  
C. D. TILBURY,

Committee.

Which was read, received and filed and the committee discharged.

#### MOTIONS AND RESOLUTIONS.

Mr. Semmelrock presented

No. 693. Resolved, That the Mayor may confer with the officials of the Pittsburgh Railways Company relative to running tracks up to the several hospitals, buildings within the City of Pittsburgh, or as near thereto as may be practicable, in order that the said company may run its cars thereon in cases of public emergency.

Which was read and adopted.

Mr. Gulland presented

No. 694. Resolved, That the Director of the Department of Public Works shall be and he is hereby authorized and directed to furnish to Councils, at their next regular meeting, with an estimate of the cost of laying water mains and pipes, in order that the City of Pittsburgh may furnish a water supply to the residents of the Thirty-seventh and Forty-first wards.

Which was read and adopted.

Mr. Watson presented

No. 695.

PITTSBURGH, January 14, 1907.

To the Select and Common Councils of the City of Pittsburgh, Pa.:

GENTLEMEN:—An effort was made several years ago by your honorable bodies to impose a tax on public utility corporations by the passage of an ordinance levying a license fee or tax on their wires or tracks. The payment of this tax was refused by the corporations and the matter was carried into Court. The Supreme Court decided that they were not taxable for local purposes under the general laws relating to taxation, because they pay a State tax on capital stock and that the Courts will not infer that the Legislature means to impose a double taxation, it must be inferred, therefore, that the power of municipalities to tax property of such corporations must be clearly and unmistakably conferred. One instance of such power expressly conferred is in the Act of 1899 in reference to railroad property in Pittsburgh, which, as I understand, has been sustained by the Supreme Court.

Believing that these corporations should contribute a just share of the expense of municipal government, I have had a draft of an Act of Assembly prepared which may possibly enable cities to collect a fair tax from these sources. This draft I enclose herewith, and respectfully ask that if the draft meets your approval you pass a resolution requesting the General Assembly to pass the bill.

Very respectfully,

J. B. LARKIN,  
Controller.

AN ACT

Empowering cities to tax for local and general revenue purposes all real and personal property

of railroad and street railway companies, telephone, telegraph, water, gas, electric light, natural gas, light, heat and all public utility companies and corporations.

That from and after the passage of this Act the power shall be and is hereby conferred on and vested in the several cities of this Commonwealth to levy, impose, assess and collect a tax for general revenue purposes on all property, real and personal, used, owned or occupied by all railroad, street railway, telephone, telegraph, water, gas, electric light, natural gas, light, heat and all public utility companies and corporations doing business within the corporate limits of said cities respectively, including all rights of way, tracks, pipes, conduits and other appliances used in the operating of business of said companies.

SECTION 2. The power to tax the real and personal property of all such corporations for local purposes is hereby conferred upon and vested in municipalities notwithstanding such properties are included in the capital stock of said corporations upon which a State tax is now imposed.

Which was read, received and filed.

Also

No. 696 Resolved, By the Select and Common Councils of the City of Pittsburgh, That the members of the Senate and House of Representatives from Allegheny county are hereby requested to support and press the passage of an Act of Assembly entitled, "An Act empowering cities of this Commonwealth to tax for revenue purposes all real and personal properties of railroad and street railway companies, etc.

Which was read and adopted.

Mr. Ross called up

C. C. Bill No 444. An Ordinance entitled, "An Ordinance providing for the purchase of a certain lot or piece of ground in the Twenty-first ward, for the Bureau of Fire."

In Select Council December 10, 1906. Passed. In Common Council December 17, 1906. Laid over until the next meeting

And the bill was read the second time and agreed to.

Mr. Ross moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Whereas, The Act of March 16, 1848, P. L. 181, at page 213, An Act incorporating the Pittsburgh Gas Company, provides in Section 13, amongst other things, as follows: "And provided, That on the first day of August, 1867, or on the first day of August in any fifth year subsequently, the Councils shall have the right to purchase the whole amount of the stock held in the gas works at that time by individuals, on just and equitable terms; and if the trustees and the Councils cannot agree upon the value of said works, then the question shall be referred to four disinterested individuals, two to be chosen by the Councils and two to be chosen by the stockholders, at a special meeting to be held for that purpose, which four shall jointly choose an umpire, and the decision of said arbitrators shall be binding on both parties. Providing, That the Councils shall make known their intention to purchase the works, at least six months before the stipulated time above referred to;" and

Whereas, The Act of January 31, 1890, P. L. 23, at page 19, being a supplement to the Act of March 16, 1848, provided in Section 11; "That the charter of said company be and the same is hereby declared perpetual, subject to the conditions contained in the proviso to the thirteenth section of the Act to which this Act is a supplement; but the City Councils shall not have the right to purchase the stock of the company, in the manner provided in said Section, before the first day of August, in the year of our Lord, one thousand eight hundred and eighty-seven." Now therefore, be it

Resolved, That the Mayor be instructed to notify the Pittsburgh Gas Company, before the first day of February, 1907, and he is hereby so instructed, that the Councils will, on the first of August, 1907, purchase, in accordance with the provisions of the Acts of Assembly above referred to, all of the capital stock of the said company.

In Select Council January 21, 1907. Read and adopted.

Which was read and adopted.

Ayes—29.

Noes—None.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

Also

C. C. Bill No. 626. An Ordinance entitled, "An Ordinance making appropriations for the fiscal year beginning February 1, 1907, for the use of the Department of Public Works."

Which was read.

Mr. Wasson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read the second time.

Mr. Semmelrock moved

To amend the bill on page 6 by inserting a new line, to be known as line No. 32½, to read: "That \$30,000.00 be incorporated for the purchase of a plot of ground, erection, maintenance and establishing of a public bath house to be located in the Twenty-fifth, Twenty-sixth or Twenty-eighth ward of the City of Pittsburgh."

Which motion did not prevail.

Mr. Gulland moved

To amend the bill on page 6 by inserting a new line, to be known as line No. 32½, to read: "That \$550,000.00 for water extension for the Eighteenth, Twenty-first, Twenty-second, Thirty-seventh and Forty-first wards."

Mr. Gulland presented

No. 711. Communication from Assistant City Controller.

DEAR SIR:—In answer to your question in relation to the power of the city to issue bonds without a vote of the people, I would say that the city can issue to amount of at least \$2,900,000.

Yours very truly,

E. S. MORROW,

Assistant Controller.

Which was read, received and filed.

Mr. Wasson arose to a point of order and stated that in his judgment the procedure is not in accordance with good business policy, as the amount is already appropriated on page 7, line 41 of this bill, and would make an amount of \$1,100,000.00 for the same purpose.

Mr. Gulland arose and said:

That his motion is not the same as the appropriation on page 7, line 41, as his specifies the wards Eighteenth, Twenty-first, Twenty-second, Thirty-seventh and Forty-first wards, in which he wants the money placed.

The Chair decided the point of order "well taken."

Mr. Gulland appealed from the decision of the Chair.

The Chair requested Mr. Soffel to take the Chair.

And on the question, "Shall decision of Chair be sustained?"

The ayes and noes were taken agreeably to law, and were:

And Select Council was so notified.

The Clerk of Select Council being introduced he announced that Select Council was ready to meet in Joint Session for the purpose of taking action on the death of James W. Clark, Director Department of Public Works.

And Select Council having appeared and being introduced, entered into

#### JOINT SESSION.

The Chair (Mr. Walters) said:

"Gentlemen, the object of this meeting is to take suitable action upon the death of the late Director of the Department of Public Works, James W. Clark.

Mr. Metcalf moved

That a committee of five be appointed to draft an appropriate resolution on the death of the late Director, James W. Clark.

Which motion prevailed.

And the Chair (Mr. Walters) appointed Messrs. Metcalf, Toole, Soffel, Hirsch and Werner.

The Chair instructed the committee to withdraw in order to prepare the resolution.

The committee returned, and Mr. Metcalf said:

"Mr. Chairman and gentlemen of Select and Common Councils: We have gathered together to night in joint session to pay tribute to one of the efficient employees of the city. This is the time when all political lines are wiped out, and we recognize nothing but the worth of the man, and as such he is entitled to consideration. I will first read a biographical sketch of Mr. Clark."

And Mr. Metcalf presented

No. 712.

James W. Clark, Director of the Department of Public Works of the City of Pittsburgh, died at the Homeopathic Hospital on Sunday, February 10th, after undergoing a severe operation. Death came to him peacefully after a busy and eventful life, a great part of which was given to the service of the public.

James W. Clark was born in March, 1850, in Washington county, his parents being David and Adeline Clark, and he was educated in Washington and Jefferson College, and came to Allegheny City with his parents in 1870. Later he went West and engaged in business, but returned to Pittsburgh in 1873. In 1875 Mr. Clark entered the Pittsburgh office of the Western Union Telegraph Company, and in 1882 was made manager of this office, in which capacity he continued until 1894.

James W. Clark married Miss Hallie Wilkins, of Syracuse, N. Y., in 1891; his wife lived but two years after their marriage, and Mr. Clark never married again.

James W. Clark entered the employ of the city in 1896 as a street inspector in the Bureau of Highways and Sewers, and later became a bookkeeper at Schenley Park. About this time he began to attract notice for his

work in the department and the aptitude he displayed in politics. In 1903, Mr. Clark was appointed Director of the Department of Charities and Correction by Mayor W. B. Hays, and when Mayor Guthrie took office he appointed Mr. Clark as Director of the Department of Public Works, which position he filled up to the time of his death. Mr. Clark was secretary of the Citizens party, and was popular with the people, having a wide acquaintance in the East End district, being especially well known in his home ward—the Twentieth.

As a public official, James Wylie Clark performed his duties with fidelity and efficiency, and was beloved by his associates and employees, to whom his death will be a severe loss.

Resolved, That it is the sense of Councils that in the death of James Wylie Clark, the City of Pittsburgh has lost an efficient officer, and we as members of Councils, extend our heartfelt sympathy to his relatives in this, the hour of their bereavement, and we order that these minutes be spread upon the records in full.

**Mr. Metcalf continued**

"Which is accompanied by this resolution."

Whereas, Almighty God in His infinite wisdom has removed from our midst the Honorable James Wylie Clark and has thereby taken to his last rest one who by his strict attention to the duties which befell him, in his public and private life, has endeared himself to all with whom he was brought in contact, whose fidelity to the duties imposed upon him by his fellow men made him invaluable as a public servant, and whose courtesy to his fellow employees has won him the everlasting esteem of those who were in his employ; now, therefore, be it

Resolved, That the Select and Common Councils of the City of Pittsburgh, in Joint Session assembled, extend to the family and friends of the late James Wylie Clark our sincere and hearty sympathy in this, their great bereavement; and, be it further.

Resolved, That this resolution be spread in full upon the records, and that a copy of the same be presented to his family.

WILLIAM METCALF, JR.  
P. F. TOOLE,  
JACOB SOFFEL,  
LOUIS HIRSCH,  
JOHN WERNER.

**Mr. Metcalf said:**

"Your committee thought it proper to draw up a more formal resolution than the biographical sketch to submit to Councils."

**Mr. Cavett moved**

The adoption of the resolution.

**Chairman Walters said**

"I wish to be afforded this opportunity of expressing my sincere regret at the death of Director Clark. That a man of such sterling worth should be taken from our midst when about to realize his life's ambition seems to be hard.

I have known Jim for 18 or 20 years, and during that time have been his ally and his opponent, and have always found him a gentleman and a lover of fair play, generous to a fault, and at all times his word was as good as his bond.

Gentlemen, I can say no more."

**Mr. Soffel said:**

"At this time I wish to express my feeling in the matter of the death of James W. Clark. I first met Director Clark in a political way in 1903, and at that time was associated with him very closely. I came in contact with him every day for some time, and the more I was associated with him, the more did I learn the man, the more did I learn to like him and know his worth. Mr. Clark, to my mind, was an ideal man. He was fair, he was generous, and he was at all times truthful. Many times he was positive, but that only caused you to like him the more. We differed at times, but during our differences the personal relationship was never entered upon. I had the extreme pleasure of calling upon him a day or two before he entered the hospital, and for the first time I knew the seriousness of his condition. He told me that he was going to have a slight operation performed, but would be back to his office in a few days dispensing his duties.

The City of Pittsburgh has lost a true and faithful servant and an honorable man, who commanded the respect of all who had dealings with him in any manner, shape or form. In the death of Director Clark the City of Pittsburgh has lost a valuable official."

**Mr. Melaney said:**

"Having pleased God to remove Director Clark, it is but fitting that we should express sorrow at this time. He deserves great credit—a man born in humble circumstances, forced himself to the front by sheer force of character. He never knew the meaning of the word 'fail,' and in his years of public life he had obtained the confidence and respect of all, and made friends with all with whom he came in contact. He may have had his trivial faults, but he obliterated them all by his courteous treatment of all he had dealings with. The most fitting tribute I could make is to say that he had the confidence and respect of the public. He was a man whose heart, like his body, was built on broad lines."

**Mr. Hirsch said:**

"I have listened with pleasure to the encomiums pronounced upon the late Director Clark and, while I can add nothing to what has been said by the previous speakers, I would feel that my duty had been neglected if I did not add a word of appreciation of his high character. The highest tribute paid to Director Clark was contained in the simple, and it now appears prophetic, words of Mayor Guthrie to Mr. Clark last Wednesday when the Director was on the way to the hospital: 'Now, Jim, get well and strong for this city can't get along without you. The citizens of Pittsburgh will not know what you were to them until you are gone.' To-night we seem to realize the truth of those words and I know of no better way of closing this little tribute than by using Schiller's words, which have been so aptly translated into English:

"It is ordained by God above  
That, from what we most dearly love,  
there's parting."

And the question being taken upon the adoption of resolution.

The resolution was unanimously adopted by a rising vote.

**Chairman Walters presented**

No. 713. Resolved, That the City Clerk be and he is hereby authorized and directed to procure a suitable floral emblem to be sent to the residence of James Wylie Clark, late Director of the Department of Public Works.

Which was read.

**Mr. Hirsch** moved

The adoption of the resolution.

Which motion prevailed.

**Mr. Weber** moved

That a committee of three (3) be appointed to make arrangement for street car service to take the members of Councils and city officials to the funeral services at the Third Presbyterian Church, corner of Fifth and Negley avenues, cars to leave City Hall on Tuesday, February 12, 1907, at 1:30 o'clock P. M. sharp

Which motion prevailed

And Messrs. **Weber, Soffel** and **Werner** were appointed.

**Mr. Cavett** moved

That the Joint Session do now arise.

Which motion prevailed.

And Select Council returned to its own chamber.

Common Council being in session **Mr. Soffel** moved

That the action of the joint session be ratified.

Which motion prevailed.

**Mr. Soffel** moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

No. 744

PITTSBURGH, January 31, 1907.  
To the President and Members of Common Council.

GENTLEMEN:—Your committee of conference to which was referred C. C. Bill 131, "An Ordinance regulating the leasing of stalls and stands in the Diamond Market," begs leave to report that it has agreed upon the ordinance as follows:

Respectfully submitted,

HUGH FERGUSON,  
JACOB SOFFEL,  
JOHN F. KLEIN,  
CHAS. CAVETT,  
JOHN TAYLOR,  
WM. H. WEBER,  
Committee.

An ordinance regulating the leasing of stalls and stands in the Diamond Market.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the stalls and stands, with the exceptions hereinafter noted in the Diamond Market, shall be leased for a term of three years from the first Monday of May, 1907, and every three years thereafter, terminable upon notice by the Director of the Department of Public Works, in case new market house is built. All leases shall be made upon the condition that the same may be forfeited by the Mayor after a hearing, whenever it shall be shown to his satisfaction that any lessee has entered into a combination to raise or control prices or stifle competition, or has sold articles unfit for food or by false weights and measures, or has failed to keep his stall clean and in a sanitary condition according to the rules of the market; the decision of the Mayor to be final, without exception or appeal.

Section 2. That all outside stands of the market house be leased for a term of three years at an increase of 30 per cent. over and above the amount of rent now paid for said stands.

Section 3. That the rent for the said stalls and stands shall be payable quarterly in advance, in the manner now prescribed by law.

Section 4. The lessees of inside stands or stalls shall pay an annual rental as follows:

Stands Nos. 1 to 8 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stands Nos. 9 to 12, now rented as a restaurant, to pay \$900.00.

Stands Nos. 13 to 20 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stand No. 21, \$1,000.00.

Stands Nos. 22 to 25 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stands Nos. 26 and 27 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stands Nos. 28 to 35 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stand No. 36 to pay \$600.00.

Stands Nos. 37 to 40 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stands Nos. 41 and 43, now rented as a restaurant, \$900.00.

Stand No. 42 to pay \$280.00.

Stand No. 44 to pay \$450.00.

Stand No. 45 to pay \$600.00.

Stand No. 46 to pay \$800.00.

Stand No. 47 to pay \$750.00.

Stand No. 48 to pay \$800.00.

Stand No. 49 to pay \$800.00.

Stand No. 124 to pay an increase of 30 per cent. over and above the amount now paid for the said stand.

Stands Nos. 72 to 95 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stands Nos. 96 to 119 each to pay an increase of 30 per cent. over and above the amount now paid for said stands.

Stand No. 120, \$2,000.00.

Stand No. 121 to pay an increase of 30 per cent. over and above the amount now paid for same.

Stand No. 122 to pay \$500.00.

Stand No. 123, while in use as an ice box, \$210.00.

Stand 125, \$200.00.

Provided, That stands Nos. 41 and 43, stands Nos. 9, 10, 11 and 12, and stands Nos. 106, 107, 108, 109 may be considered and rented as one stand to one tenant.

Section 5. All permits for the occupation of any stand, stall or space shall be personal and no transfer or assignment thereof shall be permitted without the written consent of the Director of the Department of Public Works, and it is further provided, that no person or firm shall be permitted to lease or hold interest in more than two stands, stalls or spaces, except as provided in Section 4 of this ordinance, and except also when a stall is vacant or unoccupied and then until only such time as the additional stall shall be required by any person not already having a stand in the market.

Section 6. That the second story of the western market shall be reserved, as at present, for the use of farmers selling the produce of their own farms.

Section 7. That no outside stands or stalls shall be permitted along the walls of the market buildings.

Section 8. That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby repealed so far as the same affects this ordinance.

Which was read.

Mr. Ferguson moved

The adoption of the report and the final passage of the bill.

The yeas and noes were taken agreeably to law, and were:

The Chair presented

No. 781.

March 9th, 1907.

To the Select and Common Councils,  
of the City of Pittsburgh.  
Gentlemen,—

Public safety requires that the Ellsworth avenue and Centre avenue bridges over the Pennsylvania Railroad should be rebuilt at as early a date as possible.

These bridges are both in very bad condition and everything indicates that they cannot be used in safety longer than the approaching season.

Ellsworth avenue bridge, in particular, is in such a condition, that unless something is done pretty soon to protect it, it will have to be closed to public travel. To do so will subject a very large number of people to very serious inconvenience.

I have an agreement with the Pittsburgh Railways Co. to contribute to the building of these bridges, based on the proportion of the surface of the bridges used by its tracks. In the case of the Centre avenue bridge this proportion has been fixed at 31.40 per cent. and in the case of the Ellsworth avenue bridge it has been fixed at 33.58 per cent.

The Department of Public Works estimates that the total cost of rebuilding these bridges will be as follows:

Centre avenue bridge \$57,000.00 of which the Pittsburgh Railways Co. will pay under the agreement above cited \$17,898.00.

Ellsworth avenue bridge \$60,000.00 of which the Pittsburgh Railways Co. will pay \$20,148.00.

There has been no appropriation made for the rebuilding of these bridges, but I am of the opinion that their condition creates an emergency such as under Section 5 of Article 14 of the Act approved March 7th, 1901, authorizes the making of a special appropriation for this purpose, and in that opinion the City Controller concurs.

I attach hereto a certificate signed by the Controller and myself to the effect that such an emergency exists as is provided under the section above referred to, and respectfully ask that your Honorable Bodies appropriate the sum needed for the rebuilding of these bridges.

Unless early authority is given to do this work it will be impossible to get it done this season. The delay in filling orders for iron work for bridges is very great, and it would be in all probability several months before any order for these bridges can be filled.

In order that the law may be complied with in the letting of the contract, the appropriation should be for the whole cost of the bridges, namely \$117,000.00. On the completion of the bridges, the amount to be paid by the Pittsburgh Railways Co. under their contract, \$38,046.00 will be paid into the city treasury. The report of the Acting Director of the Department of Public Works is attached. I am,

Respectfully yours,

GEO. W. GUTHRIE,  
Mayor.

March 9th, 1907.

To the Select and Common Councils,  
of the City of Pittsburgh.

This is to certify that we, the undersigned Mayor and City Controller of the

City of Pittsburgh, are of the opinion that such an emergency exists as would authorize a special appropriation by Councils of the amount necessary for the rebuilding of the Centre avenue and Ellsworth avenue bridges over the Pennsylvania Railroad, and we do hereby sign this certificate in accordance with the requirements of Section 5 of Article 14, of the Act of Assembly approved March 7th, 1901.

GEO. W. GUTHRIE.  
Mayor

J. B. LARKIN,  
Controller.

March 11th, 1907.

Hon. George W. Guthrie, Mayor.

Dear Sir:—

I desire to call your attention to the matter of the reconstruction of the bridges over the Pennsylvania Railroad tracks on Ellsworth avenue and on Centre avenue. Both of these bridges are in bad condition, and are no longer adequate, in strength, for the loads to which they are subjected, and should be rebuilt with bridges of heavier and stronger design, at the earliest possible date. Plans have been prepared in this Department for their reconstruction.

On Ellsworth avenue, the structure is designed to be of a steel truss type, supported on the present masonry abutments, the total estimated cost of which is \$60,000.00. Of this amount the Pittsburgh Railways Company agrees to pay 33.58 per cent., amounting to about \$20,148.00, or a proportionate amount should the contract price be somewhat under the \$60,000.00 as estimated.

On Centre avenue, the plans prepared are for a concrete steel structure, the estimated cost of which, when recently submitted, was \$50,000.00. I now present the amount of \$57,000.00, for the reason that I am inclined to the belief that an improvement in the character and appearance of the structure can be made by raising it somewhat, the effect of which will be to increase the cost about \$7,000.00. The Pittsburgh Railways Company has agreed to pay 31.40 per cent., of the contract price for the reconstruction of this bridge, which, upon the estimated cost, will amount to about \$17,898.00.

As the work can probably be contracted for and carried out in a more satisfactory manner if the city makes the contract for the total cost, I would suggest that the total estimated amounts be provided for, and that an agreement be made with the Pittsburgh Railways Company, as soon as the contract price is ascertained, by which they will be obliged to pay into the City Treasury, to the credit of the appropriation for this work, in time to have it available to meet the payments for the work as it progresses, their proportion of the cost.

I feel that I cannot urge too strongly the matter of promptness in this case,

as it will probably be several months before the necessary materials could be delivered and the actual work of reconstruction started. In the mean while, the old bridges are a constant menace, even with the precautions which we have taken in regard to them.

Yours truly,

A. P. SHEPARD.

Acting Director Department of Public Works.

Which was read, received and filed.

Mr Soffel presented

No. 782. Whereas, The Legislature, at the instance and request of the Bar Association of Allegheny County, has passed two bills establishing two additional Courts of Common Pleas in Allegheny County; and,

Whereas, The calendar of our Courts are from two to three years behind, whereby great injustice is being done to our citizens in the delay in the administration of justice; and,

Whereas, It is the sense of the Councils of the City of Pittsburgh that speedy trials should be provided to the citizens of our county;

Now, therefore, be it resolved by the Select and Common Councils of the City of Pittsburgh, that our Governor be urgently and respectfully requested to sign both bills establishing two additional Courts of Common Pleas in this county, the necessity for which is beyond question.

And be it further resolved, That the Clerk be instructed to transmit a copy of this resolution to His Excellency, Hon. Edwin M. Stuart, Governor of this Commonwealth.

Which was read and adopted.

To reconsider the vote on

C. C. No. 748.

PITTSBURGH, March 2, 1907.

To the President and Members of Common Council.

Gentlemen:—Your Committee of Conference, to which was referred S. C. Bill No. 364, an Ordinance entitled, "An Ordinance making appropriations for the fiscal year beginning February 1, 1907, for the payment of certain claims, Education, new High School building, Interest on Street and Sewer Assessments, Department of Assessors, Carnegie Free Library, Contingent Fund, Finance Fund, Printing, Elections, Expenses, Assessments against City, Grand Army of the Republic, Local Organizations of National Guard of Pennsylvania, Recreation Grounds, Refunding Overpaid Taxes, Public Wash House and Bath Association, Lawrenceville, and Erection of Bath House, Soho, and transferring and re-appropriating

priating balances from appropriations for the fiscal year of 1906, applicable to contracts or reserve funds."

Failed to pass.

Which motion prevailed.

Mr. Ferguson presented

C. C. No. 783.

Whereas, there is now before Common Council, for its consideration, S. C. Bill No. 354, an ordinance entitled, "An Ordinance making appropriations for the fiscal year beginning February 1st, 1907, for the payment of certain claims, education, new high school building, interest on street and sewer assessments, department of assessors, Carnegie free library, contingent fund, etc." in which bill there is an item appropriating the sum of \$250,000.00 for the maintenance of the Carnegie Library; and

Whereas, Common Council, believing the said appropriation to be excessive, has used every honorable means to have it reduced to the sum of \$200,000.00, but was unable to have such reduction made; and

Whereas, the said bill contains many other appropriations necessary for the operation of the city government and its institutions, such as appropriation for education, recreation grounds, salaries for the Mayor, Treasurer and Controller's offices, etc., and to defeat the bill or further delay its passage would be a detriment to our citizens; therefore, Common Council believes it to be its duty to pass the bill in order to save these necessary appropriations; now, therefore, be it

Resolved, by Common Council of the City of Pittsburgh, That by this resolution we record our protest against the item of \$250,000.00 for the maintenance of Carnegie Library, believing the amount to be excessive, and that we further believe that all the work of the library, in which the general public is interested, could be successfully carried on by the appropriation of \$200,00.00.

Which was read and adopted by the following vote:

The Chair presented

Communication from the Mayor returning with his objections

C. C. Bill No. 626. An Ordinance entitled, "An Ordinance making appropriations for the fiscal year beginning February 1, 1907, for the use of the Department of Public Works."

No. 784.

March 18th, 1907.

To the Select and Common Councils  
of the City of Pittsburgh.

Gentlemen:

I have the honor to submit herewith for your information, the statement of my

reasons for disapproving some items and parts of items in the appropriation for the use of the Department of Public Works.

When on January 14th last, I submitted to you my estimates for the tax and appropriation ordinances, I hoped that they would be disposed of in time to enable us to arrange for the issuing of bonds to provide for needed public improvements, and my recommendations were made on that basis. Owing to the long delay, however, this is not now possible.

From the statements submitted to me by the City Controller, it appears that the debts of the separate cities of Pittsburgh and Allegheny, contracted without a vote of the people, is in excess of two per cent of the taxable valuation thereof.

It is apparent, therefore, that no new debt can legally be contracted by the consolidated city without a vote of the people, and consequently that the ordinances which have been passed or which are now pending, providing for the creation of new debts for various public improvements, without such vote, must fail.

Any bonds issued under these ordinances for the creation of a new debt would be illegal and void.

There is a large amount of work, for which no provision has been made in the appropriation ordinance, which must be done this year. This work is of a pressing character, and if it is to be done, contracts should be let at the earliest date possible.

Much, if not all of this, could have been provided for by bonds authorized by Council without a vote of the people; but it cannot wait for a popular vote, even if we had any assurance that the consent of the people could be obtained.

Of the work, that which is most urgent is,

|                                                                        |              |
|------------------------------------------------------------------------|--------------|
| First: Rebuilding of Centre avenue and Ellsworth avenue bridges .....  | \$117,000.00 |
| The repair of the two main piers of the South 22nd street bridge ..... | 25,000.00    |
| Reflooring, painting and repairing bridges .....                       | 28,375.00    |
| Resurfacing boulevards .....                                           | 10,000.00    |

Total .....\$180,375.00

I have already informed you of the condition of the Centre avenue and Ellsworth avenue bridges.

The two piers of the main span of the South 22nd street bridge are cracked, and the break is of such a character that it is of the greatest importance that it should be repaired at the earliest date possible; further delay will endanger the safety of the bridge, and necessitate the expenditure of a much larger sum of money in the near future, for unless repaired the cracks will inevitably spread.

The surface of the boulevards has reached a point where the roadway will be seriously endangered unless quite extensive repairs are put on this season; and the reflooring and repainting of the bridges is necessary to preserve them from deterioration.

In addition to this, I think the Engine house in the Eighteenth Ward and the Police Station house in the Twenty-third

Ward, which will require about Fifty Thousand (\$50,000.00) Dollars, are very much needed, and should be provided this year; even, if for the reasons already stated, other houses cannot be built present.

I must also remind you that you have already authorized a contract for garbage removal at \$12,500.00 above the amount estimated, for the payment of which no provision has yet been made.

While I believe that the appropriations for the different bureaus of the various departments are sufficient, I do not think any material reduction in them can be made without impairing efficiency; moreover, the appropriations for the Departments of Public Safety and Charities have been approved and are now law. Therefore, as already stated, these expenditures, aggregating altogether \$247,500.00, cannot be provided for unless appropriations made for the Department of Public Works are reduced in the manner I have designated, and unless some reductions are also made in some of the appropriations contained in the ordinance, Set Council No. 254, making appropriation for sundry purposes.

The items in the appropriation for the Department of Public Works which I have disapproved, aggregate \$183,000.00. These are:

|                                |                     |
|--------------------------------|---------------------|
| Music in the Parks.....        | \$ 10,000.00        |
| Automobiles in the Parks ..... | 30,000.00           |
| Repaving streets.....          | 130,000.00          |
| Boardwalks and steps.....      | 13,000.00           |
|                                | <u>\$183,000.00</u> |

The work which I have designated as necessary cannot, in safety to the City and the people, be held over; but the matter of music and automobiles in the parks is not urgent. Moreover, there is no provision in any of the appropriations for the expense of operating the automobiles or housing and caring for them, so why purchase them.

I feel justified also in recommending a reduction in the amount to be appropriated for street repaving this year, not from opposition to the repaving of the streets designated in the schedule attached to the ordinance, but because I do not think it expedient to tie up this amount of money under conditions as they now exist, when there is no probability of getting the work done this year.

It is, of course, true that the amount of repaving provided for could easily be handled if it stood alone, but in view of the amount of work on new streets laid out, past experience compels the conclusion that it is useless to expect it to be done this year.

The amount appropriated last year for street repaving was only \$165,300.00; although the contracts were let as early as possible, and probably earlier than can now be done this year, \$14,200.00 of the work was not even begun. The streets which were contracted for but on which work was not even begun, were such thoroughfares as Centre avenue, Fort street, Fifth avenue, West Carson street and Grandview avenue.

I also desire to inform you that during the last five years the average amount of street repaving done was only \$14,435.50 each year.

In view of the extreme improbability of being able to get such an amount of work done as is provided in the ordinance, I have felt compelled to recommend this reduction. It does not seem prudent to tie up this money for purposes for which it cannot be used, when there is so much work which is vitally important to be done.

Moreover, some of the streets mentioned in the schedule attached to the ordinance, are paved with block stone, and their condition is such that it is believed that they can be surfaced with asphalt by the City's asphalt plant at a cost much below what would be required for the total repaving; and that when repaired, the streets would be in every respect as good and durable. This has the additional advantages of giving the City greater competition and securing greater expedition in doing the work.

In conclusion permit me to say, under the millage fixed by Councils, the increase in the revenues beyond the amount recommended by me in my message of January 14th last, would be \$635,000.00, provided the percentage of delinquencies don't exceed those of the last fiscal year.

As the Pennsylvania Railroad has appealed from its assessment, the probabilities are that the percentage of delinquencies will exceed that of last year and that the increased revenue therefore will not amount to the sum above stated.

As against this, the total appropriations recommended by your honorable bodies exceed those recommended by me, \$651,-545.24. I am Very respectfully,

GEO. W. GUTHRIE.

No. 785

Mayor's Office,

Pittsburgh, Pa., March 13th, 1907.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

I have to inform you that in pursuance of the provisions of Section 2 of Article 1 of the Act approved March 7th, 1901, I have disapproved of the following items and portions of items in the ordinance Common Council No. 626, entitled, "An Ordinance making appropriations for the fiscal year beginning February 1st, 1907, for the use of the Department of Public Works."

I disapprove of the whole of the following items:

No. 208 for music and concerts in the parks during the summer months, \$10,000.00.

No. 209, for the purchase of six automobiles for public use in Schenley park, \$30,000.00.

I also disapprove of \$13,000.00 of the Appropriation No. 48, for the construction of boardwalks and steps, thereby reducing said amount to \$20,200.00; and I disapprove of \$130,000.00 of the Appropriation No. 37, for street repaving, thereby reducing said amount to \$173,900.00.

All the other items and parts of said ordinance I do hereby approve.

Very truly,

GEO. W. GUTHRIE.

No. 786.

Pittsburgh, Pa., March 20, 1907.

Mr. William Brand,

President Common Council,

Pittsburg, Pa.

Dear Sir:

At a joint meeting of Pavers and Ramblers No. 626, and Curb Cutters and Setters No. 1700, Knights of Labor, held on the above date, the following resolution was adopted:

Whereas, Both branches of Councils of the City of Pittsburgh passed an ordinance appropriating \$303,000 for repaving of streets in our City, this amount, and even more, should be expended in order to place the streets in the condition they should be in, in an up-to-date city such as Pittsburgh is recognized to be; and

Whereas, The System in vogue in this City of letting contracts for street improvements very late in the season, when this work should be well under way, has been the cause of limiting these improvements to about one-half of what could be done if the work was started earlier in the season, and thereby keeping out of employment large numbers of mechanics and laborers who follow this class of work for a livelihood, and who under the most favorable conditions are able to get only about six months' work in a year; and

Whereas, We believe that if the work is started in proper time there are sufficient contractors and workmen in the City to complete the work this year, as is proposed by the ordinance recently passed by Councils of this City; and

Whereas, We are of the opinion that the cut made in the appropriation by our Honorable Mayor will tend to work hardships on a large number of our members as well as other workmen and will also delay the work of putting the streets in good condition, which, in many instances, these improvements are undoubtedly an urgent necessity; therefore, be it

Resolved, By the Pavers and Ramblers and the Curb Cutters and Setters in special session assembled, to respectfully petition Select and Common Councils of the City of Pittsburgh, at their meetings to be held on March 21, to keep intact, the amount as originally passed in these bodies, and all our members be urged to interview the representatives in Councils from their respective wards and request their support in this, as we firmly believe a just cause; and be it further

Resolved, That a joint committee of six be appointed at this meeting, three from the Pavers, and three from the Curb Cutters and Setters, to use all honorable efforts in the direction of keeping the appropriation as originally passed by Councils. And be it further

Resolved, That a copy of this resolution be presented to the presidents of Select and Common Councils, and a copy be given to the press for publication.

MICHAEL MULDOWNEY,

Attest: Chairman of joint meeting.

THOS. McNAMARA,

Secretary of joint meeting.

(Seals.)

Which was read, received and filed.

The President called Mr. Wasson to the Chair and took the floor, and spoke as follows:

Mr. Brand said:

"Mr. Chairman and Gentlemen of Councils:—I, at this time take the floor in opposition to the objections of the mayor on passing the ordinance for the public works appropriation, in order that the people of the City of Pittsburgh may not be misled into believing that it is the fault of councils in delaying the bond ordinances, I want to read the message of the mayor to the committee on finance, where he stated positively in order to keep down the millage, he would prefer a bond issue to carry out various improvements. In his letter to-night, he states that on account of the delays in the passage of the bond ordinance it is impossible to carry them into effect. I want to say in all due respect to the mayor, if we had taken his advice the bond ordinance would not be in councils to-day. He said he was going to take a trip, and he made a request upon me to have the bond ordinance held until he came back, and he would look over them. I have implicit confidence in the ability of the man who drew up these ordinances, and he found no objections to the bond issue, and the mayor now says that owing to the delay in passing the ordinance, it would be impossible to sell the bonds under the present circumstances. In order to prove what I say I will read the message sent to the committee on finances." (Read letter from the Mayor in which he recommended an issue of bonds to meet certain claims, etc., rebuilding of Centre avenue bridge; rebuilding Ellsworth avenue bridge; hose house in 15th Ward; engine house in 21st Ward; 32nd Ward engine company; hose company in 39th Ward; police station in 23rd Ward, etc.)

"Under his own signature, the Mayor recommended this to the committee on finance, that we have a bond issue by councils, and now he comes to us and says that it is impossible to carry out for the reason of the proposed consolidation of Allegheny with Pittsburgh, notwithstanding that the fact that we are not yet consolidated, and he claims Allegheny has exceeded her limit in issuing bonds without a vote of the people. The figures presented to-day by Allegheny, through her chief clerk, show a total valuation of \$102,318,575—2 per cent. would give the amount of \$2,046,371, and they have a margin of \$1,447,500.25 yet to issue before they exceed their limit. The figures given by the gentleman down below, your city controller, and I believe the majority of the people will believe his figures are correct, as they are never questioned, but they show that we have to-day a total valuation of \$584,000,000—2%, according to law is entitled to be issued without the consent of the people, will give \$11,680,000, and we have an indebtedness to-day upon the books issued without the consent of the people, \$8,471,000, a net average of \$3,208,000 yet to issue, with Allegheny included would give about \$4,655,500. It is only a question of who is doing the figuring and who is making the statements. The Mayor may not be doing it intentionally, but he is making it difficult to issue bonds, and is hurting the credit of the City, by the statements he has made. There is no

question in my mind that city bonds can be sold as well as any bonds on the market to-day.

"The proposition of the Centre avenue and Ellsworth avenue bridges to be taken care of by special appropriation is unnecessary. All he has to do is to sign the bond ordinances in his hands, and that matter will be taken care of. If the bonds are issued, I know a Trust Company in this City that will take the entire amount.

The Mayor vetoed an item of \$100,000 which in my mind is strictly according to law and the charter, as he has a right to veto item for item and that is an item, but, gentlemen, look at that small item of \$10,000 for music in the parks—not in Schenley park or Highland park, but all the parks in the City. It gives the poor man a chance to take his family to the parks for a small outlay of car fare and listen to these concerts, as the poor man cannot afford to pay a large price to go to other concerts, which are only within the reach of the wealthy man. The Mayor don't want to give this class any music, they have enough music in the roar of the mills—the rattle of the cars upon the streets and the railroads throughout the City. It is the smallest thing I ever knew a chief executive of any municipality to veto.

"Then there is the item of automobiles, \$30,000. The proposition is that a man could go to the parks; and it is a little labor to get to any certain portion of the parks; and he could take an automobile for 5 cents for the round trip—5 cent would take his family, as the average working man's family consists of at least five. It is the working men that have the large families, not the rich.

"The \$13,000 for boardwalks and steps he has vetoed. I would like to ask any gentleman upon the floor of councils if he is not better fitted to know the wants of his constituents than any one man. There is not a member here who has not been urged to have improvements made throughout their wards, but yet the Mayor vetoes \$13,000 of the amount asked for boardwalks and steps. I will make a statement, without fear of contradiction, that there is one ward in this City, which, according to the Mayor is only entitled to \$500, but which the finance committee allowed \$2,000, yet the Mayor and the City Solicitor asked the finance committee to pay \$6,000 damages in that ward to a man who fell through a defective boardwalk and was crippled for life, but yet the appropriation for boardwalks in that ward is cut down simply because the City is being run under an economical government. In the 39th and 40th Wards there is now pending suits for injuries received through defective boardwalks that the \$13,000 cut out of the boardwalk schedule by the Mayor will not cover, and yet he wants to cut it down.

"The Charter passed in 1901 says the Mayor has a right to disapprove an item or items in an appropriation bill, but does he do it? No, he makes a cut of \$13,000 where, nobody knows, and I want to say that when the ordinance is placed upon record in the city clerk's office, according to the objections of the Mayor, if it is so recorded, it will not amount to that. Will the clerk say where it is reduced? The

ordinance does not say it. In my judgment it is the first attempt of any executive officer of any municipality to take upon himself the right of a legislative body. The City government is constituted into three distinct bodies—the judiciary, the executive and the legislative powers. The law makes it the duty of the legislative body to make the laws and if the chief executive does not approve them, he may veto them but cannot amend a law passed by them. He must either accept or reject. That is one prerogative that we have, and I for one will never agree to give up that power and authority to him. I demand my rights as an American citizen.

"In reference to the street repaving schedule, there is not a street in any of the wards that you represent that you do not know the needs of better than the chief executive. Has there ever been a body of men, or any man, come to the Mayor and object to the tax levy of 1 1/2 mills and say that they didn't want the streets repaved. He says we don't need it. It is absurd that a city of this size don't need the repaving asked for. If we don't make more than \$170,000 of street repaving in the City of Pittsburgh this year, and we don't do more than \$20,000 of boardwalk and steps work, we are going back. It will be up to the majority of the members of councils to say where this amount for repaving and boardwalks will be expended, not up to the officers of the City.

"I will give you some figures from the city controller's books, which are the correct records of the City. In the last twelve years, the repaving in the City of Pittsburgh amounted to, on an average, of \$182,879.66, and since then we have had acres and acres of new streets paved in the City. The first year of this economical government, with an economical man at—"

Mr. Savage arose to question of personal privilege and stated:

"Mr. Chairman, as it is very necessary for me to leave the city at this time, and I wish to have my vote recorded 'aye' in favor of passing the bill before Council, notwithstanding the objections of the Mayor."

The Chair stated if there are no objections the gentleman from the Twenty-first ward shall be recorded as voting "aye." And there being no objections he will be so recorded.

Mr. Brand continued:

"This economical administration wishes to do \$121,419 worth of street repaving against a valuation of \$685,000,000, and in the year of 1897, there was \$218,000 worth of streets repaved when the City valuation was \$317,000,000, almost twice the amount as to-day. In the year 1902 there was \$235,000 worth of repaving in the City. These are not the amounts appropriated, but the amounts that were actually expended as shown upon the books of the city controller's office. We cannot afford to go back, for the people are more interested in the proper and sanitary condition of the streets than any other proposition that confronts us. We have at least \$1,250,000 worth of work that should be done. It is not the people on the boulevards who live in beautiful mansions, but the poor man—the working man—who lives in the alleys and in the less desirable, portions of the City who is vitally

interested in the street repaving proposition and the keeping of the streets in a good sanitary condition, and for that reason I believe we should make this a law notwithstanding the objections of the Mayor. It has been said by the Mayor that it is impossible to do more than a certain amount of repaving. The committee on appropriations had before them men who, in their estimation were in a position to know the facts, and they stated to the committee that they could do three times the amount we are asking for. The committee also had representatives of the pavers and rammers and they said they could do three times the amount of work done last year, and some of them had to leave home last year and go to Ohio to get work."

(Mr. Brand read a letter from the Rammers and Pavers and Curb Setters' committee, Knights of Labor.)

"Are you going to give the citizens what they ask for—they pay the taxes—shall this government be a government of the people and for the people—do the people own this government? I say yes, and their opinion should prevail, notwithstanding what any individual man wants in his own behalf."

Mr. McGrath moved

That the items vetoed by the Mayor be taken up and considered separately.

Which motion prevailed.

The Chair took up

Item No. 48. Boardwalks and steps, reducing item to \$20,200.00.

And on the question, shall the item become a law, notwithstanding the objections of the Mayor?

The ayes and noes were taken agreeably to law, and were:

And there not being three-fifths of the votes of Common Council in the affirmative, the veto was sustained, and the item does not become a law.

Mr. Ferguson presented

No. 787. Whereas, The City Charter Act of 1901, expressly states that the Mayor shall have the power to disapprove "any item or items" in the annual appropriations, and contrary to this provision of law, the Mayor has vetoed parts of items by reducing the appropriation for street repaving from \$303,000 to \$173,000, and has cut down the Boardwalks and Steps Appropriation from \$32,000 to \$19,000, therefore, be it

Resolved, That we, the members of Select and Common Councils of the City of Pittsburgh in meeting assembled, declare that we believe his action to be illegal and an unwarranted abuse of the power of the executive, usurping the lawful authority of Councils as the legislative branch to determine how and for what purpose the taxes of the City shall be expended; be it further

Resolved, That we disapprove of the reduction of the appropriation for street repaving as being an act of false economy and an obstacle to the material development and betterment of our municipality and a blow at true civic progress.

Which was read and adopted.

Mr. Hooper presented

No. 788 Whereas, The Mayor in his message to Councils vetoing various appropriations for the department of public works takes occasion to state upon the authority of the controller, the fiscal officer of the City of Pittsburgh, that Pittsburgh and Allegheny have each or both exceeded the legal limit of their bonded indebtedness without a vote of the people; and

Whereas, the records of the controller's office of Pittsburgh show that the City has a borrowing capacity of \$3,208,000 without a vote of the people, based upon the assessed value of taxable property as provided by law, and a statement by the controller's office of the City of Allegheny

shows our sister City to have a borrowing power of over \$1,000,000 based upon a valuation of \$102,000,000; therefore, be it

Resolved, by Select and Common Councils, that the statements of the Mayor and Controller of the City of Pittsburgh are a serious misrepresentation of the financial condition of the City of Pittsburgh and that of the City of Allegheny, which may soon be a part of the greater or consolidated city, and tends to cast discredit upon the standing and reputation of our fair municipality among other cities of the country where the City of Pittsburgh has always found ready investors to purchase its securities at a premium.

Which was read and adopted.

Mr. Wasson moved

That the City Controller be instructed to furnish this Council, at its next regular meeting, Monday evening, March 25th, with an itemized statement of the bonded indebtedness of the City of Pittsburgh, as has been authorized by Councils without a vote of the people; also, an itemized statement of the sinking fund credits pertaining to the above bonded indebtedness.

Which was adopted on motion of Mr. Wasson.

Mr. Klein moved

That the City Controller be instructed to furnish this Council, at its next regular meeting, Monday evening, March 25th, with a written statement as to whether or not, as the fiscal officer of the City of Pittsburgh, he could sell the bonds of the City of Pittsburgh that were recently authorized by Select and Common Councils.

Mr. Klein moved the adoption of the motion.

Which motion prevailed.

Mr. Soffel moved

That the City Solicitor be instructed to furnish this Council, at its next regular meeting, Monday evening, March 25th, with a written legal opinion as to whether or not Councils can further increase the indebtedness of the City of Pittsburgh without a vote of the people.

Which motion was adopted.

Mr. Barton moved

That the Chief City Assessor be instructed to furnish this Council, at its next regular meeting, Monday evening, March 25th, with a statement as to the amount of the assessed value of taxable property in the City of Pittsburgh on the first of the present fiscal year.

Which motion was read and adopted.

Mr. Shenkan moved

That Council do now adjourn.

Which motion did not prevail.

The Chair took up

S. C. Bill No. 48. An Ordinance entitled "An Ordinance authorizing the grading of Commercial street, from Homestead street to Forward avenue."

Which was read

Mr. Soffel moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Brand, President.

Ayes—45.

Noes—None.

And there being three-fourths of the votes of Common Council in the affirmative, the bill passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

Mr. Anderson moved

That Council do now adjourn.

And on a division of the vote, the ayes were 15, and the noes were 29.

So the motion did not prevail.

Mr. Soffel moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

Second.—In answer to your second inquiry, it seems proper to say that in view of the failure of Allegheny County to sell any portion of the recent 4 per cent offering, and of the conditions in Bond and Money Market at present time, the prospect of selling our bonds at par is not bright. The Markets seem to be glutted with short time Railroad notes bearing five and six per cent interest, and in such volume as to absorb about all available investment funds.

The City of Pittsburgh, with high credit, prompt payment of interest and large borrowing capacity may be favored notwithstanding these reasons, but the probabilities are against a sale at this time.

Respectfully submitted.

J. B. LARKIN.

Controller.

No. 792.

Department of Law,  
City of Pittsburgh.

March 23rd, 1907.

To the Honorable, the Common Council  
of the City of Pittsburgh.

Gentlemen:

In am in receipt of your resolution of  
the 21st inst., as follows:

That the City Solicitor be instructed to  
furnish this Council, at its next regular  
meeting, Monday evening, March 25th,  
with a written legal opinion as to whether  
or not Councils can further increase  
the indebtedness of the City of Pitts-  
burgh without a vote of the people.

I am informed by the Controller's Office  
that the debt of the City of Pittsburgh  
heretofore incurred by vote of Councils  
does not amount to 2% upon the valua-  
tion and, therefore, Councils may increase  
the debt up to the 2%—whatever that may  
be.

However, there is a contingency under  
which the borrowing power may be af-  
fected and that is this: The action of  
Councils in determining to increase the  
debt does not increase it in fact. The  
actual increase is when the city issues its  
obligations and receives the proceeds  
thereof, for up to that time nothing has  
been done to bind the city. In case con-  
solidation be effected prior to the sale of  
any present contemplated issue of bonds,  
then I think that the bonded debt incur-  
red by the Councils of both cities must  
be taken into consideration and the bor-  
rowing power will be limited to the differ-  
ence, if any, between the aggregate of  
such debt and 2% upon the total valua-  
tion of both cities.

Respectfully submitted,

W. B. RODGERS,

City Solicitor.

No. 794.

Mayor's Office.

March 16th, 1907.

To the Select and Common Councils  
of the City of Pittsburgh.

Gentlemen:

I have returned herewith without my  
approval, ordinance Common Council No.  
594, entitled "An ordinance authorizing the  
opening of Larimer avenue, from Franks-  
town avenue to Broad street, and the as-  
sessment of damages caused by the grade  
of the same."

The effect of this ordinance is to widen  
to forty feet a twenty foot alley, one hun-  
dred feet long, which extends from Ur-  
sina street at its junction with Broad  
street to Frankstown avenue.

To do this will require the condemnation  
of a piece of property fronting twenty feet  
on Frankstown avenue and running back  
to Ursina street, for which I am inform-  
ed, the owner has been offered \$70,000.00.

As all the property directly affected by  
the improvement already has a frontage  
on Frankstown avenue, it does not appear  
probable that much, if any, of the cost  
of this opening would be assessed there-  
on, consequently, the whole cost would  
probably be assessed upon the City.

On November 28th last I approved an or-  
dinance for the opening of Ursina street  
to Broad street at this point and the pro-  
ceedings are now pending before the  
Viewers, and the damages asked amount  
to \$5850.00.

The Superintendent of the Bureau of  
Surveys reports that, while the proposed  
widening will be a benefit to some of the  
property in the immediate neighborhood,  
he does not see that there is any sufficient  
public advantage to justify the assump-  
tion of this cost by the City, and recom-  
mends that the ordinance be not approved.  
This report is approved by the Director  
of the Department of Public Works. I am

Very respectfully,

GEO. W. GUTHRIE,

#### BUSINESS FROM SELECT COUNCIL.

S. C. No. 458.

Mayor's Office.

March 25th, 1907.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

I return herewith without my approval ordinance Select Council No. 287, entitled "An ordinance increasing the salaries of the Police Magistrates."

When I took office, a little less than one year ago, there was no office to be filled by appointment, more sought after than that of Police Magistrate; and there was no complaint on the part of any of the applicants as to the amount of the salary, and I see no reason therefore, why the salaries should be increased as proposed.

In addition to this, I desire to call your attention to the fact that the appropriation for the salaries of Police Magistrates was based on the old salary, \$2000.00 per year, and that there is no provision for the payment of any larger sum during this fiscal year; consequently, it would be impossible to pay the increased salary.

I would respectfully recommend that pending the question of the consolidation of the two cities, no further increases of salaries be allowed. In case of consolidation increases, if any, should be decided by the consolidated Councils. I am,

Very respectfully yours.

GEO. W. GUTHRIE.

Mayor.

Which was read, received and filed.

S. C. No. 457.

Mayor's Office.

March 25th, 1907.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

I have decided to permit the ordinance S. C. No. 415, entitled "An ordinance authorizing the issue of bonds amounting in the aggregate to three hundred and ninety-six thousand (\$396,000) dollars for the purpose of erection and equipment of engine houses and patrol stations, and the acquisition of land for that purpose; for the erection and equipment of a garage, machine shop and stable in Schenley Park; for the erection and renewal of bridges; for the macadamizing and remacadamizing of streets and avenues, and for the erection of retaining walls," to become a law without my signature.

In my communication to you under date of the 18th inst., I stated "From the statements submitted to me by the City Controller, it appears that the debts of the separate Cities of Pittsburgh and Allegheny, contracted without a vote of the people, is in excess of two per cent of the taxable valuation thereof."

The statement as to the separate indebtedness of the City of Pittsburgh was taken from our own books and was correct; the statement as to the separate indebtedness of the City of Allegheny was, I am informed, furnished to the Assistant Controller of the City by the City Controller of Allegheny.

I had no reason whatever to question the correctness of these statements, and I acted upon them in sending to you the communication to which I have referred. If the statement in regard to this separate indebtedness of Allegheny was cor-

rect, as that in regard to Pittsburgh unquestionably was, then the consolidated City would not have power to contract debt without a vote of the people.

The City Controller of Allegheny has never sent me any correction or denial of the statement concerning the separate debt of Allegheny, furnished by him to the Asst. City Controller, and on which I acted.

On the 23rd inst., however, I was informed that he, on that day had issued another statement which I have not seen but which I am informed is in conflict therewith.

I have not now under my control, any means of ascertaining which of these statements is correct.

In view of these contradictory statements, I have thought it proper to refrain from any affirmative action until I can ascertain which one is correct.

As I approve of most of the purposes for which this bond issue was proposed and would myself have recommended many of them, I have, as already stated, permitted the ordinance to become a law, leaving the question as to the power to create the debt to be decided when action is to be taken under it and full information can be obtained.

In order to prevent future misunderstanding, it is proper for me to call your

attention to the fact that one of the purposes of the proposed bond issue as given in the title of the ordinance, is "For the macadamizing and re-macadamizing of streets and avenues," whereas, in the body of the ordinance it is stated to be "For the macadamizing, re-macadamizing and improving of streets and avenues."

I am advised by the City Solicitor that the use of this money would be strictly limited to "Macadamizing and re-macadamizing of streets and avenues," and that no expenditure for the improvement of streets and avenues beyond that could be sanctioned.

I would also say, that I still think the matter of the repair of the bridges is so urgent, that the provision of the money for that purpose should not be delayed for action under this ordinance. I am,

Very respectfully yours,

GEO. W. GUTHRIE.

Mayor.

Which was read, received and filed.

Mr. Shenkan moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.
